SUPPLEMENTARY INFORMATION:**Background**

On June 10, 2022, Commerce published in the *Federal Register* the antidumping duty (AD) order on raw honey from Argentina.¹ On July 29, 2024, Commerce initiated an administrative review of the *Order* covering 28 companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).² On December 9, 2024, Commerce tolled certain deadlines in this administrative review by 90 days.³ On May 13, 2025, we extended the deadline to issue the preliminary results to September 26, 2025.⁴ On September 24, 2025, we

Scope of the Order

The merchandise covered by the *Order* is raw honey from Argentina. For a complete description of the scope of the *Order*, see the Preliminary Decision Memorandum.

Rescission, in Part, of Administrative Review

Pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review when there are no entries of subject merchandise during the POR for which liquidation is suspended.⁷ Normally, upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rate calculated for the review period.⁸ Therefore, for an administrative review of a company to be conducted, there must be a suspended entry that Commerce can instruct and U.S. Customs and Border Protection (CBP) to liquidate at the AD assessment rate calculated for the POR.⁹

On September 10, 2025, we notified parties of our intent to rescind this administrative review, in part, with respect to the eight companies listed in Appendix II because there were no

suspended entries of subject merchandise produced or exported by these companies during the POR. We invited interested parties to comment.¹⁰ No parties commented on our intent to rescind the review, in part. In the absence of suspended entries of subject merchandise from these companies during the POR, we are rescinding, in part, the administrative review for the eight companies listed in Appendix II, in accordance with 19 CFR 351.213(d)(3).

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1) and (2) of the Act. We calculated constructed export price for both mandatory respondents in accordance with section 772(b) of the Act. We calculated NV in accordance with section 773 of the Act. For a full description of the methodology underlying these preliminary results, see the Preliminary Decision Memorandum.

Rate for Non-Examined Companies

The statute and Commerce’s regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value investigation, for guidance when calculating the weighted-average dumping margin for companies which were not selected for individual examination in an administrative review.

Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any margins determined entirely on the basis of facts available.”

In this review, we calculated weighted-average dumping margin for ACA and NEXCO that are not zero, *de minimis*, or determined entirely on the basis of facts available. Therefore, Commerce assigned a weighted-average dumping margin to the non-examined companies based on a weighted-average using publicly ranged sales data and the weighted average dumping margins

¹⁰ See Memorandum, “Notice of Intent to Rescind Review, In Part,” dated September 11, 2025.

preliminarily calculated for the two mandatory respondents, as listed below.¹¹

Preliminary Results of the Review

We preliminarily determine that the following estimated weighted-average

dumping margins exist for the period of June 1, 2023, through May 31, 2024:

Producer or exporter	Weighted-average dumping margin (percent)
Asociación De Cooperativas Argentinas Cooperativa Limitada	31.52
NEXCO S.A	1.22
Review-Specific Rate for Non-Examined Companies ¹²	4.33

Disclosure

Commerce intends to disclose its calculations and analysis performed for these preliminary results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), we have modified the deadline for interested parties to submit case briefs to Commerce to not later than 21 days after the date of the publication of this notice.¹³ Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than five days after the date for filing case briefs.¹⁴ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue addressed; and (2) a table of authorities.¹⁵

As provided under 19 CFR 351.309(c)(2) and (d)(2), in prior proceedings, we have encouraged interested parties to provide an executive summary of their brief that should be limited to five pages total, including footnotes. In this review, we instead request that interested parties provide, at the beginning of their briefs, a public executive summary for each issue raised in their briefs.¹⁶ Further, we request that interested parties limit their public executive summary of each issue to no more than 450 words, not including citations. We intend to use the public executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the

final results in this administrative review. We request that interested parties include footnotes for relevant citations in the public executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).¹⁷

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Requests should contain: (1) party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations at the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing.¹⁸

Assessment Rates

Upon completion of this administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by this review and for future deposits of estimated antidumping duties.¹⁹ Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a

statutory injunction has expired (*i.e.*, within 90 days of publication).

For an individually examined respondent whose weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent), upon completion of the final results, Commerce intends to calculate importer-specific AD assessment rates on the basis of the ratio of the total amount of dumping calculated for each importer’s examined sales to the total entered value of those sales. Pursuant to 19 CFR 351.212(b)(1), neither ACA nor NEXCO reported actual entered value for all its U.S. sales; in such instances, we calculated importer-specific per-unit duty assessment rates by aggregating the importer’s amount of dumping calculated for the examined sales and dividing this amount by the total quantity of those sales. To consider whether the importer-specific assessment rate is *de minimis* we estimated the enter value for each U.S. sale and calculated an estimated *ad valorem* importer-specific assessment rate as the importer’s aggregated amount of dumping divided by the estimated entry value of those sales. Where either a respondent’s weighted-average dumping margin is zero or *de minimis*, or an importer-specific estimated *ad valorem* assessment rate is zero or *de minimis*, we intend to instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁰

Commerce’s “automatic assessment” practice will apply to entries of subject merchandise during the POR produced by ACA or NEXCO for which it did not know that the merchandise it sold to an intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate those entries at the all-others rate (*i.e.*, 16.92

percent)²¹ if there is no rate for the intermediate company(ies) involved in the transaction.²²

For the companies that were not selected for individual examination, the antidumping duty assessment rate will be equal to the weighted-average dumping margin calculated for each company in the final results of this review.

For the companies listed in Appendix II for which we are rescinding this review, we intend to instruct CBP to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, in accordance with 19 CFR 351.212(c)(1)(i).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) for subject merchandise exported by one of the companies listed above, the cash deposit rate will be equal to the weighted-average dumping margin established for that exporter in the final results of this review, except if the rate is *de minimis* (i.e., less than 0.50 percent), in which case the cash deposit rate will be zero; (2) for an exporter of subject merchandise previously reviewed or investigated companies not covered by this review, the cash deposit rate will continue to be equal to the company-specific rate published for the most recently-completed segment of this proceeding in which they were examined; (3) if the exporter is not a firm covered in this review, a prior review, or the LTFV investigation, but the producer is, the cash deposit rate will be equal to the rate established for the most recently-completed segment of this proceeding for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 16.92 percent, the all-others rate established in the *Amended Final Determination*.²³ These cash deposit requirements, when

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review including the results of its analysis of issues raised in written briefs, no later than 120 days after the date of publication of this notice in the **Federal Register**, pursuant to 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213, and 19 351.221(b)(4).
