This Notice seeks public comment on whether OMB should approve the paperwork burdens associated with those rules, which will be codified at 47 CFR 64.6140(c) and (d), (e)(2) through (4), and (f)(2) and (4). We are also seeking comment on whether OMB should renew the previously-approved paperwork requirements in this collection. *See* 90 FR 45151 (Sept. 19, 2025).

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before January 16, 2026. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to nicole.ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele, (202) 418–2991.

Responses: 2,400 respondents; 2,400 responses.

Estimated Time per Response: 1–2 hours.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in 5 U.S.C. 552(b)(4), 18 U.S.C. 1905, and 47 U.S.C. 154(i).

Frequency of Response: On occasion reporting requirement; recordkeeping and third party disclosure requirements.

Total Annual Burden: 4,300 hours.

Total Annual Cost: No Cost.

Needs and Uses: On August 4, 1998, the FCC released a Report and Order (R&O), Examination of Current Policy Concerning the Treatment of Confidential Information Submitted to the Commission, CG Docket No. 96–55. The R&O included a Model Protective Order (MPO) that is used, when appropriate, to grant limited access to information that the Commission determines should not be routinely available for public inspection. The party granted access to the confidential information materials must keep a written record of all copies made and provide this record to the submitted of the confidential materials upon request.

This approach was adopted to facilitate the use of confidential materials under an MPO, instead of restricting access to materials. In addition, the FCC amended 47 CFR 0.459(b) to set forth the type of information that should be included when a party submits information to the Commission for which it seeks confidential treatment. This listing of types of information to be submitted was adopted to provide guidance to the public for confidentiality requests.

SUPPLEMENTARY INFORMATION:

Proposal for New Routine Use Pursuant to Executive Order 14243

On March 20, 2025, the President signed Executive Order (E.O.) 14243, Stopping Waste, Fraud, and Abuse by Eliminating Information Silos, which seeks to remove “unnecessary barriers to Federal employees accessing Government data and promoting inter-agency data sharing” to help “eliminat[e] bureaucratic duplication and inefficiency while enhancing the Government’s ability to detect overpayments and fraud.” The E.O. directs agencies to take all necessary steps to “ensure Federal officials designated by the President or Agency Heads . . . have full and prompt access to all unclassified agency records, data,

software systems, and information technology systems . . . for purposes of pursuing Administration priorities related to the identification and elimination of waste, fraud, and abuse. This includes authorizing and facilitating both the intra- and inter-agency sharing and consolidation of unclassified agency records.”

Section 3(b) of E.O. 14243 requires agencies to review their Privacy Act systems of records notices (SORNs) and modify guidance that serves as a barrier to the interagency sharing of unclassified information mandated by the E.O. After conducting a review, the FDIC now proposes to add the following routine use: “To Federal agencies, and to those Federal employees designated by the President or Agency Heads pursuant to Executive Order 14243, for the purposes of identifying and eliminating waste, fraud, and abuse, including the elimination of bureaucratic duplication and inefficiency and the enhancement of the Government’s ability to detect overpayments and fraud.” This notice proposes to modify the “ROUTINE USES” section to add this new routine use to all FDIC SORNs, listed below:

Proposal for New Routine Use Pursuant to Executive Order 14249

On March 25, 2025, the President signed E.O. 14249, Protecting America’s Bank Account Against Fraud, Waste, and Abuse, which recognizes the Treasury Department’s role as the largest financial payment manager of the Federal Government and its responsibility for safeguarding the General Fund. One of the E.O.’s stated objectives is to “enable[e] the Department of the Treasury to more easily conduct improper payment and

fraud prevention screening prior to disbursing funds on behalf of agencies.” The E.O. also mandates that agencies make accessible to the Treasury Department “data necessary for the purposes of detecting and preventing fraud and improper payments, as well as data for payment information verification.” Section 4(d) of E.O. 14249 requires agencies to modify appropriate Privacy Act SORNs to include a routine use that “allows for the disclosure of records to the Department of the Treasury for the purposes of identifying, preventing, or recouping fraud and improper payments, to the extent permissible by law.”

On August 20, 2025, the Office of Management and Budget (OMB) issued guidance to help agencies implement section 4(d) of the E.O. and “to strengthen the Executive Branch’s capacity and flexibility to prevent improper payments while preserving important safeguards under the Privacy Act of 1974.” See OMB Memorandum M–25–32, Preventing Improper Payments and Protecting Privacy Through Do Not Pay. This guidance required agencies to review and identify which of their Privacy Act systems of records maintained information about applicants for or recipients of Federal funds agencies use to make eligibility determinations for payments to beneficiaries, award and loan recipients, vendors, contractors, and other payees, and to determine which of those systems of records should disclose information to the Treasury Department through the Do Not Pay Working System to support the identification, prevention, or recouping of improper payments.

After a review, the FDIC determined the following FDIC systems of records met the criteria outlined in OMB M–25–32 and required the sharing of information with the Treasury Department’s Do Not Pay Working System:

FDIC–30–64–0012, Financial Information Management Records
FDIC–013, Financial Institution Resolution and Receivership Records
FDIC–30–64–0014, Personnel Benefits and Enrollment Records
FDIC–30–64–0015, Personnel Records
FDIC–024, Unclaimed Deposit Account Records
FDIC–30–64–0026, Transit Subsidy Program Records
FDIC–30–64–0027, Parking Program Records

Accordingly, this notice proposes to modify the “ROUTINE USES” section of these SORNs to include a new routine use that reads: “To the U.S. Department

of the Treasury when disclosure of the information is relevant to review payment and award eligibility through the Do Not Pay Working System for the purposes of identifying, preventing, or recouping improper payments to an applicant for, or recipient of, Federal funds, including funds disbursed by a state (meaning a state of the United States, the District of Columbia, a territory or possession of the United States, or a federally recognized Indian tribe) in a state-administered, federally funded program.”

Modification to System of Records Pursuant to E.O. 14168

On January 20, 2025, the President signed E.O. 14168, Defending Women from Gender Ideology Extremism and Restoring Biological Truth to the Federal Government, which establishes the policy of the United States as recognizing two sexes, male and female. It defines various terms such as “sex,” “woman,” and “man,” and mandates their use in Federal policies and documents. E.O. 14168 directs Federal agencies to “use the term ‘sex’ and not ‘gender’ in all applicable Federal policies and documents.” Accordingly, the FDIC is modifying two Privacy Act SORNs that use the term “gender” to substitute the term “sex.” This notice therefore modifies the “CATEGORIES OF RECORDS” section of the following SORNs: FDIC–30–64–0014, Personnel Benefits and Enrollment Records, and FDIC–30–64–0021, Fitness Center Records.

In accordance with 5 U.S.C. 552a(r), the FDIC has provided a report to OMB and to Congress on this notice of modified systems of records.
