SUMMARY: Notice is hereby given that on August 29, 2025, the presiding administrative law judge (“ALJ”) issued an Initial Determination on Violation of Section 337. On September 12, 2025, the ALJ issued a Recommended Determination on remedy and bonding, should a violation be found in the above-captioned investigation. The Commission is soliciting submissions on public interest issues raised by the recommended relief should the Commission find a violation. This notice is soliciting comments from the public and interested government agencies only.

SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930 provides that, if the Commission finds a violation, it shall exclude the articles concerned from the United States unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds that such articles should not be excluded from entry. (19 U.S.C. 1337(d)(1)). A similar provision applies to cease and desist orders. (19 U.S.C. 1337(f)(1)).

The Commission is soliciting submissions on public interest issues raised by the recommended relief

should the Commission find a violation, specifically: a general exclusion order directed to certain disposable vaporizer devices imported, sold for importation, and/or sold after importation that infringe claims 4 and 12 of U.S. Patent No. 11,925,202; and cease and desist orders directed to Maduro Distributors Inc. d/b/a The Loon; American Vape Company, LLC; Shenzhen Kangvape Technology Co., Ltd.; They, LLC d/b/a Element Vape; SV3 LLC d/b/a Mi-One Brands; Price Point Distributors Inc. d/b/a Price Point NY; Breeze Smoke LLC; Social Brands, LLC; LCF Labs., Inc.; Flawless Vape Shop Inc.; Flawless Vape Wholesale & Distribution, Inc.; and VICA Trading Inc. d/b/a Vapesourcing. Parties are to file public interest submissions pursuant to 19 CFR 210.50(a)(4).

The Commission is interested in further development of the record on the public interest in this investigation. Accordingly, members of the public and interested government agencies are invited to file submissions of no more than five (5) pages, inclusive of attachments, concerning the public interest in light of the ALJ’s Recommended Determination on Remedy and Bonding issued in this investigation on September 12, 2025. Comments should address whether issuance of the recommended remedial orders in this investigation, should the Commission find a violation, would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) explain how the articles potentially subject to the recommended remedial orders are used in the United States;
- (ii) identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;
- (iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;
- (iv) indicate whether complainant, complainant’s licensees, and/or third-party suppliers have the capacity to replace the volume of articles potentially subject to the recommended orders within a commercially reasonable time; and
- (v) explain how the recommended orders would impact consumers in the United States.

A notice soliciting public interest submissions was published on September 18, 2025. Due to the lapse in appropriations, the Commission was unable to accept written submissions on the date specified in the notice. Given these circumstances, the notice is amended to permit public interest comments in this matter by Monday, December 1, 2025.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above pursuant to 19 CFR 210.4(f).
