

Background: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Federal Transit Administration (FTA) is requesting Office of Management and Budget (OMB) 3-year approval of an extension without change for a currently approved collection. The Federal Transit Administration administers a suite of grant programs that support research, development, demonstration, deployment, cooperative research, technical assistance, standards development, and workforce training in public transportation. These programs provide funding for projects that advance new technologies and practices, address operational challenges, support national research efforts, offer technical assistance to the transit industry, and strengthen the public transportation workforce. Together, these programs help transit agencies improve service delivery, enhance safety, develop industry standards, and build the skills and capabilities needed across the transit workforce. Information collected through these programs is used to evaluate applications, select projects for funding, monitor progress, and share results with stakeholders.

Respondents: Federal Government Departments, agencies, and instrumentalities of the Government, including Federal laboratories; State and local governmental entities; providers of public transportation; private or non-profit organizations; institutions of higher education; and technical and community colleges.

Estimated Annual Number of Respondents: 175 respondents.

Estimated Annual Number of Responses: 775 responses.

Estimated Total Annual Burden: 20,550 hours.

Frequency: Every Two years.

SUPPLEMENTARY INFORMATION: Interested parties are invited to send comments regarding any aspect of this information collection, including: (1) the necessity and utility of the information collection for the proper performance of the functions of the FTA; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the collected information; and (4) ways to minimize the collection burden without reducing the quality of the collected information. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection.

Title: Public Transportation Emergency Relief Program.

OMB Number: 2132-0575.

Background: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Federal Transit Administration (FTA) is requesting Office of Management and Budget (OMB) 3-year approval of an extension without change for a currently approved collection. The Federal Transit Administration's Emergency Relief program enables FTA to provide assistance to public transit operators in the aftermath of an emergency or major disaster. The program helps states and public transportation systems pay for protecting, repairing, and/or replacing equipment and facilities that may suffer or have suffered serious damage as a result of an emergency, including natural disasters such as floods, hurricanes, and tornadoes. The program can fund capital projects to protect, repair, or replace facilities or equipment that are in danger of suffering serious damage, or have suffered serious damage because of an emergency. The program can also fund the operating costs of evacuation, rescue operations, temporary public transportation service, or reestablishing, expanding, or relocating service before, during or after an emergency. Congress appropriates funding for FTA's Emergency Relief Program based on estimates of the funding needed to assist public transportation providers with capital projects to repair and rebuild after a disaster and to reimburse them for operating expenses incurred while preparing for and responding to disasters.

Respondents: Public transit agencies, States, federally recognized tribes, local

governmental authorities responsible for public transportation and other eligible public transportation providers designated by a State or local government.

Estimated Annual Number of Responses: 26 responses.

Estimated Total Annual Burden: 4,680 hours.

Frequency: Annually.
