

Description of the need for the information and proposed use: Pursuant to the annually issued notice, most recently PIH Notice 2023–05, HUD collects information from all Public Housing Agencies (PHAs) that administer a public housing or tenant-based rental assistance program on the compensation paid to its employees. More specifically, under this information collection process PHAs are required to report the compensation

paid to the top management official, the top financial official, and all employees who are paid an annual salary over the compensation cap imposed by Congress in HUD's annual appropriations (Level IV of the Executive Schedule). This reporting is similar to the information that non-profit organizations receiving federal tax exemptions are required to report to the IRS annually. Since PHAs receive significant direct federal funds, HUD has been collecting compensation

information to enhance regulatory oversight by HUD, as well as by state and local authorities. HUD intends to collect one year of the compensation information once every three years and provides the collected information to the public. The compensation data collected includes base salary, bonus, and incentive and other compensation, and the extent to which these payments are made with any Sections 8 and 9 appropriated funds.

Information collection	Number of respondents	Frequency of responses	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Executive Compensation HUD–52725	4,000	1	4,000	1	4,000	39.86	\$159,440

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

C. Authority

Section 2 of the Paperwork Reduction Act of 1995, 44 U.S.C. 3507.

Anna Guido,

Department PRA Compliance Officer, Office of Policy Development and Research, Chief Data Officer.

Fish and Wildlife Service

**[FWS–R8–ES–2025–N007;
FXES11130800000–256–FF08E00000]**

Endangered and Threatened Species; Receipt of Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct scientific research to promote conservation or other activities intended to enhance the propagation or survival of endangered or threatened species under the Endangered Species Act (ESA). We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing any of the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before January 5, 2026.

ADDRESSES:

Document availability and comment submission: Submit requests for copies of the applications and related documents and submit any comments by one of the following methods. All requests and comments should specify the applicant name(s) and application number(s) (*e.g.*, XXXXXX or PER0001234).

- *Email:* permitsR8ES@fws.gov.

- *U.S. Mail:* Tiffany Heitz, Regional Recovery Permit Coordinator, U.S. Fish and Wildlife Service, 2800 Cottage Way, Room W–2606, Sacramento, CA 95825.

FOR FURTHER INFORMATION CONTACT:

Tiffany Heitz, via phone at 916–414–6489, or via email at permitsR8ES@

fws.gov. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite the public to comment on applications for permits under section 10(a)(1)(A) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permits would allow the applicants to conduct activities intended to promote recovery of species that are listed as endangered or threatened under the ESA.

Background

With some exceptions, the ESA prohibits activities that constitute take of listed wildlife species unless a Federal permit is issued that allows such activity. The ESA's definition of "take" of wildlife species includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing, or attempting to engage in any such conduct.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such prohibited actions as capture and collection of listed wildlife species and removal and reduction to possession of listed plant species from an area of federal jurisdiction. Our regulations implementing section 10(a)(1)(A) for these permits are found in the Code of

Federal Regulations at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

Proposed activities in the permit requests in table 1 are for the recovery and enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing these permits.

Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.

TABLE 1—PERMIT APPLICATIONS RECEIVED

Application No.	Applicant, city, state	Species	Location	Take activity	Permit action
67390A	Benjamin Smith, Irvine, California.	• Southwestern willow flycatcher (<i>Empidonax traillii extimus</i>).	CA, NV	Survey using recorded vocalization.	Renew.
63422B	U.S. Forest Service Spring Mountain National Recreation Area, Las Vegas, Nevada.	• Mount Charleston blue butterfly (<i>Icaricia [Plebejus] shasta charlestonensis</i>).	NV	Survey	Renew.
20186A	Huffman Environmental, LLC., Julian, California.	• Quino checkerspot butterfly (<i>Euphydryas editha quino</i>). • Riverside fairy shrimp (<i>Streptocephalus woottoni</i>). • San Diego fairy shrimp (<i>Branchinecta sandiegonensis</i>).	CA	Survey by pursuit, collect adult vouchers, and collect resting eggs.	Renew.
PER0121458	Donald Hardeman Jr., Cedar Hill, Texas.	• San Francisco garter snake (<i>Thamnophis sirtalis tetrataenia</i>).	CA	Survey, capture, handle, swab, and release.	Amend.
207873	Carol Thompson, Claremont, California.	• Conservancy fairy shrimp (<i>Branchinecta conservatio</i>). • Longhorn fairy shrimp (<i>Branchinecta longiantenna</i>).	CA	Survey, capture, handle, release, collect adult vouchers, and collect resting eggs.	Renew and amend.
PER15474162	Evan Davies, Santa Barbara, California.	• Tidewater goby (<i>Eucyclogobius newberryi</i>).	CA	Survey, capture, handle, and release.	New.
PER15476846	Lindsey Koos, Roseville, California.	• Conservancy fairy shrimp (<i>Branchinecta conservatio</i>). • Longhorn fairy shrimp (<i>Branchinecta longiantenna</i>). • Vernal pool tadpole shrimp (<i>Lepidurus packardii</i>). • Riverside fairy shrimp (<i>Streptocephalus woottoni</i>). • San Diego fairy shrimp (<i>Branchinecta sandiegonensis</i>).	CA	Survey, capture, handle, release, collect adult vouchers, and collect branchiopod resting eggs.	New.
12069D	Ryan Layden, San Diego, California.	• Conservancy fairy shrimp (<i>Branchinecta conservatio</i>). • Longhorn fairy shrimp (<i>Branchinecta longiantenna</i>). • Vernal pool tadpole shrimp (<i>Lepidurus packardii</i>). • Riverside fairy shrimp (<i>Streptocephalus woottoni</i>). • San Diego fairy shrimp (<i>Branchinecta sandiegonensis</i>).	CA	Survey, capture, handle, release, collect adult vouchers, and collect branchiopod resting eggs.	Renew.
PER15447319	Scarlett Stromer, Redding, California.	• Conservancy fairy shrimp (<i>Branchinecta conservatio</i>). • Longhorn fairy shrimp (<i>Branchinecta longiantenna</i>). • Vernal pool tadpole shrimp (<i>Lepidurus packardii</i>). • Riverside fairy shrimp (<i>Streptocephalus woottoni</i>). • San Diego fairy shrimp (<i>Branchinecta sandiegonensis</i>).	CA	Survey, capture, handle, release, collect adult vouchers, and collect branchiopod resting eggs.	New.
PER15481587	Pedro Garcia, Visalia, California	• Giant kangaroo rat (<i>Dipodomys ingens</i>). • Tipton kangaroo rat (<i>Dipodomys nitratoides nitratoides</i>). • Fresno kangaroo rat (<i>Dipodomys nitratoides exilis</i>).	CA	Survey, capture, handle, and release.	New.
98536C	Stillwater Sciences, Berkeley, California.	• Southwestern willow flycatcher (<i>Empidonax traillii extimus</i>).	AZ, CA, CO, NM, NV, UT.	Survey using recorded vocalization.	Amend.

Public Availability of Comments

Written comments we receive become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials, will be made available for public disclosure in their entirety.

Next Steps

After the comment period closes, we will make decisions regarding permit issuance. If we issue a permit to any of the applicants listed in this notice, we will publish a notice in the **Federal Register**. You may locate the notice announcing the permit issuance by searching <https://www.regulations.gov> by the application number listed above in this document. Type in your search exactly as the application number appears above, with spaces and hyphens as necessary. For example, to find information about the potential issuance of Permit No. PER 1234567–0, you would go to <https://www.regulations.gov> and type “PER 1234567–0” in the Search field.

An interested party opposed to a recovery permit's issuance may object by following the requirements in 50 CFR 17.22(d) and request notification of the final action. The Service will follow the procedures in that section regarding notification of interested parties who file objections to issuance of permits.

Authority

We publish this notice under section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Endangered and Threatened Species; Issuance of Enhancement of Survival and Incidental Take Permits for Safe Harbor Agreements, Candidate Conservation Agreements, Conservation Plans, and Recovery Activities; January 1, 2024, Through December 31, 2024

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), in accordance with the Endangered Species Act (ESA), provide a list to the public of permits issued under the ESA. With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes or exempts the taking under the ESA. We provide this list to the public as a summary of our permit issuances for candidate conservation agreements with assurances, safe harbor agreements, conservation benefit agreements, habitat conservation plans, and recovery activities for calendar year 2024.

FOR FURTHER INFORMATION CONTACT: For general information about the ESA permit process, contact Diana Kramer,

via phone at 703–358–1874 or via email at diana_kramer@fws.gov. For information on specific permits, see the contact information below in Permits Issued. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service (Service), provide a list to the public of the permits issued under sections 10(a)(1)(A) and 10(a)(1)(B) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et seq.*), as amended. The lists of 10(a)(1)(A) permits are published in accordance with section 10(d) of the ESA, and the lists of 10(a)(1)(B) permits are published in accordance with chapter 16 of the *Habitat Conservation Planning Handbook* (December 21, 2016; 81 FR 93702), developed by the Service in cooperation with the National Marine Fisheries Service, and available at <https://www.fws.gov/media/habitat-conservation-planning-and-incidental-take-permit-processing-handbook>.

With some exceptions, the ESA prohibits take of listed species unless a Federal permit is issued that authorizes the taking, or the take is exempted through section 7 of the ESA. In 2024, we revised the implementing regulations for ESA section 10(a) related to enhancement of survival permits supported by candidate conservation agreements with assurances (CCAAs) and safe harbor agreements (SHAs) (50 CFR 17.22(c) and (50 CFR 17.32 (c) and (d)), to combine the CCAAs and SHAs into one type of conservation agreement, called a conservation benefit agreement (CBA) (89 FR 26070; April 12, 2024). Therefore, permits listed in this notice include CCAAs and SHAs issued prior
