[FR Doc. 2025–20492 Filed 11–19–25; 8:45 am]

BILLING CODE 6560–50–P

**ENVIRONMENTAL PROTECTION AGENCY****40 CFR Part 52****[EPA–R04–OAR–2024–0558; FRL–12961–02–R4]****Air Plan Approval; South Carolina; Charlotte-Gastonia-Rock Hill Area Maintenance Plan for the 2008 8-Hour Ozone NAAQS****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is finalizing approval of a state implementation plan (SIP) revision submitted by the State of South Carolina, through the South Carolina Department of Environmental Services (SCDES, formerly the “South Carolina Department of Health and Environmental Control”), on September 26, 2023. The SIP revision includes the State’s plan for maintaining the 2008 ozone National Ambient Air Quality Standard (NAAQS) through 2036 for the South Carolina portion of the bi-state Charlotte-Rock Hill, North Carolina-South Carolina 2008 8-hour ozone

nonattainment area (the entire area is hereinafter referred to as the “bi-State Charlotte Area” and the South Carolina portion is hereinafter referred to as the “York County Area”). EPA is approving and incorporating this maintenance plan, including the 2018 and 2036 motor vehicle emission budgets (budgets) for nitrogen oxides (NO<sub>x</sub>) and volatile organic compounds (VOC) for the York County Area, into the SIP. EPA is finalizing approval because the York County Area maintenance plan provides for the maintenance of the 2008 8-hour ozone NAAQS within the Area through the end of the second 10-year portion of the maintenance period. Additionally, EPA finds the 2018 and 2036 budgets

for the York County Area adequate for the purposes of transportation conformity.

**DATES:** This rule is effective December 22, 2025.

**ADDRESSES:** EPA has established a docket for this action under Docket Identification No. EPA–R04–OAR–2024–0558. All documents in the docket are listed on the *regulations.gov* website. Although listed in the index, some information may not be publicly available, *i.e.*, Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through *www.regulations.gov* or in hard copy at the Air Regulatory Management Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. EPA requests that if at all possible, you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Nelsha Athauda, Multi Air Pollutant Coordination Section, Air Planning and Implementation Branch, Air and Radiation Division, U.S. Environmental Protection Agency, Region 4, 61 Forsyth Street SW, Atlanta, Georgia 30303–8960. The telephone number is (404) 562–9360. Ms. Athauda can also be reached via electronic mail at *Athauda.Nelsha@epa.gov*.

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Background**

In accordance with the Clean Air Act (CAA), EPA is approving the York County Area maintenance plan for the 2008 8-hour ozone NAAQS, adopted by SCDES on September 26, 2023, and submitted by SCDES as a revision to the South Carolina SIP on September 26, 2023. This maintenance plan provides for maintenance of the 2008 8-hour ozone NAAQS through the end of the second 10-year portion of the maintenance period. On May 21, 2012, the bi-state Charlotte Area was designated marginal nonattainment for the 2008 8-hour ozone NAAQS, effective July 20, 2012. *See* 77 FR 30088 (May 21, 2012). EPA approved the York County maintenance plan for the first 10-year period and the State's requests

to redesignate the York County Area to attainment for the 2008 8-hour ozone NAAQS, effective January 11, 2016. *See* 80 FR 76865 (December 11, 2015).

In a notice of proposed rulemaking (NPRM) published on September 5, 2025 (90 FR 42878), EPA proposed to approve the maintenance plan, including the 2018 and 2036 budgets for NO<sub>x</sub> and VOC for the York County Area because EPA believes that the Area will maintain the 2008 8-hour ozone NAAQS with the emissions at the levels of the budgets. The details of South Carolina's submission, as well as the rationale for EPA's action, are explained in the September 5, 2025, NPRM. Comments on the September 5, 2025, NPRM were due on or before October 6, 2025. No comments were received on the September 5, 2025, NPRM.

##### **II. Final Action**

EPA is approving the second maintenance plan for the 2008 8-hour ozone NAAQS for the South Carolina portion of the bi-state Charlotte Area, including the NO<sub>x</sub> and VOC budgets for 2018 and 2036 (to replace the previous NO<sub>x</sub> and VOC budgets for 2014 and 2026 from the first 10-year maintenance plan), into the South Carolina SIP under CAA section 175A. The maintenance plan meets all applicable requirements for maintenance plans and related contingency provisions in CAA section 175A, including a demonstration that the bi-state Charlotte Area will continue to maintain the 2008 8-hour ozone NAAQS until January 11, 2036, the end of the 20-year maintenance period. Further, as part of this final action, EPA finds the newly established NO<sub>x</sub> and VOC budgets for the York County Area adequate for the purpose of transportation conformity. Within 24 months from the effective date of this final rule, the transportation partners will need to demonstrate conformity to the new NO<sub>x</sub> and VOC budgets pursuant to 40 CFR 93.104(e)(3).

##### **III. Statutory and Executive Order Reviews**

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. *See* 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Is not subject to Executive Order 14192 (90 FR 9065, February 6, 2025) because SIP actions are exempt from review under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because it approves a state program;
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001); and
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA.

Because this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law, this action for the State of South Carolina does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000). Therefore, this action will not impose substantial direct costs on Tribal governments or preempt Tribal law. The Catawba Indian Nation (CIN) Reservation is located within the boundary of York County, South Carolina. Pursuant to the Catawba Indian Claims Settlement Act, S.C. Code Ann. 27–16–120 (Settlement Act), “all state and local environmental laws and regulations apply to the [Catawba Indian Nation] and Reservation and are fully enforceable by all relevant state and local agencies and authorities.” The CIN also retains authority to impose regulations applying higher environmental standards to the Reservation than those imposed by state law or local governing bodies, in accordance with the Settlement Act.

This action is subject to the Congressional Review Act, and EPA will

submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by January 20, 2026. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to

enforce its requirements. *See* section 307(b)(2).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, Ozone, Reporting and recordkeeping requirements, Volatile organic compounds.

Dated: October 29, 2025.  
Kevin McOmber,  
Regional Administrator, Region 4.

For the reasons stated in the preamble, EPA amends 40 CFR part 52 as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

- 1. The authority citation for part 52 continues to read as follows:  
**Authority:** 42 U.S.C. 7401 *et seq.*
- Subpart PP—South Carolina**
- 2. In § 52.2120(e), amend the table by adding an entry for “2008 8-hour ozone Second 10-Year Maintenance Plan for the York County, South Carolina portion of the bi-state Charlotte Area” at the end of the table.  
The addition read as follows:

§ 52.2120 Identification of plan.

BILLING CODE 6560–50–P

**ENVIRONMENTAL PROTECTION AGENCY**  
**40 CFR Part 70**  
[EPA–R01–OAR–2025–0655; FRL–12924–02–R1]  
**Approval of the Clean Air Act, Section 112(l), Authority for Hazardous Air Pollutants; State of Connecticut Department of Energy and Environmental Protection; Approval of the Clean Air Act Section 502, State Operating Permit Programs, State of Connecticut Department of Energy and Environmental Protection**  
**AGENCY:** Environmental Protection Agency (EPA).  
**ACTION:** Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) is approving regulatory amendments that revise two previous program approvals from the Connecticut Department of Energy and Environmental Protection (CT DEEP). The revisions include amendments to the Regulations of Connecticut State Agencies (RCSA) that revise the Connecticut State Operating Permit Program and amendments to RCSA that revise limitations on potential to emit

Clean Air Act (CAA) pollutants. A significant aspect of this action involves revising the definition of “hazardous air pollutant” in the RCSA in response to EPA adding 1-bromopropane to the list of hazardous air pollutants (HAPs). This action is being taken under the Clean Air Act.  
**DATES:** This rule is effective on December 22, 2025.  
**ADDRESSES:** EPA has established a docket for this action under Docket Identification No. EPA–R01–OAR–2025–0655. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at <https://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA Region 1 Regional Office, Air and Radiation Division, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that, if at all possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection.  
**FOR FURTHER INFORMATION CONTACT:** Liam Numrich, Air Permits, Toxics, and

Indoor Programs Branch, U.S. Environmental Protection Agency, EPA New England Regional Office, 5 Post Office Square—Suite 100, (Mail code 5–MI), Boston, MA 02109–3912, telephone number 617–918–1307, [numrich.liam@epa.gov](mailto:numrich.liam@epa.gov).  
**SUPPLEMENTARY INFORMATION:**  
Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

I. Background and Purpose  
II. Response to Comments  
III. Final Action  
IV. Statutory and Executive Order Reviews  
**I. Background and Purpose**  
On August 28, 2025, the EPA published a Notice of Proposed Rulemaking (NPRM) that proposed approval of revisions to Connecticut’s State Operating Permit Program and to its Approved Limitations on Potential to Emit CAA section 112 pollutants.  
The Administrator may, under the authority of section 112(l) and 40 CFR 63.91, approve a State program designed to establish limits on the potential to emit HAPs listed pursuant to section 112 of the CAA. Any request for approval under this subpart shall meet all section 112(l) approval criteria specified by the otherwise applicable Federal section 112 rule, emission standard, or requirement. Approval of
