

Commission staff are not considered part of the Commission record.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Request:* On August 1, 2001, the Commission issued 30-year licenses for the Weybridge (Project No. 2731) and Middlebury Lower (Project No. 2737) hydroelectric projects that expire on July 31, 2031. The licensee requests the Commission extend the term of both licenses to July 31, 2041. The extension would allow the licensee to recoup rehabilitation costs associated with planned turbine runner replacement programs at each project.¹

The licensee also proposes to replace the turbine runner at the Weybridge Project. The proposed upgrade would maintain the project's authorized installed capacity of 3.0 megawatts and decrease the maximum hydraulic capacity of the powerhouse from 1,600 cubic feet per second (cfs) to 1,590 cfs. The licensee states all construction activities associated with the proposed amendment would occur within the Weybridge powerhouse and would be isolated from the river. Access to the powerhouse area during the mobilization and demobilization phases would be via the existing access road, and would not require any ground disturbance. The licensee does not propose any changes to the licensed project operations during or after turbine runner replacement.

m. *Locations of the Application:* This filing may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, call 1-866-208-3676 or email FERCOnlineSupport@ferc.gov, for TTY, call (202) 502-8659. Agencies may

obtain copies of the application directly from the applicant.

n. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

o. *Comments, Protests, or Motions to Intervene:* Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214, respectively. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

p. *Filing and Service of Documents:* Any filing must (1) bear in all capital letters the title "COMMENTS", "PROTEST", or "MOTION TO INTERVENE" as applicable; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person commenting, protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, motions to intervene, or protests must set forth their evidentiary basis. Any filing made by an intervenor must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 385.2010.

q. For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. RM26-3-000]

Authorizations for Certain Post-Licensing Activities at Hydroelectric Projects Notice Granting Extension of Time

On December 15, 2025, the National Hydropower Association (NHA) filed a motion requesting an extension of time from January 26, 2026, to February 25, 2026, to submit comments in response to the Notice of Inquiry (NOI) in this proceeding. NHA states that, given the significance of the NOI's questions to the hydropower industry, number of questions in the NOI, and the comment period falling over the holiday season, a 30-day extension will allow commenters to evaluate the questions posed by the Commission and provide comprehensive comments.¹ NHA asserts that the extension will not prejudice any interested party.

Given the request and importance of the issues raised by the NOI, upon consideration, notice is hereby given that the date for submitting comments on the NOI is hereby extended to and including February 10, 2026.

(Authority: 18 CFR 2.1.)

Dated: December 17, 2025.

Debbie-Anne A. Reese,
Secretary.
