SUPPLEMENTARY INFORMATION:

Title: Ocean Shipments Moving Under Export-Import Bank Financing.

OMB Control Number: 2133-0013.

Type of Request: Extension without change of a currently approved collection.

Abstract: MARAD uses this information collection to monitor compliance with the cargo preference laws by parties covered under PR 17 and 46 U.S.C. 55304, compile annual information on EXIM Bank-financed shipments, and when applicable, provide for an informal grievance procedure, in the event there is a question or complaint pertaining to cargo preference matters.

The monthly shipping reports, with substantiating documents provide the only basis for MARAD to exercise its legislative responsibility to monitor EXIM Bank-financed cargoes that are transported on U.S.-flag vessels, recipient flag vessels, and on third-flag vessels according to the determinations and certifications of vessel non-availability that have been granted. The compilation of the statistics from the shipping reports forms the basis for determining compliance with PR 17 for each loan participant. This information is also provided to the EXIM Bank and is the nucleus for conducting annual reviews of the shipping activities of the EXIM Bank programs.

MARAD uses the information collected as part of the Transparency Initiative with the EXIM Bank. MARAD also intends to use collected information to assist EXIM Bank shippers with finding suitable U.S.-flag vessels and resolving requests for certifications of non-availability.

Request for Comments on the Renewal of a Previously Approved Information Collection: MARAD Exercise Breakout Survey

AGENCY: Maritime Administration (MARAD), U.S. Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: MARAD invites public comments on its intention to request Office of Management and Budget (OMB) approval to renew an information collection in accordance with the Paperwork Reduction Act of 1995. The proposed collection OMB 2133-0550 titled *MARAD Exercise Breakout Survey* is being renamed "MARAD Mariner Preparedness Exercise Survey (Mariner PrepEx Survey)" to reflect the new name of the exercise program, which includes this survey. Since the last renewal, survey questions 1 and 2 are being updated to include additional modes of communication that may be restricted. There was also an increase in the totals for respondents, responses, and burden hours. MARAD is required to publish this notice in the **Federal Register** to obtain comments from the public and affected agencies.

ADDRESSES: Written comments and recommendations for the proposed information collections should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular

SUPPLEMENTARY INFORMATION:

Title: MARAD Mariner Preparedness Exercise Survey (Mariner PrepEx Survey).

OMB Control Number: 2133-0550.

Type of Request: Extension with change of a currently approved information collection.

Abstract: The Mariner PrepEx Survey is a component of MARAD's Mariner Preparedness Exercise Program. The survey will be conducted on a voluntary basis and provide vital information to the Ready Reserve Force (RRF) program. Periodic surveying is necessary in view of the dynamics that affect the RRF program, which include changes in the RRF fleet composition, readiness status, ship location, as well as changes to the seafaring manpower base. The survey is an integral part of the Mariner Preparedness Exercise Program and is designed to gauge mariner's training and military experience levels, willingness to participate in time of national need, and awareness of working in a contested environment.

Respondents: Merchant Mariners.

Affected Public: Individuals and households.

Estimated Number of Respondents: 1,750.

Estimated Number of Responses: 1,750.

Estimated Hours per Response: 0.0833 (5 minutes).

Annual Estimated Total Annual Burden Hours: 145.83/146 hours.

Frequency of Response: Once Annually.

A 60-day **Federal Register** Notice soliciting comments on this information collection was published on October 2, 2025, (FR 47899, Vol. 90, No. 189). The posting received one non-substantive comment commending the minor changes to the survey and recommending a reduction of the reported public burden to ensure participation in the survey. In response, MARAD clarified that total respondents and burden hours were increased to reflect the potential expansion of the RRF fleet, which will require more mariners and crew aboard additional vessels. However, the total time taken to complete the survey (*i.e.*, five (5)

minutes) remains low to encourage maximum participation in the survey.
