

Commission's regulations,¹ we hereby notify Vermont DEC of the following dates.

Date of Receipt of the Certification Request: November 5, 2025.

Reasonable Period of Time to Act on the Certification Request: One year, November 5, 2026.

If Vermont DEC fails or refuses to act on the water quality certification request on or before the above date, then the certifying authority is deemed waived pursuant to section 401(a)(1) of the Clean Water Act, 33 U.S.C. 1341(a)(1).

Dated: November 17, 2025.

Debbie-Anne A. Reese,
Secretary.

[Project No. 1256–089]

Loup River Public Power District; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission or FERC) regulations, 18 CFR part 380, Commission staff reviewed Loup River Public Power District's application for a non-capacity amendment of license for the Loup River Hydroelectric Project No. 1256 and have prepared an Environmental Assessment (EA) for the project.¹ The licensee proposes to amend Articles 404 and 405 and one of the terms and conditions of the U.S. Fish and Wildlife Service's (FWS) Biological Opinion (BO), referred to as RPM1–TC1a, to provide for flows in the power canal during low flow events as well as greater operating flexibility under Article 405. The Loup River Project is located on the Loup and Platte Rivers, in Nance and Platte counties, Nebraska. The project does not occupy federal lands.

The EA contains Commission staff's analysis of the potential environmental effects of the proposed non-capacity amendment (proposed action), alternatives to the proposed action, and concludes that the proposed action, with staff-recommended measures, would not constitute a major federal

action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P–1256) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

All comments must be filed by December 17, 2025, by 5:00 p.m. Eastern Time.

The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. For assistance, please contact FERC Online Support. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P–1256–089.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

For further information, contact Diana Shannon at 202–502–6136 or diana.shannon@ferc.gov.

Dated: November 17, 2025.

Debbie-Anne A. Reese,
Secretary.

[Docket No. CP19–118–001]

Trans-Foreland Pipeline Company, LLC; Notice of Request for Extension of Time

Take notice that on November 12, 2025, Trans-Foreland Pipeline Company, LLC (Trans-Foreland) requested that the Commission grant an extension of time, until December 17, 2028, to construct and place into service its Kenai LNG Cool Down Project (Project) located in Nikiski, Kenai Peninsula Borough, Alaska as authorized in the Order Granting Authorization Under Section 3 of the Natural Gas Act (Order).¹ The Order required Trans-Foreland to complete construction of the Project and make it available for service within two years of the date of the Order, or by December 17, 2022. On August 16, 2022, the Commission granted Trans-Foreland an extension of time, until December 17, 2025, to complete construction of its Project and make it available for service.

Trans-Foreland asserts that natural gas demand is projected to exceed supply in southcentral Alaska beginning 2027. Trans-Foreland states that its new owner, Harvest Alaska, LLC, has continued commercial development of Trans-Foreland's liquefied natural gas terminal and its import capabilities. Subsequently, Trans-Foreland is in the process of amending the Project to address the forecasted natural gas needs of southcentral Alaska as detailed in Docket No. PF25–9–000.

This notice establishes a 15-calendar day intervention and comment period deadline. Any person wishing to comment on Trans-Foreland's request for an extension of time may do so. No reply comments or answers will be considered. If you wish to obtain legal status by becoming a party to the proceedings for this request, you should, on or before the comment date stated below, file a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (NGA) (18 CFR 157.10).

As a matter of practice, the Commission itself generally acts on requests for extensions of time to complete construction for NGA facilities when such requests are contested before order issuance. For those extension

¹ 18 CFR 4.34(b)(5)(iii).
