

FOR FURTHER INFORMATION CONTACT:

Judith Webster, Director for Environment and Natural Resources, at judith.a.webster@ustr.eop.gov, or 202-881-7318.

SUPPLEMENTARY INFORMATION:**I. Background**

Article 24.26 of the USMCA establishes an Environment Committee composed of senior government representatives to oversee the implementation of Chapter 24 (Environment), and provide a forum to discuss and review chapter implementation. The USMCA requires the Committee to meet within one year of the date of entry into force of the USMCA and every two years thereafter unless the Committee agrees otherwise. The Committee last held a biannual meeting on September 26, 2023. The Committee also met in special sessions twice in 2025 (February and June) for the purpose of conducting the requisite five-year review of Chapter 24 (Article 24.26.7). All decisions and reports of the Committee will be made publicly available, unless the Committee decides otherwise. The Committee will provide for public input on matters relevant to the Committee's work, as appropriate, and hold a public session at each meeting.

II. Committee Meeting

On December 11, 2025, the Committee will meet in a government-to-government session to (1) review the implementation and operation of Chapter 24, in accordance with Article 24.26(7)(a) of the USMCA and (2) receive a presentation from the Commission on Environmental Cooperation (CEC) Secretariat on cooperation and public Submissions for Enforcement Matters (SEM). This session will not be open to the public.

III. Public Session on USMCA Chapter 24 Implementation

Following the government-to-government session, the Committee invites all interested persons to attend a virtual public session on USMCA Chapter 24 implementation. At the session, the Committee will welcome questions and input concerning the Parties' implementation of the Chapter 24 obligations. The Committee will cover both questions raised in comments submitted to USTR, and those submitted through a live chat function, during the public session, overseen by a moderator. Email Judith Webster, Director for Environment and Natural Resources, at judith.a.webster@ustr.eop.gov for a link to join the live

session. Registration is required by December 5, 2025.

IV. Comments

USTR invites all interested persons to submit their interest in participating in the public session, as well as comments on the implementation and operation of Chapter 24. As noted, during the public session, there will also be an allotted time for the public to ask questions through a chat function that a moderator will oversee. Accordingly, participation in the public session is not limited to those questions submitted through comments in advance of the session. When preparing comments, we encourage submitters to refer to Chapter 24 of the USMCA: https://ustr.gov/sites/default/files/IssueAreas/Environment/USMCA_Environment_Chapter_24.pdf.

Kelly Milton,

Assistant U.S. Trade Representative for Environment and Natural Resources, Office of the United States Trade Representative.

BILLING CODE 3390-F4-P**DEPARTMENT OF TRANSPORTATION****Federal Aviation Administration**

[Docket No. FAA-2025-0601]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: Suspected Unapproved Parts Report

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on May 22, 2025. The information collected on the FAA Form 8120-11 is reported voluntarily by manufacturers, repair stations, aircraft owner/operators, air carriers, and the general public who wish to report suspected unapproved parts to the FAA for review. The report information is collected and correlated by the FAA, Aviation Safety Hotline Program Office, and used to determine if an unapproved part investigation is warranted. When unapproved parts are confirmed that are likely to exist on other products or aircraft of the same or similar design or are being used in other facilities, the information is used as a basis for an aviation industry alert or notification. Alerts are used to inform industry of situations essential to the prevention of accidents. If the information had not been collected, the consequence to the aviation community would be the inability to determine whether or not unapproved parts are being offered for sale or use for installation on type-certified products.

DATES: Written comments should be submitted by December 26, 2025.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfogov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

David Jeffery by email at: david.jeffery@faa.gov; phone: 937-898-3991 ext. 204.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120-0552.

Title: Suspected Unapproved Parts Report.

Form Numbers: FAA Form 8120-11.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on May 22, 2025 (90 FR 21983). The information collected on the FAA Form 8120-11 is reported voluntarily by manufacturers, repair stations, aircraft owner/operators, air carriers, and the general public who wish to report suspected unapproved parts to the FAA for review. The report information is collected and correlated by the FAA, Aviation Safety Hotline Program Office, and used to determine if an unapproved part investigation is warranted. When unapproved parts are confirmed that are likely to exist on other products or aircraft of the same or similar design or are being used in other facilities, the information is used as a basis for an aviation industry alert or notification. Alerts are used to inform industry of situations essential to the prevention of accidents. If the information had not been collected, the consequence to the aviation community would be the inability to determine whether or not unapproved parts are being offered for sale or use for installation on type-certified products.

Procedures and processes relating to the SUP program and associated reports are found in FAA Order 8120.16A,

Suspected Unapproved Parts Program, and AC 21-29, Detecting and Reporting Suspected Unapproved Parts. When unapproved parts are identified, the FAA notifies the public by published Field Notifications (FN), disseminated using Unapproved Parts Notifications (UPN), a Safety Alert for Operators (SAFO), Aviation Maintenance Alerts, Airworthiness Directives (AD), entry into an issue of the Service Difficulty Reporting Summary, a Special Airworthiness Information Bulletin, a display on an internet site, or direct mailing. Reporting of information is strictly voluntary. The information is requested from any individual or facility suspecting an unapproved part. Any burden is minimized by requesting only necessary information to warrant an investigation.

Respondents: Anyone may fill out and send a Form 8120-11 into the FAA.

Frequency: Whenever anyone discovers or suspects they have received an unapproved part.

Estimated Average Burden per Response: About 12 minutes to read and disposition each form.

Estimated Total Annual Burden: The FAA collects approximately 30 forms from the public per year.

Issued in Fort Worth, Texas.

Rex A. Loveday,

*Directives and Forms Management Officer,
Office of Aviation Safety, Policy and
Standards Division, AIR-600.*

BILLING CODE 4910-13-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket No. FRA-2025-0008]

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice of information collection; request for comment.

SUMMARY: Under the Paperwork Reduction Act of 1995 (PRA) and its implementing regulations, this notice announces that FRA is forwarding the Information Collection Request (ICR) summarized below to the Office of Management and Budget (OMB) for review and comment. The ICR describes the information collection and its expected burden. On August 8, 2025, FRA published a notice providing a 60-day period for public comment on the

ICR. FRA received no comments in response to the notice.

DATES: Interested persons are invited to submit comments on or before December 26, 2025.

ADDRESSES: Written comments and recommendations for the proposed ICR should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find the particular ICR by selecting “Currently under Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Ms. Arlette Mussington, Information Collection Clearance Officer, at email: arlette.mussington@dot.gov or telephone: (571) 609-1285 or Ms. Joanne Swafford, Information Collection Clearance Officer, at email: joanne.swafford@dot.gov or telephone: (757) 897-9908.

SUPPLEMENTARY INFORMATION: The PRA, 44 U.S.C. 3501-3520, and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. See 44 U.S.C. 3506, 3507; 5 CFR 1320.8 through 1320.12. On August 8, 2025, FRA published a 60-day notice in the **Federal Register** soliciting public comment on the ICR for which it is now seeking OMB approval. See 90 FR 38585. FRA has received no comments related to the proposed collection of information.

Before OMB decides whether to approve this proposed collection of information, it must provide 30 days' notice for public comment. Federal law requires OMB to approve or disapprove paperwork packages between 30 and 60 days after the 30-day notice is published. 44 U.S.C. 3507(b) and (c); 5 CFR 1320.12(d); *see also* 60 FR 44978, 44983 (Aug. 29, 1995). The 30-day notice informs the regulated community of their opportunity to file relevant comments and affords the agency adequate time to consider public comments before it renders a decision. 60 FR 44983 (Aug. 29, 1995). Therefore, respondents should submit their respective comments to OMB within 30 days of publication to best ensure having their full effect.

Comments are invited on the following ICR regarding: (1) whether the information collection activities are necessary for FRA to properly execute its functions, including whether the information will have practical utility; (2) the accuracy of FRA's estimates of the burden of the information collection activities, including the validity of the

methodology and assumptions used to determine the estimates; (3) ways for FRA to enhance the quality, utility, and clarity of the information being collected; and (4) ways to minimize the burden of information collection activities on the public, including the use of automated collection techniques or other forms of information technology.

The summary below describes the ICR that FRA will submit for OMB clearance as the PRA requires:

Title: State Safety Participation Program and Reporting of Remedial Actions.¹

OMB Control Number: 2130-0509.

Abstract: Title 49 CFR part 212 requires qualified State inspectors to provide various reports to FRA for monitoring and enforcement purposes concerning State investigative, inspection, and surveillance activities related to railroad compliance with Federal railroad safety laws and regulations. Additionally, under 49 CFR part 209, subpart E, railroads are required to report to FRA actions taken to remedy certain alleged violations of law.

Type of Request: Extension without change (with changes in estimates) of a currently approved collection.

Affected Public: Businesses.

Form(s): FRA F 6180.33/61/67/96/96A/109/110/111/112.

Respondent Universe: States and railroads.

Frequency of Submission: On occasion.

Total Estimated Annual Responses: 23,225.

Total Estimated Annual Burden: 9,851 hours.

Total Estimated Annual Burden Hour Dollar Cost Equivalent: \$871,416.12.

FRA informs all interested parties that it may not conduct or sponsor, and a respondent is not required to respond to, a collection of information that does not display a currently valid OMB control number.

(Authority: 44 U.S.C. 3501-3520.)

Christopher S. Van Nostrand,
Deputy Chief Counsel.

[FR Doc. 2025-21147 Filed 11-25-25; 8:45 am]

BILLING CODE 4910-06-P

¹ In this 30-day notice, FRA has corrected the title of the information collection document. In the published 60-day notice, 90 FR 38585, the title is shown as State Safety Participation Regulations and Reporting of Remedial Actions. FRA has corrected the title in this 30-day notice to reflect the current title in the OMB inventory as State Safety Participation Program and Reporting of Remedial Actions.
