**SUPPLEMENTARY INFORMATION:**

**Background.**—On January 29, 2021, the Department of Commerce (“Commerce”) issued countervailing duty orders on imports of fluid end blocks from China, Germany, India, and Italy, and antidumping duty orders on fluid end blocks from Germany and Italy (86 FR 7535 and 86 FR 7528). The Commission is conducting reviews pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the orders would be likely to lead to continuation or

recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

**Definitions.**—The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by Commerce.

(2) The *Subject Countries* in these reviews are China, Germany, India, and Italy.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determinations, the Commission defined the *Domestic Like Product* as all fluid end blocks, coextensive with the scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the *Domestic Industry* as all U.S. producers of fluid end blocks, including U.S. forger/finishers and U.S. toll finishers, within the scope definition.

(5) The *Order Date* is the date that the countervailing and antidumping duty orders under review became effective. In these reviews, the *Order Date* is January 29, 2021.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

**Participation in the proceeding and public service list.**—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as

<sup>2</sup> 90 FR 41986 and 90 FR 41990 (August 28, 2025).

<sup>3</sup> Commissioner David S. Johanson determined that an industry in the United States is threatened with material injury by reason of imports of slag pots from China.

<sup>4</sup> Due to the lapse in appropriations and ensuing cessation of Commission operations, all import injury investigations conducted under authority of Title VII of the Tariff Act of 1930 have been tolled pursuant to 19 U.S.C. 1671d(b)(2) and 1673d(b)(2).
