## **NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**

**[NASA Document Number: 25–049]**

### **Name of Information Collection: Astronaut's System for Tracking and Requesting Appearances (ASTRA)**

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of reinstatement with change of a previously approved information collection.

**SUMMARY:** NASA, as part of its continuing effort to reduce paperwork and respondent burden, under the

Paperwork Reduction Act, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

**DATES:** Comments are due by January 20, 2026.

**ADDRESSES:** Written comments and recommendations for this information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain).

Find this particular information collection by selecting “Currently under Review—Open for Public Comments”.

#### **FOR FURTHER INFORMATION CONTACT:**

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Stayce Hoult, NASA Headquarters, 300 E Street SW, JC0000, Washington, DC 20546, phone 256–714–8575, or email [stayce.d.hoult@nasa.gov](mailto:stayce.d.hoult@nasa.gov) or [hq-ocio-pra-program@mail.nasa.gov](mailto:hq-ocio-pra-program@mail.nasa.gov).

#### **SUPPLEMENTARY INFORMATION:**

#### **I. Abstract**

This collection of information supports the National Aeronautics and Space Act of 1958, as amended, to enable NASA astronaut appearances before a variety of groups to inform the general public about the U.S. space program. Typically, presentations are made to high schools and universities, community organizations, businesses and associations, or military organizations. In order to reach as many people as possible, NASA offers three options to choose from in requesting an astronaut appearance:

(1) An in-person astronaut appearance whereby the astronaut travels to the appearance location.

(2) A virtual appearance utilizing virtual telecommunications tools to connect an astronaut via video conference with your organization.

(3) A recorded greeting arranged in advance to be used during a specified event.

The NASA Astronaut Appearance Office (AAO) located at the Lyndon B. Johnson Space Center (JSC) in Houston, Texas is responsible for vetting, processing, and coordinating logistics for Astronaut appearances. This information will be used by the NASA AAO and Legal and Human Resources personnel in the vetting, coordinating, scheduling and authorization processes to work with requestors to facilitate the appearance logistics. Records of appearances, including the information associated with the requestor and points of contact, are maintained by the AAO for a minimum of five (5) years.

## II. Methods of Collection

Electronic.

## III. Data

*Title:* Astronaut's System for Tracking and Requesting Appearances (ASTRA).

*OMB Number:* 2700–0189.

*Type of review:* Reinstatement with Change of a Previously Approved Information Collection.

*Affected Public:* Individuals.

*Estimated Annual Number of Activities:* 1,600.

*Estimated Number of Respondents per Activity:* 1.

*Annual Responses:* 1,600.

*Estimated Time per Response:* 10 minutes.

*Estimated Total Annual Burden Hours:* 267 hours.

## IV. Request for Comments

Comments are invited on: 1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; 2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; 3) ways to enhance the quality, utility, and clarity of the information to be collected; and 4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

## NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[NASA Document Number: 25–048; NASA Docket Number: NASA–2025–0300]

### Name of Information Collection: NASA STEM Gateway (Universal Registration and Data Management System)

**AGENCY:** National Aeronautics and Space Administration (NASA).

**ACTION:** Notice of information collection renewal.

**SUMMARY:** NASA, as part of its continuing effort to reduce paperwork and respondent burden, under the

Paperwork Reduction Act, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

**DATES:** Comments are due by February 17, 2026.

**ADDRESSES:** Written comments and recommendations for this information collection should be sent within 60 days of publication of this notice at <http://www.regulations.gov> and search for NASA Docket [NASA–2025–0300].

### FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to NASA PRA Clearance Officer, Stayce Hoult, NASA Headquarters, 300 E Street SW, JC0000, Washington, DC 20546, phone 256–714–8575, or email [hq-ocio-pra-program@mail.nasa.gov](mailto:hq-ocio-pra-program@mail.nasa.gov).

### SUPPLEMENTARY INFORMATION:

#### I. Abstract

Based on continued user feedback provided during operations of the NASA STEM Gateway (Universal Registration and Data Management System) and increased utilization, NASA plans to develop updates/enhancements to improve information collected in compliance with policy guidance and the overall user experience in the NASA STEM Gateway. The NASA STEM Gateway (Universal Registration and Data Management System) is a comprehensive tool designed to allow learners (*i.e.*, students, educators, non-students or educators, and awardee principal investigators) to apply to NASA STEM engagement opportunities (*e.g.*, internships, fellowships, challenges, educator professional development, experiential learning activities, etc.) in a single location. NASA personnel manage the selection of applicants and implementation of engagement opportunities within the NASA STEM Gateway. The information collected will be used by the NASA Office of STEM Engagement (OSTEM) and other NASA offices to review applications for participation in NASA STEM engagement opportunities. The information is reviewed by OSTEM project and activity managers, as well as NASA mentors who would be hosting students. This information collection will consist of profile information (*e.g.*, name, contact information, citizenship, education or affiliate organization, etc.) and the NASA STEM Engagement opportunity application information. In addition to supporting applicant review and participant selection, individual

learner profile data will enable NASA OSTEM to fulfill federally mandated reporting on its STEM engagement activities and report relevant participant information as needed for Agency performance goals and success criteria (annual performance indicators).

## II. Methods of Collection

The NASA STEM Gateway (NSG) is an online/web-based tool built on a Salesforce platform.

## III. Data

*Title:* NASA STEM Gateway (Universal Registration and Data Management System).

*OMB Number:* 2700–0180.

*Type of review:* Renewal of a previously approved information collection.

*Affected Public:* Individuals. Eligible students or educators, and/or awardee principal investigators may voluntarily apply for an internship or fellowship experience at a NASA facility, or register for a STEM engagement opportunity (*e.g.*, challenges, educator professional development, experiential learning activities, etc.). Parents/caregivers of eligible student applicants (at least 14 years of age but under the age of 18) may voluntarily provide consent for their eligible student applicants to apply.

*Estimated Annual Number of Activities:* 50.

*Estimated Number of Respondents per Activity:* 6,300.

*Annual Responses:* 315,000 responses.

*Estimated Time per Response:* 30 minutes (avg).

*Estimated Total Annual Burden Hours:* 157,500 hours.

## IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection.
