

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission**

[Project No. 2426–239]

California Department of Water Resources, Los Angeles Department of Water and Power; Notice of Availability of Environmental Assessment

The final EA contains Commission staff's analysis of the potential environmental effects of the proposed variance, alternatives to the proposed action, and concludes that the proposed variance with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The final EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "elibrary" link. Enter the docket number (P–2426) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1–866–208–3676, or for TTY, (202) 502–8659.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

For further information, contact Jason Krebill at 202–502–8268 or jason.krebil@ferc.gov.

[Project No. 2237–036]

Georgia Power Company; Notice of Intent To Prepare an Environmental Assessment

On August 1, 2025, Georgia Power Company filed an application for non-project use of project lands and waters

to establish a commercial dredging operation for the Morgan Falls Hydroelectric Project No. 2237. The project is located on the Chattahoochee River in Cobb and Fulton counties, Georgia. The project occupies federal lands administered by the National Park Service.

The licensee submitted a request on behalf of River Sand Incorporated to allow the use and occupancy of lands and waters inside the project boundary for the purpose of establishing a commercial dredging operation at the previous location of Ace Sand. The operation would remove a minimum of 12,000 cubic yards of sediment annually from an area 600-feet long by 100-feet wide (1.4 acres). The sediment will be dewatered with screens and gravity separation techniques and water from the dewatering device will be returned to the project reservoir. The sediment will be temporarily stockpiled on an adjacent upland site that is located outside of the project boundary and will be transported off-site when sold. A Notice of Application was issued on August 22, 2025. No comments were received.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) for the project.¹ Commission staff plans to issue an EA by February 27, 2026. Revisions to the schedule may be made as appropriate.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502–6595 or OPP@ferc.gov.

Any questions regarding this notice may be directed to Meghan Walker at 202–502–6168 or meghan.walker@ferc.gov.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY**Federal Energy Regulatory Commission****Combined Notice of Filings #1**

December 10, 2025.

Take notice that the Commission received the following electric corporate filings:

Docket Numbers: EC26–37–000.

Applicants: Database returns error. There is a problem with archive data and system. Contact Administrator.

Description: Joint Application for Authorization Under Section 203 of the Federal Power Act of Atlas VII, LLC, *et al.*

Filed Date: 12/9/25.

Accession Number: 20251209–5190.

Comment Date: 5 p.m. ET 12/30/25.

Take notice that the Commission received the following exempt wholesale generator filings:

Docket Numbers: EG26–92–000.

Applicants: Mallard Energy Storage LLC.

Description: Mallard Energy Storage LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 12/9/25.

Accession Number: 20251209–5166.

Comment Date: 5 p.m. ET 12/30/25.

Docket Numbers: EG26–93–000.

Applicants: MEC Phase 1, LLC.

Description: MEC Phase 1, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 12/10/25.

Accession Number: 20251210–5104.

Comment Date: 5 p.m. ET 12/31/25.

Docket Numbers: EG26–94–000.

Applicants: Database returns error.

There is a problem with archive data and system. Contact Administrator.

Description: MEC Phase 2, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 12/10/25.

Accession Number: 20251210–5106.

Comment Date: 5 p.m. ET 12/31/25.

Docket Numbers: EG26–95–000.

Applicants: Lock Energy Center, LLC.

Description: Lock Energy Center, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 12/10/25.

Accession Number: 20251210–5129.

Comment Date: 5 p.m. ET 12/31/25.

Docket Numbers: EG26–96–000.

Applicants: Colleton Energy Storage, LLC.

Description: Colleton Energy Storage, LLC submits Notice of Self-Certification of Exempt Wholesale Generator Status.

Filed Date: 12/10/25.

Accession Number: 20251210–5131.
