

proposal has merit and that SDU is in a unique position to conduct this work, as it has extensive experience conducting vaccine trials in West Africa, established partnerships with local hospitals and health authorities in Guinea-Bissau, and a proven track record in neonatal and pediatric research in low-resource settings.

The award is being made non-competitively because there is no current, pending, or planned funding opportunity announcement under which this proposal could compete.

Summary of the Award

Recipient: University of Southern Denmark (SDU).

Purpose of the Award: The purpose of this award is to evaluate the effects of neonatal monovalent Hepatitis B vaccination (HBV0) on early-life mortality and morbidity, as well as long-term neurodevelopmental outcomes, through a randomized controlled trial in Guinea-Bissau. The findings will inform global immunization policy and practice, particularly regarding the broader health effects of HBV0, which remain less well understood compared to BCG and OPV0.

Amount of Award: \$1,600,000 in Federal Fiscal Year (FFY) 2026 funds, with the total estimated \$1,600,000 provided for the full five-year period of performance, subject to availability of funds.

Authority: This program is authorized under the Public Health Service Act, Sections 301(a) [42 U.S.C. 241], 307 (42 U.S.C. 242l), and 317(k)(2) [42 U.S.C. 247b], as amended.

Period of Performance: January 5, 2026, through January 4, 2031.

Dated: December 15, 2025.

Jamie Legier,

Chief Grants Management Officer, Centers for Disease Control and Prevention.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

Submission for Office of Management and Budget Review; Personal Responsibility Education Program (PREP) Innovative Strategies (PREIS) Local Evaluation Support: Final Evaluation Report Template (New Collection)

AGENCY: Office of Planning, Research, and Evaluation, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services seeks approval of the Personal Responsibility Education Program (PREP) Innovative Strategies (PREIS) Local Evaluation Support: Final Evaluation Report Template for PREIS grantees. PREIS grant recipients are required to carry out local evaluations of their programs and submit a final evaluation report to ACF documenting their analyses and findings. This request includes guidance for grant recipients in the form of templates. Information will inform technical assistance (TA) to support grantees in developing and submitting the final reports to ACF to fulfill a grant requirement. We do not intend for this information to be used as the principal basis for public policy decisions.

DATES: *Comments due* January 20, 2026.

ADDRESSES: The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202512-0970-005. You can also obtain copies of the proposed collection of information by emailing opreinfo@collection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: The purpose of the current information collection request is to provide a standardized template and accompanying instructions to the 12 PREIS grant recipients carrying out impact evaluations. This template will help them document their evaluation's research questions, measures, study design, planned and actual implementation of the program, analytic methods, and findings. A structured final evaluation report template will facilitate grant recipients' efficient and effective reporting of evaluation findings. The completed reports will be reviewed by the PREP Local Evaluation Support (LES) team to determine whether they meet ACF's standards of rigor. The LES team will then develop recommendations for improvement and provide TA to support report development prior to final submission to ACF. While grantees are developing the reports, the PREP LES team will continue to provide support primarily by continuing to offer one-on-one TA calls with grant recipients.

The template will be used by grant recipients upon Office of Management and Budget approval until September 2026 (or until the end of their grant, if a no-cost extension is granted), which will allow them to submit draft versions of their final evaluation reports before revising and finalizing their reports by the end of their grant. Grant recipients will complete the PREIS Final Evaluation Report Template using the instructions which are included within each template section.

The information collected is meant to contribute to the body of knowledge on ACF programs. It is not intended to be used as the principal basis for a decision by a federal decision-maker and is not expected to meet the threshold of influential or highly influential scientific information.

Respondents: PREP PREIS Grant Recipients.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents (total over request period)	Number of responses per respondent (total over request period)	Average burden per response (in hours)	Total burden (in hours)	Annual burden (in hours)
PREIS Final Evaluation Report Template	12	1	40	480	240

Authority: Authorized and appropriated by Social Security Act section 513.

Mary C. Jones,
ACF/OPRE Certifying Officer.

Proposed Information Collection Activity; Office of Refugee Resettlement Services for Survivors of Torture Program Data Points and Performance Progress Report

AGENCY: Office of Refugee Resettlement, Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families’ (ACF) Office of Refugee Resettlement (ORR) intends to continue collecting demographic, programmatic, and outcome data on Services for Survivors of Torture (SOT) grant recipients and the clients they serve. ORR collects information from the grantee cohort under the Survivors of Torture Program Data Points (PDP) and Program Performance Progress

Report (PPR) (Office of Management and Budget (OMB) #: 0970–0599; Expiration date: February 28, 2026) to learn more about the populations served; the types and effectiveness of services provided; methods, challenges, and facilitators of implementing services; and grant recipients’ progress towards programmatic goals. Revisions are proposed as described in the discussion section that follows.

DATES: Comments due February 17, 2026.

ADDRESSES: In compliance with the requirements of the Paperwork Reduction Act of 1995, ACF is soliciting public comment on the specific aspects of the information collection described above. You can obtain copies of the proposed collection of information and submit comments by emailing infocollection@acf.hhs.gov. Identify all requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:
Description: ORR proposes to continue to use the PDP Form and PPR, with revisions, to collect data on the Services for SOT grant recipients and their clients. The Recipients will continue to report their PDP through the ORR Refugee Arrivals Data System (RADS), an information technology platform used for enhanced data collection and record keeping.

Grant recipients will provide aggregated data on new and continuing clients annually, including demographic information, characteristics related to

experiences of torture, services received, length of service, and wellbeing across six outcome domains.

Grant recipients will also provide information about community attendance at trainings and pro-bono services donated to the program. In the PPR, grant recipients will provide program narrative and program metric information on grant-funded activities and progress towards grant goals semi-annually.

Information collected will be used in aggregate by ORR to provide reports to stakeholders, including a required Report to Congress, and responses to funding requests.

ORR has made changes to the data collection, which include removing a total of twelve subcategories for two program indicators and reducing the frequency of reporting percentage-based outcomes in the program metrics. ORR has also added one subcategory in one program indicator. Overall, these changes have reduced the estimated reporting burden by 30 percent.

Respondents: Services for SOT grant programs (this may include non-profit social service, health, and higher education organizations, states, municipalities, and for-profit organizations).

Annual Burden Estimates

Estimated annual burden has been updated to reflect a reduction in estimated time per response from an average of 6 hours per response to an average of 4 hours per response.

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Annual burden hours
PDP Form	35	1	4.2	147
PPRs—Parts A and B	35	2	4.2	294
Total Annual Burden	441

Comments: The Department specifically requests comments on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given

to comments and suggestions submitted within 60 days of this publication.

Authority: Section 5(a) of the “Torture Victims Relief Act of 1998,” Public Law 105–320 (22 U.S.C. 2152 note) Assistance for Treatment of Torture Victims.

Mary C. Jones,
ACF/OPRE Certifying Officer.
