

**Background Regarding Allocations and Expenditures Reports:** Recipients funded under RWHAP Parts A, B, C, and D are required to report financial data to HRSA at the beginning (Allocations Report) and at the end (Expenditures Report) of their grant budget period. The Allocations Reports request information recipients already collect, including the use of RWHAP grant funds for core medical and support services; and on various program components, such as administration, planning and evaluation, and clinical quality management. Additionally, RWHAP Parts A and B recipients funded under the Ending the HIV Epidemic in the U.S. (EHE) initiative are also required to report allocations of the grant budget period in the EHE Allocations and Expenditure Reports. This allows HRSA

to track and report progress toward meeting the EHE goals.

For this submission, HRSA proposes to extend the following report forms in their current status:

- *RWHAP Part A Allocations Report*
- *RWHAP Part B Allocations Report*
- *RWHAP Part B Supplemental Allocations Report*
- *RWHAP Part C Allocations Report*
- *RWHAP Part D Allocations Report*
- *Ending the HIV Epidemic (EHE) Initiative Allocations Report*

**Need and Proposed Use of the Information:** Accurate allocation records of recipients receiving RWHAP and EHE funding are necessary for HRSA to fulfill its monitoring and oversight responsibilities.

**Likely Respondents:** RWHAP Part A, Part B, Part C, and Part D recipients.

**Burden Statement:** Burden in this context means the time expended by persons to generate, maintain, retain,

disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and use technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below. HRSA expects a small decline of 268 burden hours compared to the currently approved collection, due to RWHAP recipients' familiarity with the updated reporting requirements introduced in the currently approved collection.

#### TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Part A Allocations Report .....	52	1	52	2	104
Part B Allocations Report .....	54	1	54	6	324
Part B Supplemental Allocations Report .....	33	1	33	2	66
Part C Allocations Report .....	346	1	346	3	1,038
Part D Allocations Report .....	116	1	116	5	580
EHE Allocations Report .....	47	1	47	4	188
<b>Total .....</b>	<b>648</b>	.....	.....	.....	<b>2,300</b>

HRSA specifically requests comments on (1) the necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
