**SUPPLEMENTARY INFORMATION:** OSHA’s Alliance Program is a structure for working with groups that are committed to worker safety and health. The program enables OSHA to enter into a voluntary cooperative relationship with industry, labor and other groups to improve workplace safety and health, prevent workplace fatalities, injuries and illnesses, and to reach employers and workers that OSHA may not otherwise reach through traditional methods. OSHA collects information from organizations that are signatories to an Alliance agreement through meetings, informal conversations and data forms. OSHA will use the collected information to develop Alliance agreements, support Alliance activities and Alliance agreement objectives, and develop annual and program-wide reports. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on July 11, 2025 (90 FR 30989).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
