§—Section

U.S.C.—United States Code

II. Background and Authority

The Coast Guard received notification that M/V SAMPOGRACHT will be transporting rubber tire gantry cranes to Seabrook, TX. The Captain of the Port Houston-Galveston (COTP) has determined that potential hazards associated with the transfer of rubber tire gantry cranes starting December 6, 2025, will be a safety concern for anyone within a 100-yard radius while the M/V SAMPOGRACHT is in transit and for anyone within 25-yard radius while the M/V SAMPOGRACHT is moored. This rule is needed to protect persons, property, and the marine environment within the navigable waters of the safety zones while the M/V SAMPOGRACHT transits to and unloads in Seabrook, Texas. Therefore, the COTP is issuing this rule under the authority in 46 U.S.C. 70034, which is needed to protect personnel, vessels, and the marine environment in the navigable waters around the safety zones.

The Coast Guard is issuing this rule without prior notice and comment. As is authorized by 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable and contrary to the public interest. The Coast Guard received all relevant information for the transfer of the rubber tire gantry cranes and the need for the safety zone on November 14, but we must establish this safety zone by December 6, 2025, to protect personnel, vessels, and the marine environment. Therefore, we do not have enough time to solicit and respond to comments.

For the same reasons, the Coast Guard finds that under 5 U.S.C. 553(d)(3), good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**.

III. Discussion of the Rule

This rule establishes two temporary safety zones from 5 a.m. on December 6, 2025 until 4 p.m. on December 23, 2025. The safety zones include a moving safety zone, covering all navigable waters within 100 yards of the M/V SAMPOGRACHT general cargo ship, and a fixed safety zone, covering all navigable waters within 25 yards of M/V SAMPOGRACHT. No vessel or person

will be permitted to enter the safety zone without obtaining permission from the COTP or their designated representative.

Moving Safety Zone: This area includes all waters within 100 yards of the M/V SAMPOGRACHT as the vessel transits from the Gulf of Mexico through the Houston Ship Channel. The approximate start position is 29°19'01.21" N, 094°38'38.1" W, located in the Gulf of America off the coast of Galveston, Texas.

Fixed Safety Zone: This area includes all waters within 25 yards of the M/V SAMPOGRACHT once the M/V SAMPOGRACHT is moored at Bayport Terminal in Seabrook, Texas, at approximate position 29°36'18.61" N, 095°0'25.12" W. The COTP may terminate enforcement of this safety zone prior to December 23, 2025, depending on the progress of the crane offloading operation.

IV. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders.

A. Impact on Small Entities

The regulatory flexibility analysis provisions of the Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, do not apply to rules that are not subject to notice and comment. Because the Coast Guard has, for good cause, waived the notice and comment requirement that would otherwise apply to this rulemaking, the Regulatory Flexibility Act's flexibility analysis provisions do not apply here.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), if this rule will affect your small business, organization, or governmental jurisdiction and you have questions, contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

Small businesses may send comments to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards by calling 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

B. Collection of Information

This rule will not call for a new collection of information under the

Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

C. Federalism and Indian Tribal Governments

We have analyzed this rule under Executive Order 13132, Federalism, and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in that Order.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

D. Unfunded Mandates Reform Act

As required by The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538), the Coast Guard certifies that this rule will not result in an annual expenditure of \$100,000,000 or more (adjusted for inflation) by a State, local, or tribal government, in the aggregate, or by the private sector.

E. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment.

This rule is a safety zone. It is categorically excluded from further review under paragraph L60(a) of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket.
