[Project No. 2509-051]

#### PE Hydro Generation, LLC; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for a subsequent license to continue to operate and maintain the Shenandoah Project No. 2509 (project). The project is located on the South Fork of the Shenandoah River

near the Town of Shenandoah in Page and Rockingham, Counties, Virginia. Commission staff has prepared an Environmental Assessment (EA) for the project.<sup>1</sup>

The EA contains staff's analysis of the potential environmental impacts of the project and concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.
