## ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2025-1839; FRL-12993-01-OCSP]

### Pesticide Registration Maintenance Fee; Cancellation Order for Certain Pesticide Registrations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), the Environmental Protection Agency (EPA or Agency) is hereby issuing an order for the cancellations of the pesticide product registrations identified in this document. EPA previously announced its receipt of and requested comment on requests to voluntarily cancel the product registrations listed in Table 1 of Unit II. and announced its intent to cancel the product registrations listed in Table 3 of Unit II. With the issuance of this cancellation order, any sale, distribution, or use of products listed in this notice will be permitted after the registrations have been cancelled only if such sale, distribution, or use is consistent with the terms as described in the final order.

**DATES:** These cancellations are effective October 15, 2025.

**ADDRESSES:** The docket for this action, identified by docket identification (ID) number EPA-HQ-OPP-2025-1839, is available through <https://www.regulations.gov>. Additional information about dockets generally, along with instructions for visiting the docket in person, is available at <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Jennifer Drobish, Registration Division

(7505M), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-2642; email address: [drobish.jennifer@epa.gov](mailto:drobish.jennifer@epa.gov).

#### SUPPLEMENTARY INFORMATION:

##### I. Executive Summary

###### A. Does this action apply to me?

This action is directed to the public in general and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

###### B. What is EPA's authority for taking this action?

FIFRA section 6(f)(1) (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be cancelled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**. Thereafter, following the public comment period, the EPA Administrator may approve such a request.

FIFRA section 4(i)(5) (7 U.S.C. 136a-1(i)(5)) requires that all pesticide registrants pay an annual registration maintenance fee, due by January 15 of each year, to keep their registrations in effect. This requirement applies to all registrations granted under FIFRA section 3 (7 U.S.C. 136a) as well as those granted under FIFRA section 24(c) (7 U.S.C. 136v(c)) to meet special local needs. Registrations for which the fee is not paid are subject to cancellation by order and without a hearing. Under FIFRA, the EPA Administrator may reduce or waive maintenance fees for minor agricultural use pesticides when it is determined that the fee would be likely to cause significant impact on the availability of the pesticide for the use.

###### C. What action is the Agency taking?

This cancellation order follows a notice of receipt and opportunity for public comment on the requests from the registrants listed to voluntarily cancel their product registrations. See 90 FR 37491, August 5, 2025 (FRL-12871-01-OCSP). In that document, EPA also provided a notice of intent to cancel certain other product registrations for non-payment of the 2025 pesticide registration maintenance fees. Since registrations for which the fee is not paid are subject to cancellation by order and without a hearing, EPA did not seek public comment for the cancellation of the products listed.

In that document, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of the requests, or unless the registrants withdrew their requests. The Agency received no comments, only a small number of withdrawals/changes by the end of the comment period from companies in Tables 1, 2, 3 and 4. Accordingly, EPA hereby issues this cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

##### II. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations and orders that the product registrations identified in Table 1 of this unit are cancelled. The effective date of the cancellations that are the subject of this order is October 15, 2025. Any distribution, sale, or use of existing stocks of the products identified in Table 1 of this unit in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit IV. will be a violation of FIFRA.

Table 1 of this unit lists the product cancellations, as requested by registrants, in sequence by registration number (or company number and FIFRA section 24(c) number).

### III. Summary of Public Comments Received and Agency Response to Comments

As indicated in Unit I.C., EPA did receive comments in response to the notice of receipt that published in the **Federal Register** of August 5, 2025, including comments from registrants to withdraw their requests to cancel their registrations. Accordingly, EPA has removed those products from Table 3 and the company name and address from Table 4.

### IV. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States, and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

Registrants may continue to sell and distribute existing stocks of these products until January 15, 2026. Thereafter, registrants will be prohibited from selling or distributing the pesticides identified in Tables 1 and 3 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

### DEPARTMENT OF HOMELAND SECURITY

#### Office of the Secretary

#### Determination Pursuant to Section 102 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as Amended

**AGENCY:** Office of the Secretary, Department of Homeland Security.

**ACTION:** Notice of determination.

**SUMMARY:** The Secretary of Homeland Security has determined, pursuant to law, that it is necessary to waive certain laws, regulations, and other legal requirements in order to ensure the expeditious construction of barriers and roads in the vicinity of the international border in the state of Arizona.

**DATES:** This determination takes effect on October 15, 2025.

**SUPPLEMENTARY INFORMATION:** Important mission requirements of the Department of Homeland Security (“DHS”) include border security and the detection and prevention of illegal entry into the United States. Border security is critical to the nation’s national security. Recognizing the critical importance of border security, Congress has mandated DHS to achieve and maintain operational control of the international border. Secure Fence Act of 2006, Public Law 109–367, section 2, 120 Stat. 2638 (Oct. 26, 2006) (8 U.S.C. 1701 note). Congress defined “operational control” as the prevention of all unlawful entries into the United States, including entries by terrorists, other unlawful aliens, instruments of terrorism, narcotics, and other contraband. *Id.* Consistent with that mandate, the President’s Executive Order on Securing Our Borders directs that I take all appropriate action to deploy and construct physical barriers to ensure complete operational control of the southern border of the United States. Executive Order 14165, section 3 (Jan. 20, 2025).

Congress has provided to the Secretary of Homeland Security a number of authorities necessary to carry

out DHS’s border security mission. One of those authorities is found at section 102 of the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as amended (“IIRIRA”). Public Law 104–208, Div. C, 110 Stat. 3009–546, 3009–554 (Sept. 30, 1996) (8 U.S.C. 1103 note), as amended by the REAL ID Act of 2005, Public Law 109–13, Div. B, 119 Stat. 231, 302, 306 (May 11, 2005) (8 U.S.C. 1103 note), as amended by the Secure Fence Act of 2006, Public Law 109–367, section 3, 120 Stat. 2638 (Oct. 26, 2006) (8 U.S.C. 1103 note), as amended by the Department of Homeland Security Appropriations Act, 2008, Public Law 110–161, Div. E, Title V, section 564, 121 Stat. 2090 (Dec. 26, 2007). In section 102(a) of IIRIRA, Congress provided that the Secretary of Homeland Security shall take such actions as may be necessary to install additional physical barriers and roads (including the removal of obstacles to detection of illegal entrants) in the vicinity of the United States border to deter illegal crossings in areas of high illegal entry into the United States. In section 102(b) of IIRIRA, Congress mandated that in carrying out the authority of section 102(a), I provide for the installation of additional fencing, barriers, roads, lighting, cameras, and sensors to achieve and maintain operational control of the border. Finally, in section 102(c) of IIRIRA, Congress granted to the Secretary of Homeland Security the authority to waive all legal requirements that I, in my sole discretion, determine necessary to ensure the expeditious construction of barriers and roads authorized by section 102 of IIRIRA.

#### Determination and Waiver

##### Section 1

The United States Border Patrol Tucson Sector is an area of high illegal entry. Between fiscal year 2021 and July 2025, the United States Border Patrol (“Border Patrol”) apprehended over 1,318,645 illegal aliens attempting to enter the United States between border crossings in the Tucson Sector. In that same time period, Border Patrol seized
