BILLING CODE 4000-01-P

DEPARTMENT OF EDUCATION

[Docket No.: ED-2025-SCC-1274]

Agency Information Collection Activities; Comment Request; Student Assistance General Provisions—Subpart K—Cash Management

AGENCY: Federal Student Aid (FSA), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the Department is proposing an extension without change of a currently approved information collection request (ICR).

DATES: Interested persons are invited to submit comments on or before March 2, 2026.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use <http://www.regulations.gov> by searching the Docket ID number ED-2025-SCC-1274. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at <http://www.regulations.gov> by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. If the www.regulations.gov site is not available to the public for any reason, the Department will temporarily accept comments at ICDocketMgr@ed.gov. Please include the docket ID number and the title of the information collection request when requesting documents or submitting comments. Please note that comments submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to Carolyn Rose, U.S. Department of Education, Federal Student Aid, 400 Maryland Avenue SW, Washington, DC 20202-1200.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Carolyn Rose, 202-453-5967.

SUPPLEMENTARY INFORMATION: The Department, in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. The Department is soliciting comments on the proposed information collection request (ICR) that is described below. The Department is especially interested in public comment addressing the following issues: (1) is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Student Assistance General Provisions—Subpart K—Cash Management.

OMB Control Number: 1845-0038.

Type of Review: An extension without change of a currently approved ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments; Individuals and Households.

Total Estimated Number of Annual Responses: 19,605,555.

Total Estimated Number of Annual Burden Hours: 861,393.

Abstract: This request is for an extension without change of the current information collection 1845-0038. This collection pertains to the recordkeeping requirements contained in the regulations related to the administration of the Subpart K—Cash Management section of the Student Assistance General Provisions. The regulatory language has not changed. The information collection requirements in these regulations are necessary to provide students with required information about their eligibility to receive funding under the federal student financial aid programs and to prevent fraud and abuse of program funds by allowing students to reduce or reject aid being offered as well as being made aware of when such funding can be expected to be available to them.

Ross Santy,

Chief Data Officer, Office of Planning, Evaluation and Policy Development.

Title of Collection: National Student Loan Data System (NSLDS)

OMB Control Number: 1845–0035

Type of Review: Extension without change of a currently approved ICR

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments

Total Estimated Number of Annual Responses: 16,212

Total Estimated Number of Annual Burden Hours: 33,624

Abstract: The United States Department of Education will collect data through the National Student Loan Data System (NSLDS) from Federal Perkins Loan holders (institutions or their servicers) and Guaranty Agencies (GA) about Federal Perkins, Federal Family Education, and William D. Ford Direct Student Loans to be used to manage the federal student loan programs, develop policy, and determine eligibility for programs under title IV of the Higher Education Act of 1965, as amended (HEA). NSLDS also holds data about Federal Grants, including PELL, ACG/SMART, and TEACH. NSLDS is used for research, policy analysis, monitoring student enrollment, calculating default rates, monitoring program participants and verifying student aid eligibility. This is a request for an extension of the current information collection 1845–0035.

Ross Santy,

Chief Data Officer, Office of Planning, Evaluation and Policy Development.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP26–233–000]

Mangum Gas Storage LLC; Notice of Availability of the Environmental Assessment for the Proposed 2025 Amendment Project

Any person wishing to comment on the EA may do so. To ensure consideration of your comments on the proposal prior to making a decision on the project, it is important that the Commission receive your comments on or before 5:00 p.m. Eastern Time on January 20, 2026. Instructions for filing comments are provided on page 3.

The proposed project is an amendment to the Certificate of Public Convenience and Necessity (Certificate) issued by the Commission on March 17, 2011, as amended on November 17, 2016, and on April 23, 2020, in Docket Nos. CP10–22–000, CP16–18–000, and CP20–77–000, respectively. Currently, Magnum is authorized to construct and operate a natural gas storage facility with a total working gas capacity of 21

billion cubic feet (Bcf) consisting of two storage caverns, one brine disposal pond and associated facilities, compression facilities, a 61.6-mile-long, 36-inch-diameter header pipeline, and other related facilities. The proposed modifications consist primarily of changes to the locations of previously approved facilities and utilities at the storage site. Magnum also requests authorization to redesign two authorized caverns for 5.2 Bcf of working gas each and to construct and operate two additional storage caverns with 5.2 Bcf of working gas capacity each, one additional brine disposal pond and related facilities, and two new pipeline interconnections. Magnum's stated purpose is to modify its Certificate to reflect new construction, operational and commercial needs, and provide new competitive firm and interruptible natural gas storage, hub, and wheeling services in the Western United States.

The EA assesses the potential environmental effects of the Amendment Project in accordance with the requirements of the National Environmental Policy Act (NEPA). The FERC staff concludes that approval of the Amendment Project would not constitute a major federal action significantly affecting the quality of the human environment.

The Amendment Project includes the following facilities within the storage site:

- four below-ground, solution mined storage caverns (CW–3, CW–4, CW–25, and CW–26);
- two water supply wells (GS–MH–4 and GS–MH–5);
- compression, substation, and dehydration and metering facilities;
- two large-scale brine evaporation ponds (Pond 3 and Pond 5);
- maintenance and laydown area;
- office/warehouse building;
- site-wide utility corridors containing water, brine and power lines;
- portions of the 4-inch-diameter, about 9-mile-long gas supply line connected to the local gas distribution company;
- portions of the 36-inch-diameter, about 61.5 mile long header pipeline (Header) and associated block valves that extend from the Storage Site near Delta in Millard County to the interstate pipeline system near Goshen in Utah County;
- two interconnection options to the adjacent Kern River Delta Lateral (a recently constructed pipeline located just east of the Amendment Project); and
- two interconnection options to the Intermountain Power Plant (IPP—a newly constructed hydrogen and natural
