

existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Generic Clearance for Collection of Qualitative Feedback on Agency Service Delivery (OMB Control No. 3038–0107). This is a request for an extension of a currently approved information collection.

Abstract: In accordance with section 748 of the Dodd-Frank Act, the OCEO anticipates undertaking a variety of service delivery focused activities over the next few years that include consumer outreach and information-sharing with stakeholders which are responsive to stakeholders' needs and sensitive to changes in the market. The proposed information collection activity will use similar methods for information collection or otherwise share common elements, and provide a means to gather qualitative customer and stakeholder feedback in an efficient, timely manner. By qualitative feedback we mean information that provides useful information on perceptions and opinions. The solicitation of information on delivery of consumer services will address such areas as appropriate messages, effective message delivery methods, effective event outreach tactics and characteristics, new outreach program ideas and content, and current consumer beliefs, psychographics and social norms that will assist the agency in developing outreach and communications campaigns. Since these systems will use similar methods for information collection or otherwise share common elements, the OCEO is proposing a generic clearance for this process, which will allow the OCEO to implement these systems and meet the obligations of the PRA without the delays of the normal clearance process. Collection methods may include focus groups and surveys as well as other relevant collection methods that meet the conditions appropriate for a generic clearance as outlined below. The OCEO will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondent, or burden-hours per respondent) and are low-cost for both

the respondents and the Federal Government;

- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered is intended to be used only internally for general service improvement and program management purposes and is not intended for release outside of the Commission (if released, the Commission must indicate the qualitative nature of the information);
- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

With respect to the collection of information, the Commission invites comments on:

- Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;
- The accuracy of the Commission's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Ways to enhance the quality, usefulness, and clarity of the information to be collected; and
- Ways to minimize the burdens of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.¹

The Commission reserves the right, but shall have no obligation, to review,

pre-screen, filter, redact, refuse or remove any or all of your submission from <https://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: The respondent burden for this collection is estimated to be as follows:

Type of Review: Generic Clearance Request.

Affected Public/Entities: Individuals and Households, Businesses and Organization, State, Local or Tribal governments.

Respondent's Obligation: Voluntary.

Estimated number of Respondents/Affected Entities: 14,400.

Estimated average number of responses per respondent: 1.

Estimated total responses: 14,400 responses.

Frequency of collection: Once per request.

Average time per response: 2 hours.

Estimated total burden hours requested: 28,800 hours.

There are no capital costs or operating and maintenance costs associated with this collection.

DEPARTMENT OF DEFENSE

Department of the Air Force

Notice of Record of Decision for the Environmental Impact Statement for SpaceX Starship-Super Heavy at Cape Canaveral Space Force Station, Florida

AGENCY: Department of the Air Force, Department of Defense.

ACTION: Notice of record of decision.

SUMMARY: On November 20, 2025, the Department of the Air Force (DAF) signed the Record of Decision (ROD) for the Environmental Impact Statement (EIS) for SpaceX Starship-Super Heavy at Cape Canaveral Space Force Station (CCSFS), FL.

FOR FURTHER INFORMATION CONTACT: Ms. Hilary Rummel, NEPA Project Manager,

¹ 17 CFR 145.9.

by email at hilary.rummel.ctr@us.af.mil or SLD 45 Public Affairs office by phone at 1-321-494-7732.

SUPPLEMENTARY INFORMATION: The DAF has decided to allow SpaceX to redevelop Space Launch Complex (SLC)-37 at CCSFS for Starship-Super Heavy launch and landing operations. Upon execution of the real property agreement and associated documentation, as analyzed in the Final EIS and while adhering to the mitigation measures identified, SpaceX is authorized to: (1) undertake construction activities necessary to redevelop SLC-37 and associated infrastructure for Starship-Super Heavy operations; (2) conduct prelaunch operations, including the transportation of launch vehicle components and static fire tests; and (3) conduct up to 76 launches and 152 landings annually, once a supplemental analysis of airspace impacts by the Federal Aviation Administration (FAA) is completed. The DAF will assess the airspace analysis conducted by the FAA and finalize a revised ROD prior to Starship-Super Heavy launches or landings occurring at CCSFS.

The DAF decision documented in the ROD was based on matters discussed in the Final EIS, inputs from the public and regulatory agencies, and other relevant factors. The Final EIS was made available to the public on November 26, 2025 through the project website (<https://spaceforstarship.eis.com/>), and a Notice of Availability was published in the **Federal Register** (Volume 90, Number 232, Page 56145) on December 5, 2025.

Authority: 42 U.S.C. 4321, *et seq.* and Department of Defense National Environmental Policy Act Implementing Procedures.

DEPARTMENT OF EDUCATION

[Docket No.: ED-2025-SCC-1141]

Agency Information Collection Activities; Comment Request; National Assessment of Educational Progress (NAEP) 2027

AGENCY: National Center for Education Statistics (NCES), Institute of Education Sciences (IES), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing a revision of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before February 17, 2026.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2025-SCC-1141. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, the Department will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the National Center for Education Statistics, U.S. Department of Education, 400 Maryland Ave. SW, LBJ, Room 5C125, Washington, DC 20202-1200.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Matt Soldner, 202-453-7441.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance

the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: National Assessment of Educational Progress (NAEP) 2027.

OMB Control Number: 1850-0928.

Type of Review: A revision of a currently approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 17,830.

Total Estimated Number of Annual Burden Hours: 10,625.

Abstract: The National Assessment of Educational Progress (NAEP) is a federally authorized survey of student achievement at grades 4, 8, and 12 in various subject areas, such as mathematics, reading, writing, science, U.S. history, and civics.

NAEP is conducted by the National Center for Education Statistics (NCES) in the Institute of Education Sciences of the U.S. Department of Education. NCES is responsible for designing and executing the assessment, including designing the assessment procedures and methodology, developing the assessment content, selecting the final assessment content, sampling schools and students, recruiting schools, administering the assessment, scoring student responses, determining the analysis procedures, analyzing the data, and reporting the results.

The National Assessment Governing Board (henceforth referred to as the Governing Board or NAGB), appointed by the Secretary of Education but independent of the Department, is a bipartisan group whose members include governors, state legislators, local and state school officials, educators, business representatives, and members of the general public. The Governing Board sets policy for NAEP and is responsible for developing the frameworks and test specifications that serve as the blueprint for the assessments.

NAEP consists of two assessment programs: the NAEP Long-term Trend (LTT) assessment and the main NAEP assessment. The LTT assessments are given at the national level only and are administered to students at ages 9, 13, and 17 in a manner that is very different from that used for the main NAEP assessments. LTT reports mathematics and reading results that present trend data since the 1970s. LTT does not
