

# Notices

Federal Register

Vol. 90, No. 231

Thursday, December 4, 2025

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## DEPARTMENT OF AGRICULTURE

### Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding; whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by January 5, 2026 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

### Economic Research Service

*Title:* ERS Data Security Requirements for Accessing Confidential Data.

*OMB Control Number:* 0536–0079.

*Summary of Collection:* Title III of the Foundations for Evidence-Based Policymaking Act of 2018 (hereafter referred to as the Evidence Act) mandates that OMB establish a Standard Application Process (SAP) for requesting access to certain confidential data assets. Specifically, the Evidence Act requires OMB to establish a common application process through which agencies, the Congressional Budget Office, State, local, and Tribal governments, researchers, and other individuals, as appropriate, may apply for access to confidential data assets collected, accessed, or acquired by a statistical agency or unit. The Economic Research Service (ERS) is proposing a substantive change to the ERS Data Security Requirements for Accessing Confidential Data. This information collection supports ERS' data security requirements for individuals approved to access confidential data through the SAP. The proposed change will allow ERS to collect administrative personally identifiable information (PII) from all researchers—regardless of citizenship—who are approved to access ERS data.

*Need and Use of the Information:* Data collected, accessed, or acquired by statistical agencies and units is vital for developing evidence on conditions, characteristics, and behaviors of the public and on the operations and outcomes of public programs and policies. Access to confidential data on businesses, households, and individuals from federal statistical agencies and units enables agencies, the Congressional Budget Office, State, local, and Tribal governments, researchers, and other individuals to contribute evidence-based information to research and policy questions on economic, social, and environmental issues of national, regional, and local importance. This evidence can benefit stakeholders, the broader public, and policymakers and program managers at all levels of government.

Specifically, researchers will be required to complete the OF–306 (Declaration for Federal Employment) to support onboarding into USDA's human capital management system. This step is

necessary to establish a formal relationship between ERS and the researcher and to ensure compliance with federal identity verification and personnel tracking requirements. The OF–306 collects administrative PII such as Social Security Number (SSN), date of birth, sex, and citizenship. This information will be submitted directly to REE Onboarding and will not be retained or processed by ERS.

The collection and maintenance of this data are governed by USDA's Privacy Act System of Records Notice (SORN) OCF0/NFC–1—Systems for Personnel, Payroll, and Time & Attendance (89 FR 5481, January 29, 2024). The OF–306 is approved under OMB Control No. 3206–0182. As such, burden associated with completing the OF–306 is not included in this ICR.

*Description of Respondents:*

Individuals or Households.

*Number of Respondents:* 20.

*Frequency of Responses:* Reporting: Annually.

*Total Burden Hours:* 96.

## ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

[Docket No. ATBCB–2024–0004]

### Agency Information Collection Activities; Submission of Proposed Information Collection; Online Training Request Form for OMB Review

**AGENCY:** Architectural and Transportation Barriers Compliance Board.

**ACTION:** 30-Day information collection notice.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995 (PRA), the Architectural and Transportation Barriers Compliance Board (Access Board) has submitted to the Office of Management and Budget (OMB) a request for a new collection of information titled "Technical Assistance Training Request Form". The purpose of this information collection is to provide a standardized method for members of the public and state and

local governments to request training from the Access Board.

**DATES:** Send comments on or before January 5, 2026.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30, days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting “Architectural and Transportation Barriers Compliance Board” under “Currently under Review—Open for Public Comments” or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** Attorney Advisor Wendy Marshall, (202) 272-0043, [marshall@access-board.gov](mailto:marshall@access-board.gov).

**SUPPLEMENTARY INFORMATION:**

**I. Background**

Under the PRA and its implementing regulations (5 CFR part 1320), Federal agencies must obtain approval from OMB for each collection of information they conduct or sponsor (e.g., contractually-required information collection by a third-party). “Collection of information,” within the meaning of the PRA, includes agency requests that pose identical questions to, or impose reporting or recording keeping obligations on, ten or more persons, regardless of whether response to such request is mandatory or voluntary. See

5 CFR 1320.3(c); see also 44 U.S.C. 3502(3). In July 2024, the Access Board published a 60-day notice concerning the proposed new information collection for a technical assistance training request form. We received one comment that did not address the proposed new information collection request.

**II. Proposed New Information Collection Request**

The Access Board is providing notice that it has requested OMB approval of a new information collection regarding requests for training by members of the public and state and local governments. The Access Board provides training and technical assistance on the guidelines and standards that it promulgates, including design criteria for the built environment, transit vehicles, public rights-of-way, information and communication technology, and medical diagnostic equipment under the Americans with Disabilities Act of 1990, the Architectural Barriers Act of 1968, and other laws. By practice, the Access Board provides in-person and virtual training to organizations across the United States, to include state and local agencies. The Access Board receives email requests for training which currently result in multiple communications with the requestor to determine if the Access Board is able to provide the training requested. The Access Board is proposing to streamline

this process for both the requestor and the Board by creating a form for the agency website to allow requestors to submit all necessary information at one time so the Board can review the request and make a determination whether the training can be provided. The online form will be used unless the requestor expresses a preference for another format (e.g., discussion by telephone).

*OMB Control Number:*

*Title:* Technical Assistance Training Request Form.

*Type of Request:* New Collection.

*Abstract:* The proposed information collection activity enables members of the public, including state and local agencies, to request technical assistance training on the standards and guidelines issued by the Access Board. This collection will streamline the process and decrease wait times for responses to these requests.

*Respondents/Affected Public:*

Individuals and Households; Businesses and Organizations; State, Local or Tribal Government.

*Burden Estimates:* In the table below

(Table 1), the Access Board provides estimates for the annual reporting burden under this proposed information collection. The Access Board does not anticipate incurring any capital or other direct costs associated with this information collection. Nor will there be any costs to respondents, other than their time.

TABLE 1—ESTIMATED ANNUAL BURDEN HOURS

Type of collection	Number of respondents	Frequency of response (per year)	Average response time (mins.)	Total burden (hours)
Technical Assistance Training Request .....	1,000	1	5	84

(Note: Total burden hours per collection rounded to the nearest full hour.)

*Request for Comment:* The Access Board seeks comment on any aspect of the proposed new information collection, including: (a) whether it is necessary for the performance of the agency’s functions; (b) whether the information will have practical utility; (c) the accuracy of the estimated burden; (d) ways for the Access Board to enhance the quality, utility, and clarity of the information collections; and (e) ways that the burden could be minimized without reducing the quality of the collected information.

**COMMISSION ON CIVIL RIGHTS**

**Notice of Public Meeting of the Wisconsin Advisory Committee to the U.S. Commission on Civil Rights**

**AGENCY:** U.S. Commission on Civil Rights.

**ACTION:** Notice of public meeting.

**SUMMARY:** Notice is hereby given, pursuant to the provisions of the rules and regulations of the U.S. Commission on Civil Rights (Commission) and the Federal Advisory Committee Act, that the Wisconsin Advisory Committee (Committee) to the U.S. Commission on Civil Rights will hold a public business meeting via Zoom at 12:00 p.m. CT on Thursday, December 11, 2025. The purpose of this meeting is to discuss

civil rights topics for the Committee’s first study.

**DATES:** Thursday, December 11, 2025, from 12:00 p.m.–1:30 p.m. Central Time.

**ADDRESSES:** The meeting will be held via Zoom Webinar.
