[Project No. 5000-078]

Ampersand Kayuta Lake Hydro LLC; Notice of Availability of Environmental Assessment

The EA contains Commission staff's analysis of the potential environmental effects of the proposed surrender and decommissioning of the project, alternatives to the proposed action, and concludes that the proposed surrender would not constitute a major federal action that would significantly affect the quality of the human environment.

The EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-5000) in the docket number field to access the document. For assistance, contact FERC Online Support at *FERCOnlineSupport@ferc.gov* or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

All comments must be filed by January 9, 2026 by 5 p.m. Eastern Time.

The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. For assistance, please contact FERC Online Support. In lieu of electronic filing, you may submit a paper copy. Submissions sent via the U.S. Postal Service must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Room 1A, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852. The first page of any filing should include docket number P-5000-078.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or *OPP@ferc.gov*.

For further information, contact Diana Shannon at 202-502-6136 or *diana.shannon@ferc.gov*.

Southern California Edison Company; Notice of Revised Procedural Schedule

This notice revises the Federal Energy Regulatory Commission's (Commission) schedule for processing the relicense application for the Kern River No. 3 Hydroelectric Project No. 2290, which was filed by the Southern California Edison Company on November 22, 2024. On December 5, 2024, Commission staff issued a Notice of Application Tendered for Filing with the Commission, which included an initial procedural schedule.

By this notice, Commission staff is updating the procedural schedule. The revised schedule is shown below. Further revisions to the schedule may be made as appropriate.

[Project No. 15230-002]

Pike Island Hydropower Corporation; Notice of Intent To Prepare an Environmental Assessment

On May 14, 2024, Pike Island Hydropower Corporation filed a license application for the proposed 19,999-megawatt Pike Island Hydroelectric Project No. 15230 (project). The proposed project would be located at

the U.S. Army Corps of Engineers' (Corps) Pike Island Locks and Dam on the Ohio River in Belmont County, Ohio and Ohio County, West Virginia. The proposed project would occupy 4.35 acres of federal land administered by the Corps.

In accordance with the Commission's regulations, on September 25, 2025, Commission staff issued a notice that the project was ready for environmental analysis (REA Notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal

action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to license the project.¹ The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or *OPP@ferc.gov*.

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA	June 3, 2026.

Any questions regarding this notice may be directed to Colleen Corballis at (202) 502-8598 or *colleen.corballis@ferc.gov*.

Current Hydro Project 19, LLC; Notice of Intent To Prepare an Environmental Assessment

On May 8, 2024, Current Hydro Project 19, LLC filed a license application for the proposed 19,999-megawatt New Cumberland Hydroelectric Project No. 15045 (project). The proposed project would be located at the U.S. Army Corps of Engineers' (Corps) New Cumberland Locks and Dam on the Ohio River in Hancock County, West Virginia. The proposed project would occupy 2.82 acres of federal land administered by the Corps.

In accordance with the Commission's regulations, on September 25, 2025, Commission staff issued a notice that the project was ready for environmental

analysis (REA Notice). Based on the information in the record, including comments filed on the REA Notice, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare an Environmental Assessment (EA) on the application to license the project.¹ The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission's final licensing decision.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or *OPP@ferc.gov*.

The application will be processed according to the following schedule. The EA will be issued for a 30-day comment period. Revisions to the schedule may be made as appropriate.

Milestone	Target date
Commission issues EA	June 3, 2026.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP25-537-000]

Texas Eastern Transmission, LP; Notice of Schedule for the Preparation of an Environmental Assessment for the Donaldson Compressor Station Abandonment Project

On August 13, 2025, Texas Eastern LP (Texas Eastern) filed an application in Docket No. CP25-537-000 requesting Authorization pursuant to Section (b) of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations to abandon certain natural gas pipeline facilities. The proposed project is known as the Donaldson Compressor Station Abandonment Project (Project)

and would consist of abandoning facilities at the Donaldson Compressor Station (CS) located in Hot Spring County, Arkansas. On October 1, 2025, Texas Eastern filed a supplement to the project scope clarifying to leave in-service one existing transformer at the Donaldson CS to maintain 3-phase power to the facility which provides power to ancillary facilities for lights, a water pump, and cathodic protection rectifier.

On August 27, 2025, the Commission issued its Notice of Application for the Project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization within 90 days of the date of issuance of the Commission staff's environmental document for the Project.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) for the Project and the planned schedule for the completion of the environmental review.¹

Schedule for Environmental Review

Issuance of EA—February 6, 2026
90-day Federal Authorization Decision Deadline²—May 7, 2026

If a schedule change becomes necessary, additional notice will be provided so that the relevant agencies are kept informed of the Project's progress.

Project Description

The proposed project would enable Texas Eastern to abandon the Donaldson CS, located in Hot Spring County, Arkansas. According to Texas Eastern, the abandonment is needed because the facility is no longer required to meet firm service obligations and continuing to maintain it would require unjustified capital investment and increased maintenance expenditures.

The Project would consist of the following:

(1) abandoning by removal approximately 10 feet of aboveground 26-inch-diameter suction piping and

¹ For tracking purposes under the National Environmental Policy Act, the unique identification number for documents relating to this environmental review is EAXX-019-20-000-1762338139.

² The Commission's deadline applies to the decisions of other federal agencies, and state agencies acting under federally delegated authority, that are responsible for federal authorizations, permits, and other approvals necessary for proposed projects under the Natural Gas Act. Per 18 CFR 157.22(a), the Commission's deadline for other agency's decisions applies unless a schedule is otherwise established by federal law.

¹ The unique identification number for documents relating to this environmental review is EAXX-019-20-000-1756911771.

¹ The unique identification number for documents relating to this environmental review is EAXX-019-20-000-1756991414.
