#### Notice of Intended Repatriation: Ball State University, Muncie, IN

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Ball State University intends to repatriate certain cultural items that meet the definition of unassociated funerary objects, sacred objects, and/or objects of cultural patrimony and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

**DATES:** Repatriation of the cultural items in this notice may occur on or after January 15, 2026.

**ADDRESSES:** Send additional, written requests for repatriation of the cultural items in this notice to Chyan Gilaspy, Ball State University, Applied Anthropology Laboratories, 2000 W Riverside Avenue, Muncie, IN 47306, email *NAGPRA@bsu.edu*.

**SUPPLEMENTARY INFORMATION:** This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Ball State University and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

#### Abstract of Information Available

A total of four cultural items have been requested for repatriation. The one sacred object is a carved wooden staff and the three objects of cultural patrimony one weaved basket and two carved spindle whorls. The four cultural items were donated by a single private donor in 1983 (spindle whorls), 2013 (basket), and 2018 (staff). The staff was purchased from an auction and was previously part of the Valentine Pasvolsky collection. These cultural items were geographically affiliated to

the Northwest Coast. The basket was culturally affiliated as "Coast Salish". The three remaining cultural items were not culturally affiliated, but museum files compared the items to other known Salish cultural items. There are no institutional records indicating hazardous substances were used to treat any of the cultural items listed but XRF testing of other items in the collection have tested positive for the presence of arsenic, mercury, and/or lead.

#### Determinations

The Ball State University has determined that:

- The one sacred object described in this notice are specific ceremonial objects needed by a traditional Native American religious leader for present-day adherents to practice traditional Native American religion, according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization.
- The three objects of cultural patrimony described in this notice have ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the Native American traditional knowledge of an Indian Tribe or Native Hawaiian organization.
- There is a connection between the cultural items described in this notice and the Puyallup Tribe of the Puyallup Reservation.

#### Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after January 15, 2026. If competing requests for repatriation are received, the Ball State University must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The Ball State University is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian

organizations identified in this notice and to any other consulting parties.

**Authority:** Native American Graves Protection and Repatriation Act, 25 U.S.C. 3004 and the implementing regulations, 43 CFR 10.9.

Dated: November 20, 2025.
