**Title of Collection:** Request for Designation as an Eligible Institution Under Section 312 of the HEA and Waivers of the Non-Federal Cost Share Reimbursement.

**OMB Control Number:** 1840–0103.

**Type of Review:** Extension without change to a currently approved ICR.

**Respondents/Affected Public:** Private Sector; State, Local, and Tribal Governments.

**Total Estimated Number of Annual Responses:** 700.

**Total Estimated Number of Annual Burden Hours:** 4,900.

**Abstract:** This collection of information is necessary in order for the Secretary of Education to designate an institution of higher education eligible to apply for funding under Section 312 of the Higher Education Act of 1965, as amended. An institution must apply to the Secretary to be designated as an eligible institution.

This collection of information is gathered electronically by the Department for the purpose of determining an institution's eligibility to participate in grant programs under Section 312 of the Higher Education Act of 1965 based on its enrollment of needy students and low average Core Expenses per full-time equivalent student. This collection also allows an institution to request a waiver of certain non-Federal cost-share requirements under the Federal Work-Study Program, Federal Supplemental Educational Opportunity Grant, and Student Support Services Program.

The collection is paired with a computational exercise that results in the simultaneous publication of an Eligibility Matrix, a listing of postsecondary institutions potentially eligible to apply for grants in Institutional Service. Criteria derived from applicable legislation and regulations are applied to enrollment and financial data from Department sources to determine the eligibility of each institution for each program. Only those institutions that either do not meet the financial criteria or do not appear in the Eligibility Matrix need to go through the application process.

The results of the application process are a determination of eligibility for grant application and waiver, and updated information on institutional eligibility which is added to the Eligibility Matrix.

This collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894–0001). Therefore, the 30-day public comment

period notice will be the only public comment notice published for this information collection.

#### SUPPLEMENTARY INFORMATION:<sup>1</sup>

This CIC proceeding commenced on March 6, 2025, when MXP filed the CIC Notice,<sup>2</sup> followed by a supplement (First Supplement)<sup>3</sup> on March 21, 2025. The CIC Notice references Mexico Pacific Holdings, L.P. (MXP Holdings)—the entity that owns MXP and is now known as Mexico Pacific Holdings, LLC, as described below.

On May 7, 2025, DOE published notice of both the CIC Notice and the First Supplement in the **Federal Register**.<sup>4</sup> In response to this notice, DOE received a pleading jointly filed by Public Citizen, Inc., Natural Resources Defense Council (NRDC), and Sierra Club, in which these organizations protested the CIC Notice and Supplement and, as to NRDC and Sierra Club, moved to intervene in the CIC proceeding.<sup>5</sup>

On May 30, 2025, in a “Second Supplement to CIC Notice Submitted March 5, 2025,”<sup>6</sup> MXP informed DOE

<sup>2</sup> Mexico Pacific Limited LLC, Notice of Change in Control, Docket Nos. 18–70–LNG and 22–167–LNG (Mar. 6, 2025) [hereinafter CIC Notice]. Because DOE received the CIC Notice after the close of business on March 5, 2025, it was date-stamped and docketed by DOE on March 6, 2025. However, MXP references the CIC Notice as “submitted March 5, 2025” throughout its documents.

that “multiple new investors are expected to be admitted to MXP Holdings.”<sup>7</sup>

On August 8, 2025, MXP submitted a “Third Supplement to March 5, 2025 CIC Notice” (Third Supplement)<sup>8</sup> in which it notified DOE of the following changes, effective as of July 9, 2025:

(i) MXP Holdings converted its form of organization from a Delaware limited partnership (Mexico Pacific Holdings, L.P.) to a Delaware limited liability company named Mexico Pacific Holdings, LLC;

(ii) The then sole member and manager of MXP Holdings, Mexico Pacific Holdings GP, LLC (a Delaware limited liability company), with 70% economic interest in MXP Holdings, was renamed Windsor Cliff Sponsor, LLC (Windsor Cliff Sponsor); and

(iii) Three investors—two Florida limited liability companies and an individual—each acquired a 10% economic interest in MXP Holdings.<sup>9</sup>

On October 29, 2025, DOE sent MXP a “Request for Information in Change of Control Proceeding” (Request for Information),<sup>10</sup> in which DOE asked MXP to provide additional information regarding the identity of the three minority investors referenced in the Third Supplement.

On November 24, 2025, MXP submitted the Fourth Supplement.<sup>11</sup> In the Fourth Supplement, MXP stated that it is responding to DOE’s Request for Information and “provid[ing] a further supplement to MXP’s March 5, 2025 CIC Notice.”<sup>12</sup> Specifically, MXP stated that, since its submission of its Third Supplement, “one of the three owners of a ten percent (10%) economic interest in MXP Holdings has assigned that minority interest to an Ontario limited partnership.”<sup>13</sup> Thus, following the completion of the assignment of a 10% economic interest in MXP Holdings, the three minority investors in MXP

Holdings, each holding a 10% economic interest, are now:

- LDM Strategic Holdings, LLC, a Florida limited liability company;
- Avila Blue, LLC, a Florida limited liability company; and
- Sonvapor LP, an Ontario, Canada, limited partnership.<sup>14</sup>

MXP stated that there are no affiliations among these entities beyond their minority interest in MXP Holdings.

Additional details can be found in MXP’s filings available on the DOE website at <https://www.energy.gov/fecm/mexico-pacific-limited-llc-mpl-fecm-dkt-no-18-70-lng> (Docket No. 18–70–LNG) and <https://www.energy.gov/fecm/articles/mexico-pacific-limited-llc-mpl-fecm-docket-no-22-167-lng> (Docket No. 22–167–LNG).

### DOE Evaluation

In accordance with DOE’s CIC Procedures,<sup>15</sup> DOE will review the CIC Notice, as supplemented through the Fourth Supplement, showing that MXP Holdings’ ownership is now: (i) Windsor Cliff Sponsor holding 70% of the membership interest in MXP Holdings, and (ii) the three minority investors identified above each holding a 10% economic interest in MXP Holdings (30% total).<sup>16</sup> MXP Holdings, in turn, continues to own 100% of MXP, the DOE authorization holder.<sup>17</sup>

Consistent with the CIC Procedures, this notice addresses MXP’s existing authorization to export liquefied natural gas (LNG) to countries with which the United States has not entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas and with which trade is not prohibited by United States law or policy (non-FTA countries), granted in DOE/FE Order No. 4312, as amended.<sup>18</sup>

<sup>14</sup> *Id.* Due to the foreign economic interests resulting from the Transaction, MXP’s change in control may require the approval of the Committee on Foreign Investment in the United States (CFIUS). DOE expresses no opinion regarding the need for review by CFIUS. Additional information may be obtained at: <https://home.treasury.gov/policy-issues/international/the-committee-on-foreign-investment-in-the-united-states-cfius>.

<sup>16</sup> See Fourth Supp. at 2.

<sup>17</sup> See Third Supp. at 3 (stating that “MXP Holdings still controls MXP, the export authorization holder and applicant, and MXP Holdings is still controlled by its former sole member, now known as Windsor Cliff Sponsor”) and Appendix A.

<sup>18</sup> MXP’s CIC Notice and Supplements also apply to: (1) MXP’s existing authorizations to export LNG to FTA countries in Docket Nos. 18–70–LNG and 22–167–LNG, and (2) MXP’s pending application to export LNG to non-FTA countries in Docket No. 22–167–LNG. ### Public Comment Procedures
