**SUPPLEMENTARY INFORMATION:****Authority for This Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in

Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies the Air Traffic Service (ATS) route structure as necessary to preserve the safe and efficient flow of air traffic within the National Airspace System.

**History**

The FAA published a notice of proposed rulemaking for Docket No. FAA-2025-0372 in the **Federal Register** (90 FR 11140; March 4, 2025), to amend Colored Federal Airway Green 8 (G-8), Jet Route J-115, and United States Area Navigation (RNAV) Route T-227 and establish RNAV Route Q-188 in Alaska. Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. One comment in support of this action was received.

**Incorporation by Reference**

Colored Federal Airways are published in paragraph 6009, Jet Routes are published in paragraph 2004, and United States Area Navigation Routes are published in paragraph 6011 and paragraph 2006 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document amends the current version of that order, FAA Order JO 7400.11K, dated August 4, 2025, and effective September 15, 2025. These amendments will be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11K which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the **ADDRESSES** section of this document.

**The Rule**

This action amends 14 CFR part 71 by modifying Colored Federal Airway Green 8 (G-8), Jet Route J-115, and RNAV Route T-227, and establishing RNAV Route Q-188 in Alaska. The FAA is proposing this action due to the pending decommissioning of the Shemya, AK, NDB.

**G-8:** Prior to this final rule, G-8 extended between the Shemya, AK,

NDB and the Kachemak, AK, NDB. This action revokes the segment of G-8 that extends between the Shemya NDB and the Mount Moffet, AK, NDB. As amended, G-8 would extend between the Mount Moffet NDB and the Kachemak NDB.

**J-115:** Prior to this final rule, J-115 extended between the Shemya, AK, NDB and the Deadhorse, AK, VOR/DME. The action revokes the segment of J-115 that extends between the Shemya NDB and the Mount Moffet, AK, NDB. As amended, J-115 extends between the Mount Moffet, AK, NDB and the Deadhorse VOR/DME.

**T-227:** Prior to this final rule, T-227 extended between the Shemya, AK, VOR/Tactical Air Navigation (VORTAC) and the Deadhorse, AK, VOR/DME. This action amends RNAV Route T-227 by adding the DEJJE, AK, WP to the route. As amended, T-227 extends between the Shemya VORTAC and the Deadhorse VOR/DME.

**Q-188:** This action establishes RNAV Route Q-188. As established, Q-188 extends between the Shemya, AK, VORTAC and the Mount Moffet, AK, NDB.

**Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

**Environmental Review**

The FAA has determined that this action amendment of Colored Federal Airway Green 8, Jet Route J-115, RNAV Route T-227 and establishment of RNAV Route Q-188 qualifies for categorical exclusion under the National Environmental Policy Act (42 U.S.C. 4321, *et seq.*) and in accordance with FAA Order 1050.1G, *FAA National Environmental Policy Act Implementing Procedures*, paragraph B-2.5(a) which categorically excludes from further environmental impact review rulemaking actions that designate or

modify classes of airspace areas, airways, routes, and reporting points (see 14 CFR part 71, Designation of Class A, B, C, D, and E Airspace Areas; Air Traffic Service Routes; and Reporting Points); and paragraph B-2.5(k), which categorically excludes from further environmental impact review the publication of existing air traffic control procedures that do not essentially change existing tracks, create new tracks, change altitude, or change concentration of aircraft on these tracks. As such, this action is not expected to result in any potentially significant environmental impacts. The FAA has determined that no extraordinary circumstances exist that warrant preparation of an environmental assessment or environmental impact study.
