8. *Frequency:* once annually.

9. *Total estimated annual time burden:* 149,848 total hours.

10. *Total estimated annual other costs burden:* 0.

Revisions to This Information Collection

Information Collection (IC) OMB 1140–0107 is being revised to reflect an increase in the number of applicant responsible persons per year, rising from 115,829 applicants during the last renewal to 749,242, an increase of 633,413 responsible persons. However, there has been a decrease in the time burden due to changes in technology allowing electronic forms, reducing the number of respondents who must provide fingerprints and reducing the number of copies, allowing electronic fingerprints on-site, reducing respondents who must provide photographs, and substituting photocopied identification cards instead, all submitted electronically. As a result, there has been a corresponding decrease in the burden hours per respondent, from .5 hours to .2 hours each. These combined changes have resulted in resulting in an increase in total annual burden hours from 57,915 to 149,848 (an increase of 91,933 hours).

In addition, the Department is making the following changes to Form 5320.23 in anticipation of upcoming regulatory changes, and to make the form easier to read, correct minor errors, and adjust for updated technology:

- revising the title to be shorter
- removing the photo box on the form and revising the instructions to reflect anticipated regulatory change to who must submit fingerprints or photographs and to shift from a
