### Foreign-Trade Zones Board

[B-52-2025]

### Foreign-Trade Zone (FTZ) 45, Notification of Proposed Production Activity; Nanoverse Technologies; (Semiconductor Production Equipment); Beaverton, Oregon

Nanoverse Technologies submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Beaverton, Oregon within FTZ 45. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on October 9, 2025.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

The proposed finished products include: laser scribing tool; metrology tool; metrology/laser tool; laser scribing tool sub-assemblies; and, metrology tool sub-assemblies (duty-free).

The proposed foreign-status materials/components include: green and ultraviolet lasers (50, 80, and 100 watts); equipment front end modules; transfer robots; coat/clean systems; water-cooled temperature-controlled precision air processors (HEPA filtration); water-cooled thermo-chillers; peripheral cabinets; line scan cameras; frame grabbers; objective lenses (achromat, plan achromat, fluorite, and apochromat, with magnifications from 0.5x-100x); stainless steel fabricated brackets, mounting plates, spacers,

substrates; cables and cable assemblies fitted with connectors, not used for telecommunications, under 1,000 volts (USB, RJ45 ethernet, coaxial, terminal, and circular connectors); unmounted lenses (plano convex, plano concave, cylindrical, and Fresnel); unmounted mirrors (concave, convex, spherical, parabolic, and elliptical mirrors); mounted mirrors for laser path direction; pellicle beam splitters and polarizers; granite slabs (8 inches thick); digital still image video cameras; resistance temperature detectors; aluminum fabricated mounting (plates, brackets, spacers); coax cable with LED green spotlight; printed circuit assemblies for semiconductor manufacturing equipment; lens tubes not containing optical elements but, mechanical parts designed to hold optics; solenoid valves; high precision flow regulators; mounted optical diffusers; precision positioning stages providing motion in X, Y and theta/rotational axis; laser scan heads (2 axis galvanometer for laser positioning); enterprise rack servers (high performance computing systems); servo drives used to control servo motors; power supply unit for galvo drives (input 115V AC, output ±40V DC); optical modulators; touch screen monitors; optical power meters that measure laser power; system on modules designed as a component for data processing machines; quick connect/disconnect couplings; wafer chuck; pneumatic actuators; motor steppers; and, pressure sensors (duty rate ranges from duty-free to 6.0%). The request indicates that certain materials/ components are subject to duties under section 1702(a)(1)(B) of the International Emergency Economic Powers Act (section 1702), section 232 of the Trade Expansion Act of 1962 (section 232), or section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 1702, section 232, and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: [ftz@trade.gov](mailto:ftz@trade.gov). The closing period for their receipt is January 26, 2026.

A copy of the notification will be available for public inspection in the

“Online FTZ Information System” section of the Board’s website.

For further information, contact Christopher Wedderburn at [Chris.Wedderburn@trade.gov](mailto:Chris.Wedderburn@trade.gov).

### International Trade Administration

[Docket No. 251211-0089]

#### Notice of the Opening of the Inclusions Window for the Section 232 Automobile Parts Tariff Inclusions Process

**AGENCY:** International Trade Administration, Office of Transportation and Machinery, U.S. Department of Commerce.

**ACTION:** Notice.

**SUMMARY:** The Bureau of Industry and Security (BIS), working with the International Trade Administration (ITA) have established a process for including additional automobile parts within the scope of the duties authorized by the President under section 232 of the Trade Expansion Act of 1962. This notice opens the January 2026 inclusions window for submissions.

**DATES:** The inclusions window will open on January 1, 2026, and close at 11:59 p.m. ET on January 14, 2026.

**ADDRESSES:** Submissions for inclusions requests must be emailed to the automobile parts inclusion inbox at [AutoInclusions@trade.gov](mailto:AutoInclusions@trade.gov).

**FOR FURTHER INFORMATION CONTACT:** For questions regarding this notice or the inclusions process overall, email [AutoInclusions@trade.gov](mailto:AutoInclusions@trade.gov) regarding automobile parts inclusion requests.

**SUPPLEMENTARY INFORMATION:** On March 26, 2025, the President issued Proclamation 10908, “Adjusting Imports of Automobiles and Automobile Parts Into the United States” (Automobile Proclamation). This proclamation imposed specified rates of duty on imports of automobiles and certain automobile parts.

The Automobile Proclamation also required the Secretary of Commerce to establish a process for including additional automobile parts within the scope of the duties established in the Automobile Proclamation. An interim final rule (IFR) published on September

17, 2025 (90 FR 44767) established a process for including additional automobile parts within the scope of the duties authorized by the President under section 232 of the Trade Expansion Act of 1962, as amended (Section 232). This IFR established recurring two-week windows each year for submissions of automobile parts in January, April, July, and October, beginning on the first of those months.

This notice announces the opening of the January 2026 inclusions window for submissions for automobile parts for two weeks starting on January 1, 2026, and closing at 11:59 p.m. ET on January 14, 2026. Requests must be submitted to the automobile parts inclusion inbox at [AutoInclusions@trade.gov](mailto:AutoInclusions@trade.gov). Following the close of the submission window, accepted inclusion requests will be posted for a two-week public comment period on Docket ID ITA-2025-0039 on *Regulations.gov*. See the prior published IFR for details on the inclusions submission process.

Prior to submission, please ensure that automobile parts being submitted for consideration are not already within the scope of the duties imposed by the Automobile Proclamation. Furthermore, if a decision has not been made on a previously submitted inclusions request, please do not submit an additional request with the same automobile parts unless new pertinent information is available for consideration.

Dated: December 8, 2025.

#### SUPPLEMENTARY INFORMATION:

*Meeting address:* The SEDAR103 Data Scoping Webinar will be held via webinar. The webinar is open to members of the public. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with the National Marine Fisheries Service (NMFS) and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a participatory process for developing, evaluating and reviewing information used for fisheries management advice. The process may include (1) a Data stage, and (2) an Assessment stage, and (3) a Review stage. The product of the Data stage is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment stage is a report which compiles and evaluates recommended model configurations that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks and projects future population conditions. The product of the Review Workshop is a Review Summary documenting panel opinions regarding the strengths and weaknesses of the products reviewed. Participants for SEDAR Workshops are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and National Marine Fisheries Service Southeast Regional Office, Highly Migratory Species (HMS) Management Division, and Southeast Fisheries Science Center.
