For more information on these meetings visit the Councils' website at <https://www.doi.gov/subsistence/regions>. Any comments and recommendations received in correspondence or at meetings scheduled during the scoping period will be reviewed and considered by the Office of the Senior Advisor to the Secretary of the Interior for Alaska Affairs.

You may submit written comments and materials concerning this review by one of the methods listed in **ADDRESSES**. If you submit a comment via email, hard copy, or electronically, your entire comment, including any personal identifying information, may be posted online and will be accepted if transmitted or postmarked before or on February 13, 2026. Reasonable Accommodations

The Secretaries are committed to providing access to these meetings and opportunities to comment for all participants. Please direct all requests for sign language interpreting services, closed captioning, or other accommodation needs to the Office of Subsistence Management at subsistence@ios.doi.gov, 907-786-3888 or 800-877-8339 (TTY), at least seven business days prior to the open house.

All submitted comments and materials will be available for public inspection online at https://www.doi.gov/subsistence/FSMP_Scoping_Process or by appointment between 8 a.m. and 3 p.m., Monday through Friday, except Federal holidays, at: Office of Subsistence Management, 1011 East Tudor Road, Anchorage, AK 99503.

Tribal Consultation and Comment

As expressed in Executive Order 13175, "Consultation and Coordination with Indian Tribal Governments," the federal officials that have been delegated authority by the Secretaries are committed to honoring the unique government-to-government political relationship that exists between the U.S. Government and federally recognized Indian Tribes (Tribes) as listed in 89 FR 99899 (Dec. 11, 2024). Consultation with Alaska Native corporations is based on Public Law 108-199, div. H, Sec. 161, Jan. 23, 2004, 118 Stat. 452, as amended by Public Law 108-447, div. H, title V, Sec. 518, Dec. 8, 2004, 118 Stat. 3267, which provides that: "The Director of the Office of Management and Budget and all Federal agencies shall hereafter consult with Alaska Native corporations on the same basis as Indian tribes under Executive Order No. 13175."

ANILCA does not provide specific rights to Alaska Native Tribes for subsistence taking of wildlife, fish, shellfish, and other natural resources. However, because Tribal members are affected by subsistence hunting, fishing, and trapping regulations, the Secretaries will provide Tribes and Alaska Native corporations an opportunity to consult on this Program review on request submitted to the offices listed under **FOR FURTHER INFORMATION CONTACT**.

The Departments will engage in outreach efforts, including a notification letter, to ensure Tribes and Alaska Native corporations are advised of the

mechanisms for participation. The Secretaries commit to efficiently and adequately providing an opportunity to Tribes and Alaska Native corporations for consultation in regard to subsistence uses; to consider information, input, and recommendations provided; and to address concerns as much as practicable.

Paperwork Reduction Act of 1995 (PRA)

This review does not contain any new collections of information that require Office of Management and Budget (OMB) approval under the PRA (44 U.S.C. 3501 *et seq.*). OMB has reviewed and approved the collections of information associated with the subsistence regulations and assigned OMB Control Number 1018-0075, with an expiration date of November 30, 2027. We may not conduct or sponsor, and you are not required to respond to a collection of information, unless it displays a currently valid OMB control number.

This action is taken pursuant to delegated authority.

Assistant Secretary, Policy, Management and Budget, Department of the Interior.

Receipt of Pesticide Petitions Filed for Residues of Pesticide Chemicals in or on Various Commodities—August 2025

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of filing of petitions and request for comment.

SUMMARY: This document announces the Agency's receipt of and solicits public comment on initial filings of pesticide petitions requesting the establishment or modification of regulations for residues of pesticide chemicals in or on various commodities. The Agency is providing this notice in accordance with the Federal Food, Drug, and Cosmetic Act (FFDCA). EPA uses the month and year in the title to identify when the Agency compiled the petitions identified in this notice of filing. Unit II.

of this document identifies certain petitions received in 2024 and 2025 that are currently being evaluated by EPA, along with information about each petition, including who submitted the petition and the requested action.

SUPPLEMENTARY INFORMATION:

I. Executive Summary

A. Does this action apply to me?

This action provides information that is directed to the public in general.

B. What is the Agency's authority for taking this action?

EPA regulations for residues of pesticide chemicals in or on various food commodities are established under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a. FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), requires EPA to publish a notice of receipt of these petitions in the **Federal Register** and provide an opportunity for public comment on the requests.

C. What action is the Agency taking?

As specified in FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), EPA is publishing notice of the receipt of pesticide petitions filed under FFDCA section 408 that request the establishment or modification of regulations for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the requests before responding to the petitioner. Pursuant to 40 CFR 180.7(f), a summary of the petition identified in this document,

prepared by the petitioner, is included in a docket. EPA has determined that the pesticide petitions described in this document contain data or information prescribed in FFDCA section 408(d)(2), 21 U.S.C. 346a(d)(2), and 40 CFR 180.7(b); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data supports granting the pesticide petitions. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be needed before EPA can make a final determination on these pesticide petitions.

Based upon review of the data supporting these petitions and in accordance with its authority under FFDCA section 408(d)(4)(A)(i), EPA may establish a final tolerance or tolerance exemption that “may vary from that sought by the petitioner.” For example, EPA may determine that it is appropriate to vary the commodity name for consistency with EPA’s Food and Feed Commodity Vocabulary, which is located here <https://www.epa.gov/pesticide-tolerances/food-and-feed-commodity-vocabulary>, or vary the tolerance level based on available data, harmonization interests, or the trailing zeros policy. In addition, when evaluating a petition’s requests for a tolerance or exemption, EPA will consider how use of the pesticide on a crop for which a tolerance is requested may result in residues in or on commodities related to that requested commodity (e.g., whether use on sugar beets for which a tolerance was requested on sugar beet root also requires a tolerance on sugar beet tops or whether use on a cereal grain for which a grain tolerance was requested also requires a tolerance on related animal feed commodities derived from that cereal grain). Public commenters should consider the possibility of such revisions in preparing comments on these petitions.

D. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit CBI to EPA through <https://www.regulations.gov> or email. If you wish to include CBI in your comment, please follow the applicable instructions at <https://www.epa.gov/dockets/commenting-epa-dockets#rules> and clearly mark the information that you claim to be CBI. In addition to one complete version of the comment that includes CBI, a copy of the comment without CBI must be submitted for inclusion in the public docket. Information marked as CBI will not be

disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <https://www.epa.gov/epa-dockets>.

II. Petitions Received

This unit provides the following information about the petitions:

- The Pesticide Petition (PP) Identification (IN) number;
- EPA docket ID number for the petition;
- Information about the petition (i.e., name of the petitioner, name of the pesticide chemical residue and the commodities for which a tolerance or exemption is sought);
- The analytical method available to detect and measure the pesticide chemical residue or the petitioner’s statement about why such a method is not needed; and
- The division to contact for that petition.

Additional information on the petitions may be obtained through the petition summaries that were prepared by the petitioners pursuant to 21 U.S.C. 346a(d)(2)(A)(i)(I) and 40 CFR 180.7(b)(1), which are included in the docket for the petition as identified in this unit.
