Notice of Lodging of Proposed Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On November 4, 2025, the Department of Justice lodged a proposed consent decree with the United States District Court for the Northern District of New York in the lawsuit entitled *U.S. v. Hauler’s Facility LLC, et al.*, Civil No. 5:25–cv–01551.

In that action, the United States sought, pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. 9601, *et seq.*, recovery of response costs regarding the Ley Creek Deferred Media Operable Unit (“Site”) of the Onondaga Lake Superfund Site in Salina and Dewitt, Onondaga County, New York. The proposed consent decree will require 16 settling defendants to make individual payments totaling \$2,170,916. Overview of This Information Collection

1. *Type of information collection:* revision of a previously approved collection.

2. *Title of the form/collection:* Application and Permit to Import Firearms, Ammunition, and Defense Articles.

3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* ATF Form 5330.3B ("Form 6, part II").

Affected public: private sector-for or not for profit institutions.

Abstract: military members use ATF Form 5330.3B ("Form 6, part II") to request approval to import articles described on the application back to the U.S. ATF uses the information on Form 6, part II to determine if the article(s) described on the application qualifies to be imported by the person requesting approval and the form then serves as the authorization for them to import the items.

ATF is modifying information collection (IC) OMB 1140–0006 to revise the title of the form for improved readability. ATF is also revising the form to add attachment sheets, at the request of users, to make the form more aligned with ATF Form 5330.3A ("Form 6, part I"), as well as make it easier for applicants with large numbers of item types to include in their applications. The attachment sheets include ones for defense articles and ammunition. The form instructions are also being updated to include current statute and regulation citations, some terminology changes (such as changing 'articles' to 'firearm(s), ammunition, and defense article(s)'), and contact information updates to provide the most efficient methods of contacting the office. The instructions have also been condensed and reworded for clarity. This revision also includes terminology and grammar updates.

This information collection is also being revised to reflect a decrease in the number of respondents since the last renewal, from 400 down to 312 per year, a decrease of 88. This has also resulted in a decrease in the total hourly burden from 200 to 156 total annual hours.

5. *Obligation to respond:* the obligation to respond is voluntary.

6. *Total estimated number of respondents:* 312 respondents.

7. *Estimated time per respondent:* 30 minutes.

8. *Frequency:* once annually.

9. *Total estimated annual time burden:* 156 total hours.

10. *Total estimated annual other costs burden:* \$0.
