DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2025–4543; Airspace Docket No. 25–ANM–144]

RIN 2120–AA66

Modification of Class E Airspace; Driggs/Reed Memorial Airport, Driggs, ID

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to modify the Class E airspace extending upward from 700 feet above the surface at Driggs/Reed Memorial Airport, Driggs, ID. Additionally, this action proposes an administrative amendment to update the airport's Class E airspace legal description. These actions would support the safety and management of

instrument flight rules (IFR) operations at the airport.

DATES: Comments must be received on or before January 9, 2026.

ADDRESSES: Send comments identified by FAA Docket No. [FAA–2025–4543] and Airspace Docket No. [25–ANM–144] using any of the following methods:

* *Federal eRulemaking Portal:* Go to www.regulations.gov and follow the online instructions for sending your comments electronically.

* *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation, 1200 New Jersey Avenue SE, Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.

* *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

* *Fax:* Fax comments to Docket Operations at (202) 493–2251.

Docket: Background documents or comments received may be read at www.regulations.gov at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE, Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FAA Order JO 7400.11K, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at www.faa.gov/air_traffic/publications/.

FOR FURTHER INFORMATION CONTACT:

Nathan A. Chaffman, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (206) 231–3460.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the

scope of that authority as it would modify Class E airspace to support IFR operations at Driggs/Reed Memorial Airport, ID.

Comments Invited

The FAA invites interested persons to participate in this rulemaking by submitting written comments, data, or views. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. The most helpful comments reference a specific portion of the proposal, explain the reason for any recommended change, and include supporting data. To ensure the docket does not contain duplicate comments, commenters should submit only one time if comments are filed electronically, or commenters should send only one copy of written comments if comments are filed in writing.

The FAA will file in the docket all comments it receives, as well as a report summarizing each substantive public contact with FAA personnel concerning this proposed rulemaking. Before acting on this proposal, the FAA will consider all comments it receives on or before the closing date for comments. The FAA will consider comments filed after the comment period has closed if it is possible to do so without incurring expense or delay. The FAA may change this proposal in light of the comments it receives.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.dot.gov/privacy.

Availability of Rulemaking Documents

An electronic copy of this document may be downloaded through the internet at www.regulations.gov. Recently published rulemaking documents can also be accessed through the FAA's web page at www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received and any final disposition in person in the Dockets Operations office (see **ADDRESSES** section for address, phone number, and hours of operations). An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal

Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street Des Moines, WA 98198.

Incorporation by Reference

Class E5 airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11K, dated August 4, 2025, and effective September 15, 2025. These updates would be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11K, which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the ADDRESSES section of this document.

The Proposal

The FAA is proposing an amendment to 14 CFR part 71 that would modify the Class E airspace extending upward from 700 feet above the surface at Driggs/Reed Memorial Airport, ID. The Class E airspace surrounding the airport should be reduced due to modifications made to the airport's instrument flight procedures (IFP) that allow for more condensed containment within regulatory airspace.

The northern extension should be narrowed by 4.3 miles and shortened by 5.5 miles to more appropriately contain the Area Navigation (RNAV) (Global Positioning System [GPS])-A approach procedure. The southwest extension should be narrowed by 1.3 miles, shortened by 1.3 miles, and shifted a half mile west to more appropriately contain the RNAV (GPS) Runway 4 approach procedure. The southeastern third of the existing airspace should be removed, as it is no longer needed for the containment of IFPs. The western portion of the airspace should be removed beyond the airport's 4.8-mile radius, approximately between the airport's 220° and 315° radials, as it's no longer needed for IFP containment.

Finally, the airport's geographic location within its Class E airspace legal description should be updated to match the FAA's database.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive

Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1G, "FAA National Environmental Policy Act Implementing Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

In consideration of the foregoing, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

- 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

- 2. The incorporation by reference in 14 CFR 71.1 of FAA Order JO 7400.11K, Airspace Designations and Reporting Points, dated August 4, 2025 and effective September 15, 2025, would be amended as follows:

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ANM ID E5 Driggs, ID [Amended]

Driggs/Reed Memorial Airport, ID
(Lat. 43°44'47" N, long. 111°05'29" W)

That airspace extending upward from 700 feet above the surface within an area 1.2 miles northwest and 3.4 miles southeast of the airport's 028° bearing extending to its 5.8-mile radius, within an area 3.4 miles southeast and 2.7 miles northwest of the airport's 208° bearing extending to 11.7 miles southwest, within an area between the airport's 241° bearing clockwise to its 326° bearing extending to the airport's 4.8-mile radius, and within an area 1.7 miles west and

3 miles east of the airport's 345° bearing extending to 8.9 miles north of the airport.

* * * * *

Issued in Washington, DC, on November 20, 2025.

B.G. Chew,

*Group Manager, Operations Support Group,
Western Service Center.*

BILLING CODE 4910–13–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

18 CFR Part 1d

[Docket No. RM22–20–000]

Duty of Candor

AGENCY: Federal Energy Regulatory Commission.

ACTION: Withdrawal of notice of proposed rulemaking and termination of rulemaking proceeding.

SUMMARY: The Federal Energy Regulatory Commission is withdrawing a notice of proposed rulemaking, which proposed adding a new section to 18 CFR part 1 to require that any entity communicating with the Commission or other specified organizations related to a matter subject to the jurisdiction of the Commission submit accurate and factual information and not submit false or misleading information or omit material information. The Commission is also terminating this rulemaking proceeding.

DATES: The notice of proposed rulemaking published in the **Federal Register** at 87 FR 49784 on August 12, 2022, is withdrawn as of November 25, 2025.

FOR FURTHER INFORMATION CONTACT:

Gabe Sterling, Legal Information, Office of Enforcement, Division of Investigations, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, (202) 502–8891, gabriel.sterling@ferc.gov

Andrea Cerbin, Legal Information, Office of Enforcement, Division of Investigations, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, (202) 502–8362, andrea.cerbin@ferc.gov.

SUPPLEMENTARY INFORMATION:

1. On July 28, 2022, the Federal Energy Regulatory Commission (Commission) issued a notice of proposed rulemaking (NOPR), proposing to add new section 1d.1 to 18 CFR part 1, requiring that any entity communicating with the Commission or other specified organizations related to
