

between 2023 and 2024. This marked success emphasizes the need to continue this life-saving work. There is continued urgency to address the magnitude of the drug overdose epidemic in the U.S., given that 2024 witnessed an estimated 83,391 drug overdose deaths. Consequently, it is imperative that prevention strategies that have been at the forefront of reducing drug overdose deaths in the U.S. continue to be employed and supported by public health departments and partners working across settings and sectors.

CDC's NCIPC Division of Overdose Prevention (DOP) has a comprehensive portfolio of overdose surveillance and prevention efforts, including its flagship Overdose Data to Action (OD2A) cooperative agreements (CoAgs). The purpose of OD2A in States (OD2A-S) (CDC-RFA-CE23-0002) and OD2A: Limiting Overdose through

Collaborative Actions in Localities (OD2A: LOCAL) (CDC-RFA-CE23-0003) is to support funded jurisdictions in obtaining high quality, complete, and timelier data on opioid prescribing and overdoses involving opioids, stimulants, and polysubstance use, and to use those data to inform prevention and response efforts. OD2A-S focuses on overdose surveillance and prevention efforts conducted by health departments across 49 states and the District of Columbia. OD2A: LOCAL focuses on overdose surveillance and prevention efforts by 39 health departments in cities and counties and Puerto Rico. This is a request to continue the currently approved Information Collection Requests (OMB Control No. 0920-1283, Exp. 05/31/2026), to ensure that required work plan and annual performance report (APR) data can be submitted by all 90 funded OD2A in States (n=50) and OD2A: LOCAL

recipients (n=40). This request is for a three-year period to ensure that all reporting can be completed for these cooperative agreements.

Revisions are requested to remove previously approved data collection instruments that are no longer active for ongoing data collection purposes and revise burden. Data collection instruments being inactivated include Evaluation and Performance Measurement Plan Templates, Data Management Plan Templates, Organizational Capacity Assessment—Annual Reporting, and Activity Progress Report and Work Plan Tool—Annual Reporting. No additional burden has been added; however, based on the removal of previously approved instruments the burden decreased from 1,343 hours to 1,080 hours. There are no costs to respondents other than their time to participate.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
OD2A-S-funded state and District of Columbia health departments.	OD2A-S Annual Performance Report and Work Plan.	50	1	12	600
OD2A-LOCAL-funded territory, county, and city health departments.	OD2A: LOCAL Annual Performance Report and Work Plan.	40	1	12	480
Total					1,080

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Agency Information Collection Activities: Proposed Collection: Public Comment Request; Information Collection Request Title: Health Center Program Forms—OMB No. 0915-0285—Revision

AGENCY: Health Resources and Services Administration (HRSA), Department of Health and Human Services.

ACTION: Notice.

SUMMARY: In compliance with the requirement for opportunity for public comment on proposed data collection projects of the Paperwork Reduction Act

of 1995, HRSA announces plans to submit an Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting the ICR to OMB, HRSA seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on this ICR should be received no later than February 13, 2026.

ADDRESSES: Submit your comments to paperwork@hrsa.gov or mail the HRSA Information Collection Clearance Officer, Room 13N82, 5600 Fishers Lane, Rockville, Maryland 20857.

FOR FURTHER INFORMATION CONTACT: To request more information on the proposed project or to obtain a copy of the data collection plans and draft instruments, email paperwork@hrsa.gov or call Samantha Miller, the HRSA Information Collection Clearance Officer, at (301) 443-3983.

SUPPLEMENTARY INFORMATION:

Information Collection Request Title: Health Center Program Forms, OMB No. 0915-0285—Revision.

Abstract: The Health Center Program, administered by HRSA, is authorized under Section 330 of the Public Health Service Act (42 U.S.C. 254b). Health centers are patient-directed organizations that deliver affordable, accessible, quality, and cost-effective primary health care services to patients regardless of their ability to pay. Nearly 1,400 health centers operate more than 16,200 service delivery sites that provide primary health care to more than 32 million people in every U.S. state, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, and the Pacific Basin. HRSA uses forms for new and existing health centers and other entities to apply for various grant and non-grant opportunities, renew grant and non-grant designations, report progress, and change their scope of project.

Need and Proposed Use of the Information: Health Center Program-specific forms are necessary for award processes and oversight of the Health Center Program and other relevant programs. These forms provide HRSA staff and merit review panels with the information essential for application

evaluation, funding recommendation and approval, designation, and monitoring. These forms also provide HRSA staff with information essential for evaluating compliance with Health Center Program statutory and regulatory

requirements. The current forms will expire April 30, 2026, and this input will be used to inform edits and updates to the Health Center Program's information collection and reporting.

HRSA intends to make several changes to its forms.

HRSA will modify the following forms to update and clarify data currently being collected:

Form No./name	Description of modifications
Form 1A: General Information Worksheet	Updated response options and text; aligned classification to the current process; removed the visit-count field.
Form 2: Staffing Profile	Moved to full time equivalent counts; standardized staffing categories.
Form 3: Income Analysis	Question updates with targeted adds/removals.
Form 5A: Services Provided	Updated labels and categories of services.
Form 5B: Sites	Modified fields collecting site information.
Form 6A: Current Board Member Characteristics	Removed patient board member characteristics section.
Form 12: Organization Contacts	Consolidated contact information; kept two key contacts.
Checklist for Adding a Service to Scope	Revised checklist statements and questions.
Checklist for Adding a Service Site to Scope	Revised checklist statements and questions.
Checklist for Deleting a Service from Scope	Revised checklist statements and questions.
Checklist for Deleting a Service Site from Scope	Revised checklist statements and questions.
Health Center Controlled Networks Progress Report	Clarified and updated objectives; reduced the total number of objectives.
Impact Form	Streamlined form to request generic information based on the Notice of Funding Opportunity.
Native Hawaiian Health Care Improvement Act (NHHCIA) Non-Competing Continuation (NCC) Clinical Performance Measures.	Minor language updates; no content changes.
NHHCIA NCC Financial Performance Measures	Minor language updates; no content changes.
NHHCIA NCC Income Analysis Form	Question updates with targeted adds/removals.
Project Cover Page	Minor language updates; no content changes.
Project Narrative Update	Minor language updates; no content changes.
Project Qualification Criteria	Removed 3 questions.
Project Work Plan	Updated to indicate which questions are for Primary Care Associations versus new technology add-on payments; minor language updates.
Quality Improvement Fund (QIF) Evaluative Measures Report	Minor language updates; no content changes.
QIF Progress Report	Minor language updates; no content changes.
QIF Project Plan Form	Converted to a generic form usable across funding opportunities; updated questions.
Summary Page (Service Area Competition)	Aligned special medically underserved population terminology with statute; minor language updates.
Summary Page (New Access Point)	Aligned special medically underserved population terminology with statute; minor language updates.

HRSA will add the following forms necessary for data collection and change in scope requests to simplify the process:

- Grant Number form
- Checklist for Replacing a Service Site in Scope
- Checklist for Adding a Transitional Care in Carceral Setting Site to Scope
- Checklist for Form 5B Scope Adjustment
- Checklist for Form 5A Scope Adjustment
- QIF Transitions in Care for Justice-Involved Populations Progress Report

HRSA will remove the following forms to further streamline information collected by HRSA and reduce burden:

- Applicant Qualification Criteria Form
- Checklist for Adding a New Target Population

- Environmental Information and Documentation
- Form 3A: Look-Alike Budget Information
- Form 4: Community Characteristics
- Form 5C: Other Activities/Locations
- Fiscal Year 2020 Ending the HIV Epidemic Primary Care HIV Prevention PCHP Progress Reporting
- HRSA EHBs Action Plan
- Patient Impact Form
- Patient Target and Calculations
- Progress Report—Non-Capital Investments
- Project Overview Form
- Project Plan

Likely Respondents: Health Center Program award recipients (those funded under section 330 of the Public Health Service Act) and Health Center Program look-alikes, state and national technical

assistance organizations, and other organizations seeking funding.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain, disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.
