

DATES: Only written comments and/or applications for a license which are received by the National Cancer Institute's Technology Transfer Center on or before December 4, 2025 will be considered.

ADDRESSES: Requests for copies of the patent application, inquiries, and comments relating to the contemplated an Exclusive Patent License should be directed to: Todd Testerman, Ph.D., Technology Transfer Manager, NCI Technology Transfer Center, Telephone: 240-620-0822; Email: todd.testerman@nih.gov.

SUPPLEMENTARY INFORMATION:

Intellectual Property

1. US Provisional Patent Application No. 61/845,055 filed July 11, 2013, and entitled "Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-US-01];

2. International PCT Application No. PCT/US2014/046294 filed July 11, 2014, and entitled "Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-PCT-02];

3. US Patent No. 10,393,745 issued 8/27/2019, and entitled "Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-US-04];

4. US Patent No. 11,555,818 issued 1/17/2023, and entitled "Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-US-05];

5. Europe Patent No. 3019871 issued 10/16/2019, and entitled Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-EP-03];

6. German Patent No. 3019871 issued 10/16/2019, and entitled "Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-DE-06];

7. French Patent No. 3019871 issued 10/16/2019, and entitled "Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-FR-07]; and

8. United Kingdom Patent No. 3019871 issued 10/16/2019, and entitled "Method for the Diagnosis And Prognosis of Cancer" [HHS Reference No. E-121-2013-0-GB-08].

The patent rights in these inventions have been assigned to the Government of the United States of America.

The prospective exclusive license territory may be worldwide where patent rights exist and the field of use may be limited to the following: "Use of the Patent Rights to develop, manufacture and commercialize a Food and Drug Administration (FDA)

Premarket Approval (PMA)—creatine riboside, metabolite 561+, cortisol sulfate, and N-acetylneuraminic acid metabolite-based prognostic, diagnostic/companion diagnostic, and general screening tests for cancers of the lung/thoracic, breast, colorectal, kidney/bladder, prostate, liver, stomach, pancreatic, GYN (ovary, uterine, cervix) and brain from urine samples." After a negotiated period of time, the exclusive field of use will be reduced to a subset of three cancer indications with strict developmental benchmarks for each indication.

The subject technology is a unique, non-invasive screening tool and diagnostic that can detect cancers, including lung cancer, at an early stage utilizing liquid chromatography-mass spectrometry for the detection of four biomarkers—creatine riboside, metabolite 561+, cortisol sulfate, and N-acetylneuraminic acid—from human clinical samples, particularly urine samples. Urine samples minimize patient discomfort, unlike current early detection methods that are invasive, such as blood or tissue biopsy or bronchoscopy, and can be performed easily during a routine exam.

This Notice is made in accordance with 35 U.S.C. 209 and 37 CFR part 404. The prospective exclusive license will be royalty bearing, and the prospective exclusive license may be granted unless within fifteen (15) days from the date of this published notice, the National Cancer Institute receives written evidence and argument that establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR part 404.

Complete applications for a license that are timely filed in response to this notice will be treated as objections to the grant of the contemplated exclusive patent license. In response to this Notice, the public may file comments or objections. Comments and objections, other than those in the form of a license application, will not be treated confidentially, and may be made publicly available.

License applications submitted in response to this Notice will be presumed to contain business confidential information and any release of information in these license applications will be made only as required and upon a request under the Freedom of Information Act, 5 U.S.C. 552.

Dated: November 17, 2025.

Richard U. Rodriguez,

Associate Director, Technology Transfer Center, National Cancer Institute.

National Institutes of Health

National Institute on Aging; Notice of Meeting

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of a meeting of the National Advisory Council on Aging.

The meeting will be open to the public as indicated below, with attendance limited to space available. Individuals who plan to attend and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the Contact Person listed below in advance of the meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Advisory Council on Aging.

Date: January 28–29, 2026.

Closed: January 28, 2026, 3:00 p.m. to 5:00 p.m.

Agenda: To review and evaluate grant applications.

Address: Natcher Building, Building 45, 45 Center Drive, Bethesda, MD 20892 (In Person and Virtual Meeting).

Open: January 28, 2026, 10:00 a.m. to 2:00 p.m.

Agenda: Call to order and report from the Director; Discussion of future meeting dates; Consideration of minutes of last meeting; Reports from Task Force on Minority Aging Research, Working Group on Program; Council Speaker; Program Highlights.

Address: Natcher Building, Building 45, 45 Center Drive, Bethesda, MD 20892 (In Person and Virtual Meeting).

Closed: January 29, 2026, 2:00 p.m. to 2:30 p.m.

Agenda: To review and evaluate the Intramural Research Program.

Address: Natcher Building, Building 45, 45 Center Drive, Bethesda, MD 20892 (In Person and Virtual Meeting).

Contact Person: Kenneth Santora, Ph.D., Director, Office of Extramural Activities, National Institute on Aging, National Institutes of Health, Gateway Building, 7201 Wisconsin Avenue, Bethesda, MD 20814, (301) 496-9322, ksantora@nih.gov.

In the interest of security, NIH has procedures at <https://security.nih.gov/visitors/Pages/visitor-campus-access.aspx> for entrance into on-campus and off-campus facilities. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors attending a meeting on campus or at an off-campus federal facility will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

Information is also available on the Institute's/Center's home page: www.nia.nih.gov/about/naca, where an agenda and any additional information for the meeting will be posted when available. (Catalogue of Federal Domestic Assistance Program Nos. 93.866, Aging Research, National Institutes of Health, HHS)

Margaret Vardanian,
Program Analyst, Office of Federal Advisory Committee Policy.

BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

United States Coast Guard

[Docket No USCG-2025-0242]

Recertification of Cook Inlet Regional Citizens' Advisory Council

AGENCY: Coast Guard, DHS.

ACTION: Notice of recertification.

SUMMARY: The Coast Guard announces the recertification of the Cook Inlet Regional Citizens' Advisory Council (CIRCAC) as an alternative voluntary advisory group for Cook Inlet, Alaska. On June 13, 2025, CIRCAC requested an annual recertification in accordance with the 2002 revised recertification procedures. Based on the submitted recertification application, there have been no substantive changes to the information provided at the last triennial recertification.

DATES: This recertification is effective for the period from September 1, 2025, through August 31, 2026.

FOR FURTHER INFORMATION CONTACT: For information about this document, call or email LT Case Kuikhoven, United States Coast Guard Arctic District, by phone at (907) 463-2809 or email at case.a.kuikhoven@uscg.mil.

SUPPLEMENTARY INFORMATION:

Background and Purpose

On December 31, 1992, the Coast Guard published Guidelines for Recertification of Alternative Voluntary Groups In Lieu of a Council (57 FR 62600) to assist groups seeking recertification under the Oil Terminal and Oil Tanker Environmental Oversight and Monitoring Act of 1990 (33 U.S.C. 2732) (the OPA 90 Act). On July 7, 1993, the Coast Guard published a notice (58 FR 36504) identifying the factors that the Coast Guard would consider in making its determination as to whether advisory groups should be certified in accordance with the OPA 90 Act, and the procedures which the Coast Guard would follow in meeting its recertification responsibilities under the OPA 90 Act. On September 16, 2002, the Coast Guard published revised recertification procedure for alternative voluntary advisory groups established in lieu of councils (67 FR 58440). According to the revised procedures, an applicant alternative group requesting recertification is required to provide the Coast Guard with a comprehensive application once every 3 years (triennially). For each of the two years between the triennial application procedures, the applicant utilizes a streamlined process and submits a recertification application describing any substantive changes to the information provided at the previous triennial recertification. Public comment is only solicited during the triennial comprehensive review. 2025 is the year for the streamlined process.

Since the last triennial recertification application submitted by CIRCAC on June 20, 2023 (88 FR 39857), there have been no substantive changes to the CIRCAC's plans and activities and CIRCAC can be recertified based on the information previously presented to the Coast Guard. We published the last recertification announcement on August 31, 2023 (88 FR 60221).

Recertification

By letter to CIRCAC dated September 1, 2025, the Commander, Coast Guard Arctic District, recertified that the CIRCAC qualifies as an alternative voluntary advisory group under 33 U.S.C. 2732(o). This recertification terminates on August 31, 2026.

R.R. Little,

Rear Admiral, U.S. Coast Guard, Commander, United States Coast Guard Arctic District.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG-2025-0300]

National Commercial Fishing Vessel Safety Advisory Committee; Vacancies

AGENCY: U.S. Coast Guard, Department of Homeland Security.

ACTION: Notice; request for applications.

SUMMARY: The U. S. Coast Guard is resoliciting applications from persons interested in membership on the National Commercial Fishing Safety Advisory Committee (Committee). On June 17, 2025, the Coast Guard published in the **Federal Register** (90 FR 25621, Docket No. USCG-2025-0148) an announcement that we were soliciting applications for membership on the Committee. We did not receive a sufficient number of applications overall, nor did we receive any applications for three (3) vacancies for representatives of the commercial fishing industry and one (1) vacancy for a representative of the manufacturers of equipment of vessels for which Chapter 45 of Title 46 of the United States Code applies. Therefore, we are resoliciting for applications for all eighteen (18) vacancies. We particularly encourage applications from representatives of the commercial fishing industry and equipment manufacturers.

DATES: Complete applications should reach the U.S. Coast Guard on or before January 5, 2026.

ADDRESSES: Applications must include: (a) a cover letter that expresses the applicant's interest in an appointment to the Committee and detailing the applicants qualifications to serve as a Special Government Employee representing the general public, and/or as a representative in one or more of the 18 other membership positions, (b) a resume detailing the applicant's relevant experience for the position applied for, and (c) a brief 2-3 paragraph biography written in third person. Applications should be submitted via email with subject line "NCFVAC Vacancy Application" to CGCVC3@uscg.mil.

FOR FURTHER INFORMATION CONTACT: Mr. Jonathan Wendland, Alternate Designated Federal Officer of the National Commercial Fishing Safety Advisory Committee; telephone 202-372-1245; or email at CGCVC3@uscg.mil.

SUPPLEMENTARY INFORMATION: The National Commercial Fishing Safety Advisory Committee is a Federal
