

et seq.), an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The ICR documentation will be available at <https://www.reginfo.gov> upon its submission to OMB. Therefore, in preparation for OMB review and approval of the following information collection, TSA is soliciting comments to—

(1) Evaluate whether the proposed information requirement is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of the agency's estimate of the burden;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Information Collection Requirement

Title: Pipeline Corporate Security Reviews and TSA Security Directive Pipeline–2021–02 series.

Type of Request: Revision of a currently approved collection.

OMB Control Number: 1652–0056.

Form(s): Pipeline CSR Protocol Form and documents submitted to TSA pursuant to the requirements in the Security Directive.

Affected Public: Hazardous Liquids and Natural Gas Pipeline Industry.

Abstract: Under the Aviation and Transportation Security Act¹ and delegated authority from the Secretary of Homeland Security, TSA has broad responsibility and authority for “security in all modes of transportation . . . including security responsibilities . . . over modes of transportation that are exercised by the Department of Transportation.”² TSA is specifically empowered to assess threats to

transportation;³ develop policies, strategies, and plans for dealing with threats to transportation;⁴ oversee the implementation and adequacy of security measures at transportation facilities;⁵ and carry out other appropriate duties relating to transportation security.⁶ The Implementing Recommendations of the 9/11 Commission Act of 2007 included a specific requirement for TSA to conduct assessments of critical pipeline facilities.⁷

Establishing Compliance With Voluntary Pipeline CSR Program Information Collection Requirements

TSA has historically assessed industry security practices through its Pipeline CSR program.⁸ Pipeline CSRs are voluntary, face-to-face visits, usually at the headquarters facility of the pipeline Owner/Operator. TSA has developed a Question Set to aid in the conducting of CSRs. The CSR Question Set structures the TSA and pipeline Owner/Operator discussion and is the central data source for the physical security information TSA collects.

Establishing Compliance With Mandatory Requirements in the TSA SD Pipeline–2021–02 Series; Information Collection Requirements

While the CSR collection supports physical security plans and processes, TSA issued the SD Pipeline–2021–02 series with mandatory requirements in order to mitigate specific cybersecurity concerns posed by current threats to national security. Pipeline Owner/Operators designated by TSA as critical must:

- Submit a Cybersecurity Implementation Plan to TSA for approval (there is no designated form or format). Once approved by TSA, pipeline Owner/Operators must implement and maintain all measures. Owner/Operators must submit changes to their Cybersecurity Implementation Plan for approval in accordance with the instructions in the SD.

- Develop and maintain an up-to-date Cybersecurity Incident Response Plan for their designated critical cyber systems to reduce the risk of operational disruption, or the risk of other significant impacts on business critical functions. Owner/operators must test the effectiveness of the Cybersecurity

Incident Response Plan no less than annually.

- Submit a Cybersecurity Assessment Plan on an annual basis to TSA for approval (there is no designated form or format).

- Maintain records that establish compliance with the SD Pipeline–2021–02 series and make them available to TSA upon request for inspection and/or copying.

Submissions by pipeline owner/operators in compliance with the voluntary PCSR or the mandatory SD Pipeline–2021–02 series requirements are deemed Sensitive Security Information (SSI) and are protected in accordance with procedures meeting the transmission, handling, and storage requirements of SSI in 49 CFR part 1520.

Revision of the Collection

TSA is revising the title of the collection from “Pipeline Corporate Security Reviews and Security Directives” to “Pipeline Corporate Security Reviews and TSA Security Directive Pipeline–2021–02 series.” This title more accurately reflects the specific TSA SD associated with this collection. TSA is seeking renewal of this information collection for the maximum 3-year approval period.

Estimated Annual Number of Respondents: 100.

Estimated Annual Burden Hours: 80,231.

Dated: December 30, 2025.

BILLING CODE 9110–05–P

DEPARTMENT OF THE INTERIOR

Geological Survey

[Docket No. USGS–2025–0105; OMB Control Number 1028–0132; GX19ZQ00G402A00]

Agency Information Collection Activities; ShakeAlert

AGENCY: U.S. Geological Survey, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act (PRA) of 1995, the U.S. Geological Survey (USGS) is proposing an extension to an existing information collection for approval by the Office of Management and Budget (OMB).

¹ Public Law 107–71 (115 Stat. 597; Nov. 19, 2001), codified at 49 U.S.C. 114.

² See 49 U.S.C. 114(d). The TSA Administrator's current authorities under the Aviation and Transportation Security Act have been delegated to him by the Secretary of Homeland Security. Section 403(2) of the Homeland Security Act of 2002, Public Law 107–296 (116 Stat. 2135, Nov. 25, 2002), transferred all functions of TSA, including those of the Secretary of Transportation and the Under Secretary of Transportation of Security related to TSA, to the Secretary of Homeland Security. Pursuant to DHS Delegation Number 7060.2, the Secretary delegated to the Administrator of TSA, subject to the Secretary's guidance and control, the authority vested in the Secretary with respect to TSA, including that in section 403(2) of the Homeland Security Act.

³ 49 U.S.C. 114(f)(2).

⁴ 49 U.S.C. 114(f)(3).

⁵ 49 U.S.C. 114(f)(11).

⁶ 49 U.S.C. 114(f)(15).

⁷ See section 1557 of Public Law 110–53 (121 Stat. 266, Aug. 3, 2007) as codified at 6 U.S.C. 1207.

⁸ See section 1557 of Public Law 110–53 (121 Stat. 266; Aug. 3, 2007) as codified at 6 U.S.C. 1207.

DATES: Interested persons are invited to submit comments on or before February 2, 2026.

ADDRESSES: You may submit comments by one of the following methods:

- *Internet:* <https://www.regulations.gov>. Search for and submit comments on Docket No. USGS–2025–0105.

■ *U.S. Mail:* USGS, Information Collections Clearance Officer, 12201 Sunrise Valley Drive, MS 159, Reston, VA 20192.

You may view this information collection request (ICR) at <http://www.reginfo.gov/public/do/PRAMain>.

FOR FURTHER INFORMATION CONTACT: Robert M. de Groot by email at rdegroot@usgs.gov or by telephone at 626–583–7225. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the PRA of 1995 (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on September 29, 2025 (90 FR 46629). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comments addressing the following:

(1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used.

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How the agency might minimize the burden of the collection of information on those who are to respond, including using appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: This information is being collected for the purposes of understanding (1) the continued feasibility of ShakeAlert-powered alerts through the wireless emergency alerts via the Integrated Public Alerts and Warning System (IPAWS) managed by the Federal Emergency Management Agency, and (2) the latency of transmissions in California, Oregon, and Washington. This collection is critical to determine technological latencies of ShakeAlert notifications through IPAWS. Better understanding is required to know how much time people will have to take protective action once they receive an alert. Further, knowledge of where the latencies exist, and why, can help us improve and streamline our systems. This involves live testing of the system with a population reporting back to us.

Title of Collection: ShakeAlert.

OMB Control Number: 1028–0132.

Form Number: None.

Type of Review: Extension of a currently approved OMB control number.

Respondents/Affected Public: Individual households.

Total Estimated Number of Annual Respondents: 1,000.

Total Estimated Number of Annual Responses: 1,000.

Estimated Completion Time per Response: 7 minutes.

Total Estimated Number of Annual Burden Hours: 117.

Respondent's Obligation: Voluntary.

Frequency of Collection: Bi-annually.

Total Estimated Annual Non-Hour Burden Cost: None.

An agency may not conduct or sponsor, nor is a person required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

James Mitchell,

Patent and Licensing Mgr., Office of Policy and Analysis.

BILLING CODE P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–636 and 731–TA–1470 (Review)]

Wood Mouldings and Millwork Products From China; Institution of Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted reviews pursuant to the Tariff Act of 1930, as amended, to determine whether revocation of the countervailing and antidumping duty orders on wood mouldings and millwork products from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted January 2, 2026. To be assured of consideration, the deadline for responses is February 2, 2026. Comments on the adequacy of responses may be filed with the Commission by March 16, 2026.

FOR FURTHER INFORMATION CONTACT: Alexis Yim (202–708–1446), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.
