

penalty is computed as the number of excess tons of SO<sub>2</sub> or NO<sub>x</sub> emitted times a per-ton penalty amount of \$2,000 times an annual adjustment factor, which must be published in the **Federal Register**.

The annual adjustment factor used to compute excess emissions penalties for compliance year 2025 is 2.5265, resulting in an automatic penalty amount of \$5,053 per excess ton of SO<sub>2</sub> or NO<sub>x</sub> emitted in 2025. In accordance with 40 CFR 77.6(b) and 72.2, this annual adjustment factor is determined from values of the Consumer Price Index for All Urban Consumers (CPI-U) for August 1989 and August 2024.

The annual adjustment factor used to compute excess emissions penalties for compliance year 2026 is 2.6001 resulting in an automatic penalty amount of \$5,200 per excess ton of SO<sub>2</sub> or NO<sub>x</sub> emitted in 2025. This annual adjustment factor is determined from values of the CPI-U for August 1989 and August 2025.

### Clean Air Act Tribal Minor New Source Review Permit Issued to Agua Caliente Tribal Corporation, for the Agua Caliente Fuel Rancho Mirage

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of final action.

**SUMMARY:** This document announces that the U.S. Environmental Protection Agency, Region 9 (EPA) made a final decision to issue, in accordance with the Clean Air Act (CAA), a Tribal Minor New Source Review (NSR) permit to Agua Caliente Tribal Corporation for the Agua Caliente Fuel Rancho Mirage under the CAA's Tribal Minor NSR Program. This permit authorizes the modification and operation of a gasoline dispensing facility.

**DATES:** The EPA's final decision for the Agua Caliente Fuel Rancho Mirage was issued and became effective on July 31, 2025. Pursuant to section 307(b)(1) of the Clean Air Act, judicial review of this final agency decision, to the extent it is available, may be sought by filing a petition for review in the United States

Court of Appeals for the Ninth Circuit by January 20, 2026.

**ADDRESSES:** The EPA established a docket for this action under Docket ID No. EPA–R09–OAR–2024–0455. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the docket index, some information is not publicly available, e.g., Confidential Business Information (CBI) or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available through <https://www.regulations.gov>. Please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section for additional information about accessing docket materials for this action.

**FOR FURTHER INFORMATION CONTACT:** Po-Chieh Ting, EPA Region 9, (415) 972–3191, [ting.pochieh@epa.gov](mailto:ting.pochieh@epa.gov). The EPA's final permit decision, the Technical Support Document for this action, and all other supporting information are available through <https://www.regulations.gov> under Docket ID No. EPA–R09–OAR–2024–0455.

## SUPPLEMENTARY INFORMATION:

### Notice of Final Action

On July 31, 2025, the EPA issued a final decision to issue a permit, Permit No. C–2025–5, to Agua Caliente Tribal Corporation, an instrumentality of the Agua Caliente Band of Cahuilla Indians. This permit pertains to the modification and operation of the Agua Caliente Fuel Rancho Mirage (“Source”), a gasoline dispensing facility with a convenience store, located on Agua Caliente Indian Reservation, in Rancho Mirage, California. The EPA issued the permit pursuant to the provisions of Clean Air Act sections 110(a) and 301(d) and the EPA's Tribal Minor NSR Program at 40 CFR 49.151–49.164. The EPA based its decision on its determination that the Source met the applicability criteria and submitted all required content in the permit application under the EPA's Tribal Minor NSR Program. Notice of the final decision was served on August 4, 2025, pursuant to 40 CFR 49.159(a). In accordance with 40 CFR 49.159(d)(1), permit decisions may be appealed under the permit appeal procedures of 40 CFR 124.19. In accordance with 40 CFR 124.19, within 30 days after service of notice of the final permit decision, any person who filed comments on the draft permit or participated in a public hearing on the draft permit may file a petition to the EPA's Environmental

Appeal Board (EAB) for review. Additionally, any person who failed to file comments or failed to participate in the public hearing on the draft permit may petition the EAB for administrative review of any permit conditions set forth in the final permit decision, but only to the extent that those final permit conditions reflect changes from the proposed draft permit. The EPA did not receive any comment filed on the draft permit or hold, or receive a request for, a public hearing on the draft permit. In the EPA's permit issued in its final permit decision, the EPA did not change the final permit conditions from those of the proposed draft permit. The EAB did not receive a petition to review any condition in the permit decision under 40 CFR 124.19. Therefore, pursuant to 40 CFR 49.159(a), this permit became effective on July 31, 2025.

Dated: October 24, 2025.

### Pesticides; Notice of Receipt of Requests To Voluntarily Cancel Certain Pesticide Registrations and/or Amend Registrations To Terminate Certain Uses With a 30-Day Comment Period (September 2025)

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** This document announces the Agency's receipt of and solicits comment on requests by registrants to voluntarily cancel their pesticide registration of certain products and/or to amend their product registrations to terminate one or more uses. In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA provides a periodic notice of receipt addressing requests received by EPA since the last notice of receipt was issued and uses the month and year in the title to help distinguish one document from the other. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments during the comment period that would merit further review of the requests, or the request is withdrawn by the registrant. If these requests are

granted, EPA will issue an order in the **Federal Register** cancelling the listed product registrations, after which any sale, distribution, or use of the products listed in this document will only be permitted after the registrations have been cancelled if such sale, distribution, or use is consistent with the terms as described in the final order.

**DATES:** Comments and withdrawal requests must be received on or before December 22, 2025.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2025-0029, online at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

**FOR FURTHER INFORMATION CONTACT:** Christopher Green, Registration Division (7505M), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 566-2707; email address: [green.christopher@epa.gov](mailto:green.christopher@epa.gov).

#### SUPPLEMENTARY INFORMATION:

#### I. Executive Summary

##### A. Does this action apply to me?

This action is directed to the public and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members

of the public interested in the sale, distribution, or use of pesticides.

##### B. What action is the Agency taking?

This document announces receipt by EPA of requests from registrants to voluntarily cancel their pesticide registration and/or amend their product registrations to terminate one or more uses of the products listed in Unit II, that are currently registered under FIFRA section 3 (7 U.S.C. 136a) or section 24(c) (7 U.S.C. 136v(c)). Unless the Agency determines that there are substantive comments that warrant further review of the requests or the registrants withdraw their requests, EPA intends to issue an order in the **Federal Register** canceling and/or amending the affected registrations.

##### C. What is EPA's authority for taking this action?

FIFRA section 6(f)(1) (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled. Before acting on a request for voluntary cancellation, EPA must provide at least a 30-day public comment period on the request. FIFRA further provides that, before acting on a request for voluntary cancellation or termination of any minor agricultural use, EPA must provide a 180-day comment period unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants in Table 3 of Unit II, have requested that EPA waive the 180-day comment period. Accordingly, this document provides a 30-day comment period on these requests.

##### D. What should I consider as I prepare my comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through email or <https://www.regulations.gov>. If you wish to include CBI in your comment, please follow the applicable instructions at <https://www.epa.gov/dockets/commenting-epa-dockets#rules> and clearly mark the information that you claim to be CBI. In addition to one complete version of the comment that includes CBI, a copy of the comment without CBI must be submitted for inclusion in the public docket. Information marked as CBI will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for preparing your comments.** When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/dockets/commenting-epa-dockets>.

##### E. How can a registrant withdraw their request for voluntary cancellation?

Registrants who choose to withdraw their request for voluntary cancellation should submit a withdrawal request in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

#### II. Requests To Voluntarily Cancel and/or Amend Certain Registrations

The registrations with pending voluntary requests for cancellation are listed in sequence by registration number (or company number and 24(c) number) in Table 1 of this unit.

TABLE 1—REGISTRATIONS WITH PENDING VOLUNTARY REQUESTS FOR CANCELLATION

Registration No.	Company No.	Product name	Active ingredient
100-1177 .....	100	Dynasty CST .....	Azoxystrobin (128810/131860-33-8)—(6.64%), Fludioxonil (071503/131341-86-1)—(1.11%), Metalaxyl-M (113502/70630-17-0)—(3.32%).
9374-8 .....	9374	Ragland Fly Block with Rabon (R) Oral Larvicide ....	Gardona (cis-isomer) (083702/22248-79-9)—(.3%).
9779-1011 .....	9779	Spray Oil 470 .....	Mineral oil—includes paraffin oil from 063503 (063502/8012-95-1)—(98.5%).
62719-435 .....	62719	RH-144228 Fungicide .....	Myclobutanil (128857/88671-89-0)—(.5%), Sulfur (077501/7704-34-9)—(96.75%).
73748-1 .....	73748	Aqua-Kontrol Concentrate .....	Permethrin (109701/52645-53-1)—(20%), Piperonyl butoxide (067501/51-03-6)—(20%).
73748-10 .....	73748	Kontrol Mosquito Larvicide .....	Aliphatic petroleum solvent (063503/64742-89-8)— (98%).
83222-10 .....	83222	Dormant & Summer Spray Oil .....	Mineral oil—includes paraffin oil from 063503 (063502/8012-95-1)—(98%).
92428-1 .....	92428	Huihuang Tebuconazole Technical .....	Tebuconazole (128997/107534-96-3)—(98.9%).
102474-2 .....	102474	Zhonghui Trifloxystrobin Technical .....	Trifloxystrobin (129112/141517-21-7)—(98.5%).
MN-210002 .....	60063	Echo 720 .....	Chlorothalonil (081901/1897-45-6)—(54%).
MN-210003 .....	60063	Echo ZN .....	Chlorothalonil (081901/1897-45-6)—(38.5%).
MN-210004 .....	60063	Echo 90DF .....	Chlorothalonil (081901/1897-45-6)—(90%).

TABLE 1—REGISTRATIONS WITH PENDING VOLUNTARY REQUESTS FOR CANCELLATION—Continued

Registration No.	Company No.	Product name	Active ingredient
MS-140005 .....	87290	Willowood Clomazone 3ME .....	Clomazone (125401/81777-89-1)—(31.1%).

### III. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States, and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. In any order issued in response to these requests, EPA anticipates including the following provisions for the treatment of any existing stocks of the products listed in Unit II:

For voluntary cancellations of the registrations listed in Table 1 of Unit II, registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

For the products identified in Table 1A of Unit II, the registrants have requested 18-months after the date of publication of the cancellation order in the **Federal Register** to sell existing stocks. Thereafter, the registrants will be prohibited from selling or distributing the products identified in Table 1A of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Once EPA has approved labels for the products listed in Table 2 of Unit II, (amended to reflect the requested amendments to terminate uses), registrants will be permitted to sell or distribute products under the previously approved labeling for a period of 18 months after the date of publication of the cancellation order in the **Federal Register**, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the terminated uses identified in Table 2 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Persons other than the registrant will generally be allowed to sell, distribute, or use existing stocks of the canceled products and/or products whose labels

include the terminated uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products and/or terminated uses.

*Authority:* 7 U.S.C. 136 *et seq.*

### ENVIRONMENTAL PROTECTION AGENCY

[EPA–HQ–OAR–2021–0669; FRL–9116–07–OAR]

#### Phasedown of Hydrofluorocarbons: Notice of 2026 Allowance Allocations for Production and Consumption of Regulated Substances Under the American Innovation and Manufacturing Act of 2020, and Notice of Final Actions Establishing Administrative Consequences

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Environmental Protection Agency (EPA) has issued calendar year 2026 allowances for the production and consumption of hydrofluorocarbons in accordance with the Agency's regulations. This issuance of allowances is undertaken pursuant to the American Innovation and Manufacturing (AIM) Act, which directs EPA by October 1 of each calendar year to determine the quantity of production and consumption allowances for the following calendar year. In this notice, EPA is also providing notice of separate Agency actions taken to establish administrative consequences for specific entities. These previously finalized actions withheld, retired, or revoked the identified entities' newly issued calendar year 2026 allowances in accordance with the administrative consequence regulatory provisions.

**FOR FURTHER INFORMATION CONTACT:** Connor Henderson, U.S. Environmental Protection Agency, Stratospheric Protection Division, telephone number:

202–564–2177; email address:

[henderson.connor@epa.gov](mailto:henderson.connor@epa.gov). You may also visit EPA's website at <https://www.epa.gov/climate-hfcs-reduction> for further information.

#### SUPPLEMENTARY INFORMATION:

Subsection (e)(2)(D)(i) of the American Innovation and Manufacturing Act of 2020 (AIM Act) directs the Environmental Protection Agency (EPA) to determine, by October 1 of each calendar year, the quantity of allowances for the production and consumption of regulated substances that may be used for the following calendar year. EPA has codified the production and consumption baselines and phasedown schedules for regulated substances in 40 CFR 84.7. Under the phasedown schedule, for 2026, total production allowances may not exceed 229,521,263 metric tons of exchange value equivalent (MTEVe) and total consumption allowances may not exceed 181,522,990 MTEVe.

EPA regulations at 40 CFR part 84, subpart A, outline the process by which the Agency determines the number of allowances each entity is allocated. EPA allocated allowances consistent with the regulatory requirements and has posted entity-specific allowance allocations on its website. An allowance allocated under the AIM Act does not constitute a property right and is a limited authorization for the production or consumption of a regulated substance. EPA also tracks information on how those allowances are used. Reported information for calendar year 2024 HFC activity, including how many allowances were used and total U.S. production and consumption of HFCs in 2024, can be found on EPA's website in its HFC Data Hub. Both allowance allocations and the HFC Data Hub can be found by visiting <https://www.epa.gov/climate-hfcs-reduction>.

Note that while allowances may be transferred or conferred once they are allocated, they can only be expended to cover imports and production in the calendar year for which they are allocated. In other words, calendar year 2026 allowances may only be expended for production and import of bulk HFCs between January 1, 2026, and December 31, 2026.
