BILLING CODE 3510–07–P

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; License Exceptions and Other Authorizations

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. Public comments were previously requested via the **Federal Register** on September 2, 2025, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: Bureau of Industry and Security, Commerce.

Title: License Exceptions and Other Authorizations.

OMB Control Number: 0694–0137.

Form Number(s): None.

Type of Request: Regular submission, revision of a currently approved collection.

Number of Respondents: 31,785.

Average Hours per Response: 1.355 hours.

Burden Hours: 43,081 hours.

Needs and Uses: Over the years, the Bureau of Industry and Security has worked with other Government agencies and the affected public to identify areas where export licensing requirements may be relaxed without jeopardizing U.S. national security or foreign policy. Many of these relaxations have taken the form of licensing exceptions, as well as other types of authorizations or exclusions; BIS is revising the title of this collection of information to more accurately reflect the scope and language of the Export Administration Regulations. Some of these license exceptions and other authorizations have a reporting or recordkeeping requirement to enable the Government to continue to monitor exports of these items. Exporters may choose to utilize the license exception and accept the reporting or recordkeeping burden in lieu of submitting a license application. These exceptions and other authorizations have resulted in a large reduction of licensing burden in OMB Control No. 0694–0088 and allow exporters to ship less sensitive items quicker, without having to wait for license approval.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent’s Obligation: Voluntary.

Legal Authority: Export Control Reform Act (ECRA) of 2018 (Title XVII, Subtitle B of Pub. L. 115–232).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and

entering either the title of the collection or the OMB Control Number 0694–0137.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–33–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XF381]

Fisheries of the Exclusive Economic Zone Off Alaska; North Pacific Observer Program Standard Ex-Vessel Prices

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notification of standard ex-vessel prices.

SUMMARY: NMFS publishes standard ex-vessel prices for groundfish and halibut for the calculation of the observer fee under the North Pacific Observer Program (Observer Program). This notice is intended to provide information to vessel owners, processors, registered buyers, and other Observer Program participants about the standard ex-vessel prices that will be used to calculate the Observer Program fee associated with landings of groundfish and halibut made in 2026. NMFS will send invoices to processors and registered buyers subject to the fee by January 15, 2027. Fees are due to NMFS on or before February 15, 2027.

DATES: The standard prices take effect on January 1, 2026.

ADDRESSES: Additional information about the Observer Program is available on NMFS Alaska Region’s website at <https://www.fisheries.noaa.gov/alaska/fisheries-observers/north-pacific-observer-program>.

FOR FURTHER INFORMATION CONTACT: For general questions about the observer fee and standard ex-vessel prices, contact Amy Hadfield at (907) 586–7376. For questions about the fee billing process, contact Tristan Mandeville at (907) 586–7231.

SUPPLEMENTARY INFORMATION: Regulations at 50 CFR part 679, subpart E, governing the Observer Program, require the deployment of NMFS-certified observers (observers) and electronic monitoring (EM) systems to collect information necessary for the conservation and management of the

Bering Sea and Aleutian Islands (BSAI) and Gulf of Alaska (GOA) groundfish and halibut fisheries. Fishery managers use information collected by observers and EM to monitor quotas, manage groundfish and prohibited species catch, and document and reduce fishery interactions with protected resources. Scientists use observer-collected information for stock assessments and marine ecosystem research.

The Observer Program includes two observer coverage categories: the partial coverage category and the full coverage category. All groundfish and halibut vessels and processors subject to observer coverage are included in one of these two categories. Defined at § 679.51, the partial coverage category includes vessels and processors that are not required to have an observer or EM at all times when fishing, and the full coverage category includes vessels and processors required to have all of their fishing and processing activity observed. Vessels and processors in the full coverage category arrange and pay for observer services from a permitted observer provider. Observer coverage and EM for the partial coverage category is funded through a system of fees based on the ex-vessel value of groundfish and halibut. Throughout this notice, the term “processor” refers to shoreside processors, stationary floating processors, and catcher/processors in the partial coverage category.

Landings Subject to Observer Coverage Fee

Pursuant to section 313 of the Magnuson-Stevens Fishery Conservation and Management Act, NMFS is authorized to assess a fee on all landings accruing against a Federal total allowable catch (TAC) for groundfish or commercial halibut quota landings made by vessels that are subject to Federal regulations and not included in the full coverage category. A fee is only assessed on landings of groundfish from vessels designated on a Federal Fisheries Permit or from vessels landing individual fishing quota (IFQ) or community development quota (CDQ) halibut or IFQ sablefish. Within the subset of vessels subject to the observer fee, only landings accruing against an IFQ allocation or a Federal TAC for groundfish are included in the fee assessment. A table with additional information about which landings are subject to the observer fee is at § 679.55(c) and on page 2 of an informational bulletin titled “Observer Fee Collection” that can be downloaded from the NMFS Alaska Region website at <https://www.fisheries.noaa.gov/resource/document/observer-fee->

[collection-north-pacific-groundfish-and-halibut-fisheries-observer](https://www.fisheries.noaa.gov/resource/document/observer-fee-collection-north-pacific-groundfish-and-halibut-fisheries-observer).

Fee Determination

A fee equal to 1.65 percent of the ex-vessel value is assessed on the landings of groundfish and halibut subject to the fee. Ex-vessel value is determined by multiplying the standard price for groundfish by the round weight equivalent for each species, gear, and port combination, and the standard price for halibut by the headed and gutted weight equivalent. Standard prices are determined by aggregating prices by species, gear, and area grouping to arrive at an average price per pound for each grouping. NMFS reviews each vessel landing report and determines whether the reported landing is subject to the observer fee and, if so, which groundfish species in the landing are subject to the observer fee. All IFQ or CDQ halibut in a landing subject to the observer fee will be included in the observer fee calculation. For any landed groundfish or halibut subject to the observer fee, NMFS will apply the appropriate standard ex-vessel prices for the species, gear type, and port and calculate the observer fee associated with the landing.

Processors and registered buyers can access the landing-specific, observer fee information through the NMFS Web Application (<https://alaskafisheries.noaa.gov/webapps/efish/login>) or eLandings (<https://elandings.alaska.gov/>). Landing-specific observer fee information is either available immediately or within 24 hours after a landing report is submitted electronically. A time lag occurs for some landings because NMFS must process each landing report through the catch accounting system to determine which groundfish in a landing accrues against a Federal TAC and are subject to the observer fee.

Under the fee system, catcher vessel owners split the fee with the registered buyers or owners of shoreside or stationary floating processors. While the owners of catcher vessels and processors in the partial coverage category are each responsible for paying their portion of the fee, the owners of shoreside or stationary floating processors and registered buyers are responsible for collecting the fees from catcher vessels and remitting the full fee to NMFS. Owners of catcher/processors in the partial coverage category are responsible for remitting the full fee to NMFS.

NMFS sends invoices to processors and registered buyers by January 15 of each calendar year. The total fee amount is determined by the sum of the fees

reported for each landing at that processor or registered buyer in the prior calendar year. Processors and registered buyers must pay the fees to NMFS using eFISH. Payments are due by February 15 of each year. Processors and registered buyers have access to this system through a User ID and password issued by NMFS. Instructions for electronic payment are provided on the NMFS Alaska Region website at <https://www.fisheries.noaa.gov/alaska/commercial-fishing/observer-fee-collection-and-payment-north-pacific-groundfish-and-halibut> and on the observer fee invoice to be mailed to each processor and registered buyer.

Standard Prices

This notification provides the standard ex-vessel prices for groundfish and halibut species subject to the observer fee in 2026. Data sources for ex-vessel prices include the following:

- For groundfish other than sablefish IFQ and sablefish accruing against the fixed gear sablefish CDQ reserve, the State of Alaska’s Commercial Fishery Entry Commission’s (CFEC) gross revenue data, which are based on the Commercial Operator Annual Report (COAR) and Alaska Department of Fish and Game (ADF&G) fish tickets; and
- For halibut IFQ, halibut CDQ, sablefish IFQ, and sablefish accruing against the fixed gear sablefish CDQ reserve, the IFQ Buyer Report that is submitted to NMFS annually by each registered buyer that operates as a shoreside processor and receives and purchases IFQ landings of sablefish and halibut or CDQ landings of halibut under § 679.51(7)(i).

The standard prices in this notification were calculated using the following procedures for protecting confidentiality of data submitted to or collected by NMFS. NMFS does not publish any price information that would permit the identification of an individual or business. For NMFS to publish a standard price for a particular species-gear-port combination, the price data used to calculate the standard price must represent landings from at least four different vessels delivered to at least three different processors in a port or port group. NMFS has aggregated price data that are confidential because fewer than four vessels or three processors contributed data to a particular species-gear-port combination.

Groundfish Standard Ex-Vessel Prices

Table 1 shows the groundfish species standard ex-vessel prices that will be used to calculate the fee for 2026. These prices are based on the CFEC gross

revenue data, which are based on landings data from ADF&G fish tickets and information from the COAR. The COAR contains statewide buying and production information and is considered the most complete routinely collected information to determine the ex-vessel value of groundfish harvested from waters off Alaska.

The standard ex-vessel prices for groundfish were calculated by adding ex-vessel value from the CFEC gross revenue files for 2022, 2023, and 2024 by species, port, and gear category, and adding the volume (round weight equivalent) from the CFEC gross revenue files for 2022, 2023, and 2024 by species, port, and gear category, and then dividing total ex-vessel value over the 3-year period in each category by total volume over the 3-year period in each category. This calculation results in an average ex-vessel price per pound by species, port, and gear category for the 3-year period. Three gear categories were used for the standard ex-vessel prices: (1) non-trawl gear, including hook-and-line, pot, jig, troll, and others (Non-Trawl); (2) non-pelagic trawl gear (NPT); and (3) pelagic trawl gear (PTR).

CFEC ex-vessel value and volume data are available in the fall of the year following the year the fishing occurred. Thus, it is not possible to base ex-vessel

fee liabilities on standard prices that are less than 2 years old. For the 2026 groundfish standard ex-vessel prices, the most recent ex-vessel value and volume data available are from 2024.

If a particular groundfish species is not listed in table 1, the standard ex-vessel price for a species group (if it exists in the management area) will be used. If price data for a particular species remained confidential once aggregated to the outside of Alaska (ALL) level, data are aggregated by species group (Flathead Sole; GOA Deep-water Flatfish; GOA Shallow-water Flatfish; GOA Skate, Other; and Other Rockfish). Standard prices for the groundfish species groups are shown in table 2.

If a port-level price does not meet the confidentiality requirements, the data are aggregated by port group. Port-group data for Southeast Alaska (SEAK) and the Eastern GOA excluding Southeast Alaska (EGOAxSE) also are presented separately when price data are available. Port-group data are aggregated by regulatory area in the GOA (Eastern GOA, Central GOA, and Western GOA) and by subarea in the BSAI (BS subarea and AI subarea). If confidentiality requirements are still not met by aggregating prices across ports at these levels, the prices are aggregated at the

level of BSAI or GOA, then statewide (AK) and ports outside of Alaska (OTAK), and finally all ports, including those outside of Alaska (ALL).

Standard prices are presented separately for non-pelagic trawl and pelagic trawl when non-confidential data are available. NMFS also calculated prices for a "Pelagic Trawl/Non-pelagic Trawl Combined" (PTR/NPT) category that can be used when combining trawl price data for landings of a species in a particular port or port group will not violate confidentiality requirements. Creating this standard price category allows NMFS to assess a fee on 2026 landings of some of the species with pelagic trawl gear based on a combined trawl gear price for the port or port group. If confidentiality requirements are still not met with the PTR/NPT category, fixed and trawl gear prices are combined for an all-gear price.

If no standard ex-vessel price is listed for a species or species group and gear category combination in table 1, table 2, or table 3, no fee will be assessed on that landing. Volume and value data for that species will be added to the standard ex-vessel prices in future years, if the data become available and display of a standard ex-vessel price meets confidentiality requirements.

--- = no landings in last 3 years or the data is confidential.

¹ If species is not listed, use price for the species group in table 2 if it exists in the management area. If no price is available for the species or species group in table 1, table 2, or table 3, no fee will be assessed on that landing. That species will come into standard ex-vessel prices in future years.

² For species codes, see table 2a to 50 CFR part 679.

³ Regulatory and management areas are defined at § 679.2. (AI = Aleutian Islands subarea; AK = Alaska; ALL = all ports including those outside Alaska; BS = Bering Sea subarea; BSAI = Bering Sea/Aleutian Islands; CGOA = Central Gulf of Alaska; EGOA = Eastern Gulf of Alaska; EGOAxSE = Eastern Gulf of Alaska except Southeast Alaska; GOA = Gulf of Alaska; SEAK = Southeast Alaska; WGOA = Western Gulf of Alaska).

⁴ If a price is listed for the species, port, and gear type combination, that price will be applied to the round weight equivalent for groundfish landings. If no price is listed for the port and gear type combination, use port group and gear type combination, or see table 2 or table 3.

⁵ n/a = ex-vessel prices for sablefish landed with hook-and-line, pot, or jig gear are listed in table 3 with the prices for IFQ and CDQ landings.

---- = no landings in last 3 years or the data is confidential.

¹ If groundfish species is not listed in table 1, use price for the species group if it exists in the management area. If no price is available for the species or species group in table 1, table 2, or table 3, no fee will be assessed on that landing. That species will come into standard ex-vessel prices in future years.

² Regulatory and management areas are defined at § 679.2. (AI = Aleutian Islands subarea; AK = Alaska; BS = Bering Sea subarea; CGOA = Central Gulf of Alaska; EGOA = Eastern Gulf of Alaska; EGOAxSE = Eastern Gulf of Alaska except Southeast Alaska; GOA = Gulf of Alaska; SEAK = Southeast Alaska).

³ If a price is listed for the species, port, and gear type combination, that price will be applied to the round weight equivalent for groundfish landings. If no price is listed for the port and gear type combination, use port group and gear type combination.

⁴ "BSAI Skate and GOA Stake, Other" means all skates with the exception of *Raja binoculata* (Big), *R. rhina* (Longnose), *Bathyraja aleutica* (Aleutian) and *B. parmifera* (Alaska).

⁵ "Flathead sole" includes *Hippoglossoides elassodon* (flathead sole) and *H. robustus* (Bering flounder).

⁶ "Deep-water flatfish" in the GOA means Dover sole, Greenland turbot, Kamchatka flounder, and deepsea sole.

⁷ "Shallow-water flatfish" in the GOA means flatfish not including "deep-water flatfish", flathead sole, rex sole, or arrowtooth flounder.

⁸ In the GOA:

"Other rockfish (slope rockfish)" means *Sebastes aurora* (aurora), *S. melanostomus* (blackgill), *S. paucispinis* (bocaccio), *S. goodei* (chilipepper), *S. crameri* (darkblotch), *S. elongatus* (greenstriped), *S. variegatus* (harlequin), *S. wilsoni* (pygmy), *S. babcocki* (redbanded), *S. prorogus* (redstripe), *S. zacentrus* (sharpchin), *S. jordani* (shortbelly), *S. brevispinis* (silvergray), *S. diploproa* (splitnose), *S. saxicola* (stripetail), *S. miniatus* (vermillion), *S. reedi* (yellowmouth), *S. entomelas* (widow), and *S. flavidus* (yellowtail).

"Demersal shelf rockfish" means *Sebastes pinniger* (canary), *S. nebulosus* (china), *S. caurinus* (copper), *S. maliger* (quillback), *S. helvomaculatus* (rosethorn), *S. nigrocinctus* (tiger), and *S. ruberrimus* (yelloweye).

"Other rockfish" in the Western and Central Regulatory Areas means "other rockfish (slope rockfish)" and demersal shelf rockfish.

"Other rockfish" in the West Yakutat District of the EGOA means "other rockfish (slope rockfish)," northern rockfish, *S. polyspinous*, and demersal shelf rockfish.

"Other rockfish" in the SEO District of the GOA (and SEAK for Table 2) means "other rockfish (slope rockfish) and northern rockfish, *S. polyspinous*."

⁹ "Other rockfish" in the BSAI includes all *Sebastes* and *Sebastes* species except for Pacific ocean perch, northern, shortraker, and rougheye rockfish.

Halibut and Sablefish IFQ and CDQ Standard Ex-Vessel Prices

Table 3 shows the observer fee standard ex-vessel prices for halibut and sablefish. These standard prices are calculated as a single annual average price, by species and port or port group. Volume and ex-vessel value data collected on the 2025 IFQ Buyer Report for landings made from October 15, 2024 through September 30, 2025 were used to calculate the standard ex-vessel prices for the 2026 observer fee for halibut IFQ, halibut CDQ, sablefish IFQ, and sablefish landings that accrue against the fixed gear sablefish CDQ reserve.

TABLE 3—STANDARD EX-VESSEL PRICES FOR HALIBUT IFQ, HALIBUT CDQ, SABLEFISH IFQ, AND SABLEFISH ACCRUING AGAINST THE FIXED GEAR SABLEFISH CDQ RESERVE FOR THE 2026 OBSERVER FEE

[Based on 2025 IFQ Buyer Reports]

¹ Regulatory and management areas are defined at § 679.2. (AK = Alaska; ALL = all ports including those outside Alaska; BS = Bering Sea subarea; CGOA = Central Gulf of Alaska; EGOAxSE = Eastern Gulf of Alaska except Southeast Alaska; SEAK = Southeast Alaska; WGOA = Western Gulf of Alaska).

² If a price is listed for the species and port combination, that price will be applied to the round weight equivalent for sablefish landings and the headed and gutted weight equivalent for halibut landings. If no price is listed for the port, use port group.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 23, 2025.

Peter Cooper,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[FR Doc. 2025–24012 Filed 12–29–25; 8:45 am]

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648–XF400]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council (Pacific Council) will host an online meeting of the Area 2A Pacific halibut governmental management entities that is open to the public.

DATES: The online meeting will be held Monday, January 12, 2026, from 11 a.m. until 12:30 p.m. Pacific Time, or until business for the day has been completed.

ADDRESSES: This meeting will be held online. Specific meeting information, including directions on how to join the

meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org) or contact him at (503) 820–2412 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Ms. Angela Forristall, Staff Officer, Pacific Council; telephone: 503–820–2419.

SUPPLEMENTARY INFORMATION: The primary purpose of the online meeting is to prepare and develop recommendations for the 2026 International Pacific Halibut Commission's (IPHC) annual meeting held in Bellevue, Washington from January 19 through January 22, 2026. Recommendations generated from the 2A managers' meeting will be communicated to the IPHC by the Pacific Council's representatives. Attendees may also address other topics relating to Pacific halibut management.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org; (503) 820–2412) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: December 22, 2025.

Anna Michelle Harrison,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Alaska License Limitation Program for Groundfish, Crab, and Scallops

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Information Collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before March 2, 2026.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at NOAA.PRA@noaa.gov. Please reference OMB Control Number 0648–0334 in the subject line of your comments. All comments received are part of the public record and will generally be posted on <https://www.regulations.gov> without change. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Allyson Olds, Technical Editor, Alaska Region Sustainable Fisheries Division, P.O. Box 21668, Juneau, AK 99801, 907–586–7228, allyson.olds@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This is a request for renewal of an approved information collection. The collection is sponsored by the National Marine Fisheries Service (NMFS), Alaska Regional Office (AKR) and is authorized under the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act) 16 U.S.C.
