

The principal contractor will be L3Harris Global Communications, Inc., located in Rochester, NY. The purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the principal contractor. Products and services of TrellisWare Technologies, Inc., located in San Diego, CA, and ViaSat, Inc., located in Carlsbad, CA are included in the Foreign Military Sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government representatives to the Netherlands.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 24–82

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The AN/PRC–117G radios, AN/PRC–152A radios, AN/PRC–160 radios, AN/PRC–163 radios, AN/PRC–167 radios, and radio accessories are used to transmit and receive voice and data information using Type-1 encryption.

2. The highest level of classification of defense articles, components, and services included in this potential sale is UNCLASSIFIED.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that the Government of the Netherlands can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of the Netherlands.

The Honorable Mike Johnson
 Speaker of the House
 U.S. House of Representatives
 H-209, The Capitol
 Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 20-62 concerning the Army's proposed Letter(s) of Offer and Acceptance to the Kingdom of Saudi Arabia for defense articles and services estimated to cost \$655 million. We will issue a news release to notify the public of this proposed sale upon delivery of this letter to your office.

Sincerely,

Michael F. Miller
 Director

Transmittal No. 24-0G

**REPORT OF ENHANCEMENT OR
 UPGRADE OF SENSITIVITY OF
 TECHNOLOGY OR CAPABILITY (SEC.
 36(B)(5)(C), AECA)**

(i) *Prospective Purchaser:* Kingdom of Saudi Arabia

(ii) *Sec. 36(B)(1), AECA Transmittal No.:* 15-68

Date: October 19, 2015

Implementing Agency: Navy

Funding Source: National Funds

(iii) *Description:* On October 19, 2015, Congress was notified by congressional certification transmittal number 15-68 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of a comprehensive naval modernization program referred to as the Saudi Naval Expansion Program II (SNEP- II). This 2015 notification of the next phase of that program will include Multi-Mission Surface Combatant (MMSC) ships and program office

support. The MMSC will consist of the following Major Defense Equipment (MDE): four (4) MMSC ships (a derivative of the Freedom Variant of the U.S. Navy Littoral Combat Ship (LCS) Class) that incorporate five (5) COMBATSS-21 Combat Management Systems (four (4) installed, one (1) spare) with five (5) TRS-4D Radars (four (4) installed, one (1) spare); five (5) Identification Friend or Foe (IFF) (Mode 4- and Mode 5-capable) UPX-29 (four (4) installed, one (1) spare); five (5) Compact Low Frequency Active Passive Variable Depth Sonar (four (4) installed, one (1) spare); eight (8) MK-41 Vertical Launch Systems (VLS) (two (2) eight-cell assemblies per ship for 16 cells per hull); five-hundred thirty-two (532) tactical RIM-162 Evolved Sea Sparrow Missiles (ESSM) (one hundred twenty-eight (128) installed, twenty (20) test and training rounds, three hundred eighty-four (384) spares); five (5) AN/SWG-1 (V) Harpoon Ship Command Launch Control Systems (four (4)

installed (one (1) per ship), one (1) spare); eight (8) Harpoon Shipboard Launchers (two (2) installed four-tube assemblies per ship); forty-eight (48) RGM-84 Harpoon Block II Missiles (thirty-two (32) installed, sixteen (16) test and training rounds); five (5) MK-15 Mod 31 SeaRAM Close-In Weapon System (CIWS) (four (4) installed, one (1) spare); one-hundred eighty-eight (188) RIM 116C Block II Rolling Airframe Missiles (RAM) (forty-four (44) installed, twelve (12) test and training rounds, one hundred thirty-two (132) spares); five (5) MK-75 76mm OTO Melara Gun Systems (four (4) installed, one (1) spare); and forty-eight (48) 50-caliber machine guns (forty (40) installed (ten (10) per ship), eight (8) spares); ordnance; and Selective Availability Anti-Spoofing Module (SAASM) Global Positioning System/Precise Positioning Service (GPS/PPS) navigation equipment. Also included in this sale in support of the MMSC are: study, design and construction of

operations; support and training facilities; spare and repair parts; support and test equipment; communications equipment employing Link 16 equipment; Fire Control System/Ceros 200 Sensor and Illuminator; 20mm Narwhal Gun; Nixie AN/SLQ-25A Surface Ship Torpedo Defense System; MK-32 Surface Vessel Torpedo Tubes; WBR-2000 Electronic Support Measure and Threat Warning System; Automatic Launch of Expendables (ALEX) Chaff and Decoy-Launching System; ARC-210 Radios; Combined Enterprise Regional Information Exchange System (CENTRIXS); Automated Digital Network System; publications and technical documentation; personnel training and training equipment; U.S. Government and contractor engineering, technical and logistics support services; and other related elements of logistical and program support. In addition, this case provided overarching program office support for the SNEP II to include: U.S. Government and contractor engineering, technical and logistics support, and other related elements of program support to meet necessities for program execution. The estimated cost was \$11.25 billion. Major Defense Equipment (MDE) constituted \$4.30 billion of this total.

On May 24, 2019, Congress was notified by congressional certification transmittal number OP-19 of the inclusion of four (4) Multifunctional Information Distribution System Joint Tactical Radio Systems (MIDS JTRS) to be installed on Saudi Arabia's Multi-Mission Surface Combatant (MMSC) ships, support equipment, engineering and technical support, training, and other related elements of program support. The estimated total value remained at \$11.25 billion. The total MDE value increased by \$7 million to a revised MDE total of \$4.307 billion.

This transmittal notifies the inclusion of one hundred forty-eight (148) RGM-114-L Longbow Hellfire missiles (32 for each of 4 ships, 20 for testing); five (5) Indra Rigel Electronic Attack Systems (1 per ship, 1 for training); and sixteen (16) M240B machine guns (4 per ship) for installation on the Kingdom of Saudi Arabia's Multi-Mission Surface Combatant (MMSC) ships. Also included is engineering and technical support; training; and other related elements of logistics and program support. The estimated total case value will remain \$11.25 billion. The total MDE value will increase by \$403 million to a revised \$4.71 billion.

(iv) *Significance*: This notification is being provided as the additional MDE items were not enumerated in the original notification. The proposed sale

will support the Kingdom of Saudi Arabia with added protection in the Persian Gulf to meet current and future maritime threats. The Kingdom of Saudi Arabia intends to use the capability to support interoperability with U.S. forces and to support joint and coalition warfighting capabilities in the region.

(v) *Justification*: This proposed sale will contribute to the foreign policy and national security objectives of the United States by ensuring the readiness of a friendly country that continues to be an important force for political stability and economic growth in the Middle East.

(vi) *Sensitivity of Technology*:

Longbow Hellfire (LBHF) is a short-range, precision strike, air-to-surface missile that uses millimeter wave (MMW) radar guidance. LBHF was developed as an anti-armor weapon for helicopters. As part of the U.S. Navy's Littoral Combat Ship (LCS) program, the missile was modified to serve in a shipboard surface-to-surface role. This modified missile was adapted for use in a quad pack canister installed into the Mk-41 Vertical Launch System (VLS) for the Multi-Mission Surface Combatant (MMSC) ships.

The Indra Electronic Warfare (EW) suite will provide electronic surveillance, electronic protection, and electronic attack capabilities for the MMSC ships. The EW suite that will be installed on the MMSC ships is comprised of radar electronic support measures, which detect and identify enemy communications, and active radar electronic countermeasures, which jam and disrupt enemy radar performance and communications. The Indra EW suite will not be integrated with the ship's combat management system, will not exchange classified data, and the U.S. Navy will not provide threat library information. The EW suite is available internationally through Indra.

The M240B machine guns will provide shipboard self-defense for MMSC ships in the Arabian Gulf, helping to protect critical ports and waterways while ensuring freedom of navigation.

The Sensitivity of Technology Statement contained in the original notification applies to additional items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: October 11, 2024

BILLING CODE 6001-FR-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2025-SCC-1076]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Request for Designation as an Eligible Institution Under Section 312 of the HEA and Waivers of the Non-Federal Cost Share Reimbursement

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing an extension without change to a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before January 12, 2026.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link www.reginfo.gov/public/do/PRAMain to access the site. Find this information collection request (ICR) by selecting "Department of Education" under "Currently Under Review," then check the "Only Show ICR for Public Comment" checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the "View Information Collection (IC) List" link. Supporting statements and other supporting documentation may be found by clicking on the "View Supporting Statement and Other Documents" link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Nemeka Mason-Clerc, 202-987-1340.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in
