

additional automobile parts articles have increased in a manner that threatens to impair the national security or otherwise undermines the objectives set forth in Proclamation 9888 (84 FR 23433, May 17, 2019), the Automobile Proclamation, or in any proclamation issued under Section 232 of the Trade Expansion Act of 1962, as amended (Section 232) or any additional information submitted to the President by the Secretary pursuant to those proclamations. When the Secretary receives such a request from a domestic producer or industry association, the Secretary, after consultation with the United States International Trade Commission and U. S. Customs and Border Protection, is to issue a determination regarding whether to include the articles within 60 days of receiving the request.

The automotive industry is in a state of rapid development for various technologies, including in the areas of alternative propulsion systems, autonomous driving capabilities, and other advanced technologies. It is important that manufacturers supporting both the commercial vehicle industry and the defense sector have the opportunity to identify new and emerging automotive products with importance for defense applications to be considered under the scope of this action. In addition, there are many automotive products that fall under broad tariff codes that include parts beyond the automotive sector. While the Department made a best estimate of the most important tariff codes to apply to the scope of the 232 action, industry experts may be aware of broad Harmonized Tariff Schedule (HTS) codes that have become increasingly important to automotive uses that were not originally considered under this investigation.

II. Method of Collection

Domestic producers of automobiles or automobile parts articles, or any industry association representing one or more such producers, may submit automobile parts articles inclusion requests during two-week submission windows that ITA will open four times annually. Submissions of inclusions requests must be submitted in PDF format via email to AutoInclusions@trade.gov. ITA will review the requests received on a rolling basis during the two-week submission window to validate that each request received contain all the required elements and does not exceed the page limitation. In the instance where the requestor does not include all the required elements or otherwise improperly filed the

submission, at the discretion of the Under Secretary for International Trade, the requestor will be granted a 48-hour window to submit a proper filing. The use of fixed submission windows will provide predictability to industry and will be the most efficient use of ITA resources given the short timeframes to secure and process public comments and provide recommendations.

III. Data

OMB Control Number: 0625–0284.

Form Number(s): None.

Type of Review: Regular submission, extension of a current information collection.

Affected Public: Business or other for-profit organizations.

Estimated Number of Respondents: 50.

Estimated Time per Response: 8 hours.

Estimated Total Annual Burden Hours: 400 hours.

Estimated Total Annual Cost to Public: \$30,190.

Respondent's Obligation: Voluntary.

IV. Request for Comments

We are soliciting public comments to permit the Department/Bureau to: (a) Evaluate whether the proposed information collection is necessary for the proper functions of the Department, including whether the information will have practical utility; (b) Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used; (c) Evaluate ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we

cannot guarantee that we will be able to do so.

Sheleen Dumas,

Departmental PRA Clearance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

Notice of Extension of the Deadline for Determining the Adequacy of the Antidumping and Countervailing Duty Petitions: Fresh Mushrooms From Canada

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce

DATES: Applicable December 15, 2025.

FOR FURTHER INFORMATION CONTACT: Kelsie Hohenberger or Gene Calvert, AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2517 or (202) 492–3586, respectively.

Extension of Initiation of Investigation

The Petitions

On September 16, 2025, the U.S. Department of Commerce (Commerce) received antidumping and countervailing duty petitions on imports of fresh mushrooms from Canada, filed in proper form on behalf of the Fresh Mushrooms Fair Trade Coalition and its individual members (collectively, the petitioners), domestic producers of fresh mushrooms.¹

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized

¹ See Petitioners' Letter, "Petitions for the Imposition of Antidumping and Countervailing Duties," dated September 16, 2025 (Petition). The individual members of the Fresh Mushrooms Fair Trade Coalition are Giorgio Fresh Co. (including Donna Bella Farms LLC and Giorgi Mushroom Co.), J–M Farms LLC, Kennett Square Mushroom Operation LLC, Modern Mushroom Farms, Inc., Needham's Mushroom Farms, Inc., and Sher-Rockee Mushroom Farms.

² See Memorandum, "Deadlines Affected by the Shutdown of the Federal Government," dated November 14, 2025.

Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³

Determination of Industry Support for the Petitions

Sections 702(b)(1) and 732(b)(1) of the Tariff Act of 1930, as amended (the Act), require that a petition be filed by or on behalf of the domestic industry. To determine that the petition has been filed by or on behalf of the industry, sections 702(c)(4)(A) and 732(c)(4)(A) of the Act require that the domestic producers or workers who support the petition account for: (i) at least 25 percent of the total production of the domestic like product; and (ii) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the petition. Moreover, sections 702(c)(4)(D) and 732(c)(4)(D) of the Act provide that, if the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, Commerce shall: (i) poll the industry or rely on other information in order to determine if there is support for the petition, as required by subparagraph (A); or (ii) if there is a large number of producers, determine industry support using a statistically valid sampling method to poll the industry.

Extension of Time

Sections 702(c)(1)(A) and 732(c)(1)(A) of the Act provide that within 20 days of the filing of an antidumping or countervailing duty petition, Commerce will determine, *inter alia*, whether the petition has been filed by or on behalf of the U.S. industry producing the domestic like product. Sections 702(c)(1)(B) and 732(c)(1)(B) of the Act provide that the deadline for the initiation determination, in exceptional circumstances, may be extended by 20 days in any case in which Commerce must “poll or otherwise determine support for the petition by the industry.” Because it is not clear from the Petitions whether the industry support criteria have been met, Commerce has determined it would be appropriate in these cases to poll the industry and extend the time period for determining whether to initiate the investigations in order to further examine the issue of industry support.

Commerce will need additional time to gather and analyze additional information regarding industry support. Therefore, it is necessary to extend the deadline for determining the adequacy of the Petitions by an additional 20 days. As a result, in accordance with sections 702(c)(1)(B) and 732(c)(1)(B) of the Act, Commerce’s initiation determination will now be due no later than January 2, 2026.

International Trade Commission Notification

Commerce will contact the U.S. International Trade Commission (ITC) and will make this extension notice available to the ITC.

Dated: December 15, 2025.

Scot Fullerton

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Crystalline Silicon Photovoltaic Cells, Whether or Not Assembled Into Modules, From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that the companies to which it granted a separate rate sold subject merchandise at prices below normal value (NV) during the period of review (POR), December 1, 2022, through November 30, 2023. Commerce also determines that certain companies did not ship subject merchandise during the POR. Additionally, Commerce is rescinding this review with respect to one company and denying a separate rate to one company.

DATES: Applicable December 23, 2025.

FOR FURTHER INFORMATION CONTACT: Benjamin Blythe, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3457.

SUPPLEMENTARY INFORMATION:

Background

On April 11, 2025, Commerce published the *Preliminary Results* in the **Federal Register** and invited interested parties to comment on those results.¹ On July 31, 2025, Commerce extended the deadline for issuing the final results of this review by 60 days until October 8, 2025.² Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.³ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁴ Accordingly, the deadline for these final results is now December 15, 2025. For details regarding the events that occurred subsequent to publication of the *Preliminary Results* in the **Federal Register**, see the Issues and Decision Memorandum.⁵ Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁶

The products covered by the *Order* are crystalline silicon photovoltaic cells, and modules, laminates, and panels, consisting of crystalline silicon photovoltaic cells, whether or not partially or fully assembled into other products, including, but not limited to,
