operations; support and training facilities; spare and repair parts; support and test equipment; communications equipment employing Link 16 equipment; Fire Control System/Ceros 200 Sensor and Illuminator; 20mm Narwhal Gun; Nixie AN/SLQ–25A Surface Ship Torpedo Defense System; MK–32 Surface Vessel Torpedo Tubes; WBR–2000 Electronic Support Measure and Threat Warning System; Automatic Launch of Expendables (ALEX) Chaff and Decoy-Launching System; ARC–210 Radios; Combined Enterprise Regional Information Exchange System (CENTRIXS); Automated Digital Network System; publications and technical documentation; personnel training and training equipment; U.S. Government and contractor engineering, technical and logistics support services; and other related elements of logistical and program support. In addition, this case provided overarching program office support for the SNEP II to include: U.S. Government and contractor engineering, technical and logistics support, and other related elements of program support to meet necessities for program execution. The estimated cost was $11.25 billion. Major Defense Equipment (MDE) constituted $4.30 billion of this total.

On May 24, 2019, Congress was notified by congressional certification transmittal number 0P–19 of the inclusion of four (4) Multifunctional Information Distribution System Joint Tactical Radio Systems (MIDS JTRS) to be installed on Saudi Arabia's Multi-Mission Surface Combatant (MMSC) ships, support equipment, engineering and technical support, training, and other related elements of program support. The estimated total value remained at $11.25 billion. The total MDE value increased by $7 million to a revised MDE total of $4.307 billion.

This transmittal notifies the inclusion of one hundred forty-eight (148) RGM–114–L Longbow Hellfire missiles (32 for each of 4 ships, 20 for testing); five (5) Indra Rigel Electronic Attack Systems (1 per ship, 1 for training); and sixteen (16) M240B machine guns (4 per ship) for installation on the Kingdom of Saudi Arabia's Multi-Mission Surface Combatant (MMSC) ships. Also included is engineering and technical support; training; and other related elements of logistics and program support. The estimated total case value will remain $11.25 billion. The total MDE value will increase by $403 million to a revised $4.71 billion.

(iv) *Significance:* This notification is being provided as the additional MDE items were not enumerated in the original notification. The proposed sale will support the Kingdom of Saudi Arabia with added protection in the Persian Gulf to meet current and future maritime threats. The Kingdom of Saudi Arabia intends to use the capability to support interoperability with U.S. forces and to support joint and coalition warfighting capabilities in the region.

(v) *Justification:* This proposed sale will contribute to the foreign policy and national security objectives of the United States by ensuring the readiness of a friendly country that continues to be an important force for political stability and economic growth in the Middle East.

(vi) *Sensitivity of Technology:*

Longbow Hellfire (LBHF) is a short-range, precision strike, air-to-surface missile that uses millimeter wave (MMW) radar guidance. LBHF was developed as an anti-armor weapon for helicopters. As part of the U.S. Navy's Littoral Combat Ship (LCS) program, the missile was modified to serve in a shipboard surface-to-surface role. This modified missile was adapted for use in a quad pack canister installed into the Mk-41 Vertical Launch System (VLS) for the Multi-Mission Surface Combatant (MMSC) ships.

The Indra Electronic Warfare (EW) suite will provide electronic surveillance, electronic protection, and electronic attack capabilities for the MMSC ships. The EW suite that will be installed on the MMSC ships is comprised of radar electronic support measures, which detect and identify enemy communications, and active radar electronic countermeasures, which jam and disrupt enemy radar performance and communications. The Indra EW suite will not be integrated with the ship's combat management system, will not exchange classified data, and the U.S. Navy will not provide threat library information. The EW suite is available internationally through Indra.

The M240B machine guns will provide shipboard self-defense for MMSC ships in the Arabian Gulf, helping to protect critical ports and waterways while ensuring freedom of navigation.

The Sensitivity of Technology Statement contained in the original notification applies to additional items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress:* October 11, 2024

BILLING CODE 6001–FR–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2025–SCC–1076]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Request for Designation as an Eligible Institution Under Section 312 of the HEA and Waivers of the Non-Federal Cost Share Reimbursement

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing an extension without change to a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before January 12, 2026.

ADDRESSES: Written comments and recommendations for proposed information collection requests should be submitted within 30 days of publication of this notice. Click on this link *www.reginfo.gov/public/do/PRAMain* to access the site. Find this information collection request (ICR) by selecting ''Department of Education'' under ''Currently Under Review,'' then check the ''Only Show ICR for Public Comment'' checkbox. *Reginfo.gov* provides two links to view documents related to this information collection request. Information collection forms and instructions may be found by clicking on the ''View Information Collection (IC) List'' link. Supporting statements and other supporting documentation may be found by clicking on the ''View Supporting Statement and Other Documents'' link.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Nemeka Mason-Clercin, 202–987–1340.

SUPPLEMENTARY INFORMATION: The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Request for Designation as an Eligible Institution Under Section 312 of the HEA and Waivers of the Non-Federal Cost Share Reimbursement.

OMB Control Number: 1840–0103.

Type of Review: Extension without change to a currently approved ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 700.

Total Estimated Number of Annual Burden Hours: 4,900.

Abstract: This collection of information is necessary in order for the Secretary of Education to designate an institution of higher education eligible to apply for funding under Section 312 of the Higher Education Act of 1965, as amended. An institution must apply to the Secretary to be designated as an eligible institution.

This collection of information is gathered electronically by the Department for the purpose of determining an institution's eligibility to participate in grant programs under Section 312 of the Higher Education Act of 1965 based on its enrollment of needy students and low average Core Expenses per full-time equivalent student. This collection also allows an institution to request a waiver of certain non-Federal cost-share requirements under the Federal Work-Study Program, Federal Supplemental Educational Opportunity Grant, and Student Support Services Program.

The collection is paired with a computational exercise that results in the simultaneous publication of an Eligibility Matrix, a listing of postsecondary institutions potentially eligible to apply for grants in Institutional Service. Criteria derived from applicable legislation and regulations are applied to enrollment and financial data from Department sources to determine the eligibility of each institution for each program. Only those institutions that either do not meet the financial criteria or do not appear in the Eligibility Matrix need to go through the application process.

The results of the application process are a determination of eligibility for grant application and waiver, and updated information on institutional eligibility which is added to the Eligibility Matrix.

This collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1894–0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Brian Fu,

Program and Management Analyst, Office of the Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

[Docket Nos. 18–70–LNG, 22–167–LNG]

Change In Control: Mexico Pacific Limited LLC

AGENCY: Office of Fossil Energy and Carbon Management, Department of Energy.

ACTION: Notice of change in control.

SUMMARY: The Office of Fossil Energy and Carbon Management (FECM) of the Department of Energy (DOE) gives notice of receipt of a ''Response to Request for Further Updates in Change in Control Proceeding and Fourth Supplement to March 5, 2025 CIC Notice'' (Fourth Supplement) filed by Mexico Pacific Limited LLC (MXP) on November 24, 2025, among other developments. The Fourth Supplement is the latest supplement to MXP's Change in Control (CIC) Notice filed on March 6, 2025 (CIC Notice), as discussed below, and provides additional information concerning a change in MXP's upstream ownership. The CIC Notice and supplements, including the Fourth Supplement, were filed under the Natural Gas Act, and in accordance with DOE's regulations and DOE's Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures).

DATES: Protests, motions to intervene, or notices of intervention, as applicable, and written comments are to be filed as detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, December 29, 2025.

ADDRESSES:

Electronic Filing by email (Strongly encouraged): fergas@hq.doe.gov.

Postal Mail, Hand Delivery, or Private Delivery Services (e.g., FedEx, UPS, etc.): U.S. Department of Energy (FE–34), Office of Regulation, Analysis, and Engagement, Office of Fossil Energy and Carbon Management, Forrestal Building, Room 3E–056, 1000 Independence Avenue SW, Washington, DC 20585.

Due to potential delays in DOE's receipt and processing of mail sent through the U.S. Postal Service, we encourage respondents to submit filings electronically to ensure timely receipt.

FOR FURTHER INFORMATION CONTACT:

Jennifer Wade or Peri Ulrey, U.S. Department of Energy (FE–34), Office of Regulation, Analysis, and Engagement, Office of Resource Sustainability, Office of Fossil Energy and Carbon Management, Forrestal Building, Room 3E–042, 1000 Independence Avenue SW, Washington, DC 20585, (202) 586–4749 or (202) 586–7893, *jennifer.wade@hq.doe.gov* or *peri.ulrey@hq.doe.gov.*

Cassandra Bernstein, U.S. Department of Energy (GC–76), Office of the Assistant General Counsel for Energy Delivery and Resilience, Forrestal Building, Room 6D–033, 1000 Independence Avenue SW, Washington, DC 20585, (240) 780–1691, *cassandra.bernstein@hq.doe.gov.*

SUPPLEMENTARY INFORMATION: [1]

This CIC proceeding commenced on March 6, 2025, when MXP filed the CIC Notice,[2] followed by a supplement (First Supplement) [3] on March 21, 2025. The CIC Notice references Mexico Pacific Holdings, L.P. (MXP Holdings)—the entity that owns MXP and is now known as Mexico Pacific Holdings, LLC, as described below.

On May 7, 2025, DOE published notice of both the CIC Notice and the First Supplement in the **Federal Register**.[4] In response to this notice, DOE received a pleading jointly filed by Public Citizen, Inc., Natural Resources Defense Council (NRDC), and Sierra Club, in which these organizations protested the CIC Notice and Supplement and, as to NRDC and Sierra Club, moved to intervene in the CIC proceeding.[5]

On May 30, 2025, in a ''Second Supplement to CIC Notice Submitted March 5, 2025,'' [6] MXP informed DOE

---

[1] For all documents filed as part of this CIC proceeding, please see Docket Nos. 18–70–LNG and 22–167–LNG.

[2] Mexico Pacific Limited LLC, Notice of Change in Control, Docket Nos. 18–70–LNG and 22–167–LNG (Mar. 6, 2025) [hereinafter CIC Notice]. Because DOE received the CIC Notice after the close of business on March 5, 2025, it was date-stamped and docketed by DOE on March 6, 2025. However, MXP references the CIC Notice as ''submitted March 5, 2025'' throughout its documents.

[3] Mexico Pacific Limited LLC, Supplement Describing Changes in Equity Ownership that Preceded Changes in Control Described in CIC Notice Submitted March 5, 2025, Docket Nos. 18–70–LNG and 22–167–LNG (Mar. 21, 2025).

[4] U.S. Dep't of Energy, Change in Control: Mexico Pacific Limited LLC; Notice of Change in Control, 90 FR 19288 (May 7, 2025).

[5] Public Citizen, *et al.,* Protest of Public Citizen, Inc., Natural Resources Defense Council and Sierra Club, and Intervention of Natural Resources Defense Council and Sierra Club, Docket Nos. 18–70–LNG and 22–167–LNG (May 22, 2025).

[6] Mexico Pacific Limited LLC, Second Supplement to March 5, 2025 CIC Notice, Docket Nos. 18–70–LNG and 22–167–LNG (May 30, 2025).
