SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501 *et seq.*), Federal agencies must obtain approval from the OMB for each collection of information that they conduct or sponsor. ''Collection of information'' is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements, imposed on ten or more persons, that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of title 44 generally requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the revision of this collection.

Title: OCC Supplier Registration Form.

OMB Control No.: 1557–0316.

Type of Review: Regular.

Affected Public: Businesses or other for-profit.

Description: The OCC Supplier Registration Form is used to update and enhance an internal database of entities interested in doing business with the agency. This collection of information from interested suppliers facilitates early market research by allowing businesses to provide specific information to the OCC about capabilities that meet the OCC's needs and in specific purchasing areas.

The collection also allows the OCC to build a robust internal database of interested small businesses. In collaboration with the U.S. Department of the Treasury and U.S. Small Business Administration, the OCC establishes annual small business contracting goals. This collection helps ensure the maximum participation of small business concerns in the OCC's procurement process.

The OCC is revising the Supplier Registration Form by changing the format of the business classification information requested on the form; however, this revision will not impact the ability of suppliers to provide business classification information or otherwise continue submitting expressions of interest in doing business with the agency.

Title: Information sharing between government agencies and financial institutions.

OMB Control Number: 1506–0049.

Type of Review: Extension without change of a currently approved collection.

Description: The Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (USA PATRIOT Act) charged the Department of the Treasury (Treasury) with developing regulations to facilitate information sharing among government entities and financial institutions for the purpose of combatting terrorism and money laundering.[1] In 2002, FinCEN published a final rule implementing the authority contained in section 314(a) of the USA PATRIOT Act (the Section 314(a) Rule).[2] The rule required financial institutions, upon FinCEN's request (a ''Section 314(a) Request''), to search their records to determine whether they have maintained an account or conducted a transaction with a specified individual, entity, or organization that a Federal law enforcement agency has certified is suspected, based on credible evidence, of engaging in terrorist activity or money laundering. The rule enables certain foreign law enforcement agencies, state and local law enforcement agencies, and FinCEN itself, on its own behalf and on behalf of appropriate components of Treasury, to initiate Section 314(a) Requests.[3] Before processing a request, FinCEN requires the requesting agency to certify that, in the case of money laundering, the matter is significant, and that the requesting agency has been unable to locate the information sought through traditional methods of investigation and analysis. The regulations implementing the rules are found at 31 CFR 1010.520.
