

Industry Regulatory Authority (“FINRA”) also has its own anti-unbundling rule, FINRA Rule 5290, which specifies, in part, that “[n]o member . . . shall engage in conduct that has the intent or effect of splitting any order into multiple smaller orders for execution or any execution into multiple smaller executions for transaction reporting for the primary purpose of maximizing a monetary or in-kind amount to be received by the member . . . as a result of the execution of such orders or the transaction reporting of such executions.”

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹⁰ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by deterring and helping to prevent the distortive practice of unbundling.

The Exchange believes that the unbundling of orders generally serves no purpose to the customer that entered the order and may cause unnecessary delays in the execution of that order. Codifying its longstanding guidance in its rulebook that unbundling is conduct inconsistent with just and equitable principles of trade is thus designed to promote just and equitable principles of trade. Additionally, by defining unbundling as the practice of splitting an order into multiple smaller orders for any purpose other than seeking the best execution of the entire order, the proposal is designed to promote best execution and thus protect investors and the public interest.

Additionally, the Exchange reiterates that the proposed rule is substantively identical to NYSE American Rule 995NY(d) and it is consistent with the rules and regulatory guidance of other exchanges, as well as FINRA Rule 5290.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not

necessary or appropriate in furtherance of the purposes of the Act. In terms of intra-market competition, the Exchange notes that the proposed rule will apply equally to all members of the Exchange. Additionally, in terms of intermarket competition, the Exchange notes that the proposed rule is consistent with the rules of other exchanges, as well as the rules of FINRA.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
