

Impact Statement (EIS). The EA or EIS will present Commission staff's independent analysis of the issues. If Commission staff prepares an EA, a *Notice of Intent to Prepare an Environmental Assessment* will be issued. The EA may be issued for an allotted public comment period. The Commission would consider timely comments on the EA before making its decision regarding the proposed project. If Commission staff prepares an EIS, a *Notice of Intent to Prepare an Environmental Impact Statement* will be issued. Staff will then prepare a draft EIS, which will be issued for public comment. Commission staff will consider all timely comments received during the comment period on the draft EIS and revise the document, as necessary, before issuing a final EIS. Any EA or draft and final EIS will be available in electronic format in the public record through eLibrary. If eSubscribed, you will receive instant email notification when the environmental document is issued (see paragraph (q) of this notice for instructions on using eSubscription).

p. The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

q. This notice is being distributed to the Commission's official mailing list for the project and any additional entities on the applicant's distribution list. You can access the Commission's official mailing list for this project at <https://ferconline.ferc.gov/ServiceListResults.aspx>. If you want to receive future mailings for the project and are not included on the Commission's official mailing list, or if you wish to be removed from the Commission's official mailing list, please send your request by email to FERCOnlineSupport@ferc.gov. In lieu of an email request, you may submit a paper request. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, MD 20852. All

written or emailed requests must specify your wish to be added to or removed from the mailing list and must clearly identify the following on the first page: Barker Mill Upper Hydroelectric Project No. 3562-026.

Additionally, the Commission offers a free service called eSubscription, which makes it easy to stay informed of all issuances and submittals regarding the dockets/projects to which you subscribe. These instant email notifications are the fastest way to receive notification and provide a link to the document files, which can reduce the amount of time you spend researching proceedings. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

In addition to publishing the full text of this notice in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this notice, as well as other documents in the proceeding (e.g., license application) via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document (P-3562). For assistance, contact FERC at FERCOnlineSupport@ferc.gov, (866) 208-3676 (toll free), or (202) 502-8659 (TTY).

Dated: October 30, 2025.

Debbie-Anne A. Reese,
Secretary.

[Project No. 2997-031]

South Sutter Water District; Notice of Revised Procedural Schedule for Environmental Assessment for the Proposed Project Relicense

On December 28, 2023, the South Sutter Water District (SSWD) filed an application for a new license to continue to operate and maintain the 6.8-megawatt Camp Far West Hydroelectric Project No. 2997 (Camp Far West Project). On November 25, 2024, Commission staff issued a notice of intent to prepare an environmental assessment (EA) to evaluate the effects of relicensing the Camp Far West Project. The notice included an anticipated schedule for issuing the EA in November 2025.

Staff are still evaluating the effects of relicensing the Camp Far West Project. In order for staff to fully consider all the information filed by SSWD, the procedural schedule for completing the EA is being revised as follows. Further revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA	February 27, 2026.
Commission on the EA	March 29, 2026. ¹

¹ The Commission's Rules of Practice and Procedure provide that if a filing deadline falls on a Saturday, Sunday, holiday, or other day when the Commission is closed for business, the filing deadline does not end until the close of business on the next business day [18 CFR 385.2007(a)(2)(2025)]. Because the deadline for the 30-day comment period falls on a Sunday, the filing deadline will be extended until the close of business on Monday, March 30, 2026.

Questions regarding this notice may be directed to Quinn Emmering at (202) 502-6382 or Quinn.Emmering@ferc.gov.

Dated: November 20, 2025.

Debbie-Anne A. Reese,
Secretary.

[Docket No. CP25-530-000]

Texas Eastern Transmission, LP; Notice of Schedule for the Preparation of an Environmental Assessment for the Danville Compressor Station Replacement Project

On August 1, 2025, Texas Eastern Transmission, LP (Texas Eastern) filed an application in Docket No. CP25-530-000 requesting a Certificate of Public Convenience and Necessity pursuant to Section 7(c) of the Natural Gas Act (NGA) and an Authorization pursuant to Section 7(b) of the NGA to construct, operate, and abandon certain natural gas pipeline facilities. The proposed project is known as the Danville Compressor Station Replacement Project (Project), and would replace 13 aging compressor units with three modern units in Lincoln County, Kentucky.

On August 15, 2025, the Federal Energy Regulatory Commission (Commission or FERC) issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization

within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—March 20, 2026
90-day Federal Authorization Decision
Deadline²—June 18, 2026

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

Texas Eastern proposes to abandon and remove three natural gas-fired turbine compressor units and ten reciprocating compressor units at the existing Danville Compressor Station and replace them with three new gas-fired turbine compressor units. According to Texas Eastern, the new units would replace units installed in the 1950s and 1960s, ensuring continued safe, efficient, and reliable operation of the compressor station while meeting air emissions requirements.

Background

On September 12, 2025, the Commission issued a *Notice of Scoping Period Requesting Comments on Environmental Issues for the Proposed Danville Compressor Station Replacement Project* (Notice of Scoping). The Notice of Scoping was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. In response to the Notice of Scoping, the Commission received no comments.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of

formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This service provides automatic notification of filings made to subscribed dockets, document summaries, and direct links to the documents. Go to <https://www.ferc.gov/ferc-online/overview> to register for eSubscription.

The Commission's Office of Public Participation (OPP) supports meaningful public engagement and participation in Commission proceedings. OPP can help members of the public, including landowners, community organizations, Tribal members and others, access publicly available information and navigate Commission processes. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, the public is encouraged to contact OPP at (202) 502-6595 or OPP@ferc.gov.

Additional information about the Project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (i.e., CP25-530), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659, or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Dated: October 16, 2025.

Debbie-Anne A. Reese,
Secretary.
