Abstract of Proposed Collection

The Adoptive Family Relief Act (Pub. L. 114–70) amended Section 221(c) of the Immigration and Nationality Act (INA), 8 U.S.C. 1201(c), to allow for the waiver or refund certain immigrant visa fees for a lawfully adopted child, or a child coming to the United States to be adopted by a United States citizen, subject to criteria prescribed by the Secretary of State.

The waiver or refund provides support and relief to U.S. citizen families seeking to bring their adoptive children home to the United States but have not been able to due to country specific limitations. For example, if a country suspends the issuance of “exit permits” for children who were adopted, U.S. citizen families repeatedly pay visa renewal and related fees, while also continuing to be separated from their adopted children. The DS–7781 form collects information to determine the extra fees these families have paid and refunds them in accordance with the Adoptive Family Relief Act.

Methodology

The collection will be hosted on the Department of State website to be printed, filled out, and eventually sent to the consular section where the adoption case was originally processed.

Vlad Lipschutz,

Deputy Assistant Secretary for Resources, Bureau of Consular Affairs, Department of State.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information.

OMB Control Number: 2120–0705.

Title: Hazardous Materials Training Requirements.

Form Numbers: There are no FAA forms associated with this information collection.

Type of Review: Renewal of an information collection.

Background: The **Federal Register** Notice with a 60-day comment period soliciting comments on the following collection of information was published on June 17, 2025 (90 FR 25742). As prescribed in Title 14 of the Code of Federal Regulations (14 CFR) parts 121 and 135, the FAA requires certificate holders to submit hazardous materials (hazmat) procedures and information (sometimes referred to as hazmat manuals) and hazmat training programs as a part of the FAA’s certification process. In addition, revisions to an approved hazmat training program must be submitted following certification to obtain initial and final approval as part of the FAA’s certification process. Revisions to an accepted manual may be requested following certification. Initial certification is completed in accordance with 14 CFR part 119. Continuing certification is completed in accordance with 14 CFR parts 121 and 135. The FAA uses the certification process to review the certificate holder’s hazmat manual and training programs for compliance with the applicable regulations, national policies, and safe operating practices. It also ensures that the documents adequately establish safe operating procedures. Additionally, 14 CFR part 145 requires certain repair stations to provide documentation showing that persons handling hazmat for transportation have been trained in accordance with 49 CFR parts 171 through 180. The submission of this documentation is covered in this information collection.
