DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection; 60-Day Comment Request; Application and Impact of Clinical Research Training on Healthcare Professionals in Academia and Clinical Research (Office of the Director)

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995 to provide opportunity for public comment on proposed data collection projects, the Office of Clinical Research Education and Collaboration Outreach (OCRECO), Office of Intramural Research (OIR), National Institutes of Health, will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

DATES: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the data collection plans and instruments, submit

comments in writing, or request more information on the proposed project, contact: Dr. Ahmed M. Gharib, Program Director, Office of Clinical Research Education and Collaboration Outreach, NIH Office of the Director, Building 1, Room 201, MSC-0155, Bethesda, Maryland 20892 or email your request, including your address to: ocreco-education@mail.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

SUPPLEMENTARY INFORMATION: Section 3506(c)(2)(A) of the Paperwork

Reduction Act of 1995 requires: written comments and/or suggestions from the public and affected agencies are invited to address one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to

respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Proposed Collection Title:
Application and Impact of Clinical Research Training on Healthcare Professionals in Academia and Clinical Research, 0925-0764, exp., date 07/31/2027, Revision, Office of Clinical Research Education and Collaboration Outreach (OCRECO), Office of Intramural Research (OIR), National Institutes of Health (NIH), Office of the Director (OD).

Need and Use of Information

Collection: The purpose of these revised surveys is to continue to assess the long-term impact and outcomes of clinical research training programs provided by the Office of Clinical Research Education and Collaboration Outreach, located in the Office of Intramural Research, over a ten-year follow-up period. The information received from respondents will continue to provide insight on the following: impact of the courses on (a) promotion of professional competence, (b) research productivity and independence, and (c) future career development within clinical, translational and academic research settings. These surveys will continue to provide preliminary data and guidance

in (1) developing recommendations for collecting outcomes to assess the effectiveness of the training courses, and (2) tracking the impact of the curriculum on participants' ability to perform successfully in academic, non-academic, research, and non-research settings.

This revision request is comprised of the addition of 4 new surveys: two application surveys for two new certificate programs and two generic/template surveys for additional courses as part of the clinical research education programs of the office. The clinical research education programs include: the Introduction to the Principles and Practice of Clinical Research and Principles of Clinical Pharmacology, Sabbatical in Clinical Research Management, the NIH Summer Course in Clinical and Translational Research, the Ethical and Regulatory Aspects of Clinical Research Course (Asynchronous/Online), the Clinical Research Curriculum Certificate Program, the Radiology Research Certificate Program, and additional future courses.

OMB revision request approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 2,723.

BILLING CODE 4140-01-P**DEPARTMENT OF HEALTH AND HUMAN SERVICES****National Institutes of Health****2025 Interagency Autism Coordinating Committee Call for Nominations Announcement**

AGENCY: National Institutes of Health, HHS.

ACTION: Notice.

SUMMARY: The Department of Health and Human Services, National Institutes of Health published a Notice in the **Federal Register** on September 24, 2025, seeking nominations of individuals to serve as non-federal public members on the Interagency Autism Coordinating Committee (IACC). The purpose of this Notice is to provide an extension to allow additional time for the acceptance of nominations to the IACC.

DATES: The nomination deadline has been extended through Friday, January 2, 2026.

ADDRESSES: Nominations are due by Friday, January 2, 2026 and may be sent to Dr. Susan Daniels, Director, Office of National Autism Coordination/NIMH/NIH, 6001 Executive Boulevard, Room 6119, Bethesda, Maryland 20892 by standard or express mail, or via email to IACCPublicInquiries@mail.nih.gov. Confirmation of receipt will be provided. More information about the IACC is available at iacc.hhs.gov.

FOR FURTHER INFORMATION CONTACT:

Susan Daniels at 301-827-1437 or email at iaccpublicinquiries@mail.nih.gov.

SUPPLEMENTARY INFORMATION: On

September 24, 2025, the Department of Health and Human Services, National Institutes of Health published a Notice in the **Federal Register** on pages 45952-45954 (90 FR 45952), seeking nominations of individuals to serve as non-federal public members on the Interagency Autism Coordinating Committee (IACC). The closing date for nominations ended on November 10, 2025. The purpose of this notice is to extend acceptance of nominations until January 2, 2026. As specified in the Combating Autism Act of 2006 (Pub. L. 109-416) and reauthorized by the Autism Collaboration, Accountability, Research, Education and Support Act of 2024 (Pub. L. 118-180). The Office of National Autism Coordination (ONAC) of the National Institute of Mental Health, National Institutes of Health is assisting the Department in conducting an open nomination process.

Appointments of non-federal public members to the committee shall be made by the Secretary of Health and Human Services.

Eligibility Requirements

Nominations of new non-federal public members are encouraged, and previous non-federal public members may also be re-nominated to serve if they have served only one term previously, in accordance with 42 U.S.C. 280i-2(c)(3). Self-nominations and nominations of other individuals are both permitted. Only one nomination per individual is required. Multiple nominations of the same individual will not increase likelihood of selection. The Secretary may select non-federal public members from the pool of submitted nominations and other sources as needed to meet statutory requirements and to form a balanced committee that represents a broad range of expertise and perspectives within the autism
