

NGA,<sup>1</sup> any person<sup>2</sup> or the Commission's staff may file a protest to the request. If no protest is filed within the time allowed or if a protest is filed and then withdrawn within 30 days after the allowed time for filing a protest, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request for authorization will be considered by the Commission.

Protests must comply with the requirements specified in section 157.205(e) of the Commission's regulations,<sup>3</sup> and must be submitted by the protest deadline, which is 5:00 p.m. Eastern Time on February 27, 2026. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

#### Interventions

Any person has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure<sup>4</sup> and the regulations under the NGA<sup>5</sup> by the intervention deadline for the project, which is 5:00 p.m. Eastern Time on February 27, 2026. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

All timely, unopposed motions to intervene are automatically granted by operation of Rule 214(c)(1). Motions to intervene that are filed after the intervention deadline are untimely and may be denied. Any late-filed motion to intervene must show good cause for

being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations. A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

#### Comments

Any person wishing to comment on the project may do so. The Commission considers all comments received about the project in determining the appropriate action to be taken. To ensure that your comments are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on February 27, 2026. The filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding.

#### How To File Protests, Interventions, and Comments

There are two ways to submit protests, motions to intervene, and comments. In both instances, please reference the Project docket number CP26–50–000 in your submission.

(1) You may file your protest, motion to intervene, and comments by using the Commission's eFiling feature, which is located on the Commission's website ([www.ferc.gov](http://www.ferc.gov)) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Protest", "Intervention", or "Comment on a Filing"; or<sup>6</sup>

(2) You can file a paper copy of your submission by mailing it to the address below. Your submission must reference the Project docket number CP26–50–000.

*To file via USPS:* Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

*To file via any other method:* Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of submissions (option

1 above) and has eFiling staff available to assist you at (202) 502–8258 or [FercOnlineSupport@ferc.gov](mailto:FercOnlineSupport@ferc.gov).

Protests and motions to intervene must be served on the applicant either by mail at: LaShawndra R. Proctor, Manager, Project Authorizations, Columbia Gas Transmission, LLC, 700 Louisiana Street, Suite 1300, Houston, Texas 77002–2700 or by email (with a link to the document) at [Lashawndra\\_proctor@tcenergy.com](mailto:Lashawndra_proctor@tcenergy.com). Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online.

#### Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502–6595 or on the FERC website at [www.ferc.gov](http://www.ferc.gov) using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to [www.ferc.gov/docs-filing/esubscription.asp](http://www.ferc.gov/docs-filing/esubscription.asp).

## ENVIRONMENTAL PROTECTION AGENCY

### Local Government Advisory Committee (LGAC): Notice of Charter Renewal and Request for Member Nominations

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the Environmental Protection Agency (EPA) has determined that, in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C. 10, the Local Government Advisory Committee (LGAC) is in the public interest and supports the EPA in performing its duties and responsibilities under federal environmental statutes. Accordingly, the LGAC's charter will be renewed for an additional two-year period. The LGAC is an independent, policy-oriented advisory committee of elected and appointed government officials. The Committee provides policy advice and recommendations to the EPA Administrator to assist the agency in ensuring that its regulations, policies, guidance, and technical assistance both support and improve the capacity of local governments to implement and carry out programs. With the renewal of its charter, the LGAC is requesting nominations for membership to its Small Communities Advisory Subcommittee. More information is detailed below. The renewed LGAC charter can be found at <https://www.epa.gov/ocir/local-government-advisory-committee-lgac>. The LGAC is chartered under the Federal Advisory Committee Act (FACA), Public Law 92-463, to advise the EPA Administrator on environmental issues impacting local governments. In addition, EPA invites nominations from a range of qualified candidates to be considered for

appointment to The Small Communities Advisory Subcommittee (SCAS), a standing subcommittee of the LGAC, which was established to advise the Administrator on environmental issues of concern to the residents of smaller communities. Qualified nominees for the SCAS must hold elected positions with local, tribal, state, or territorial governments, or serve in a full-time government position appointed by an elected official. For more information, including recent meeting summaries and recommendations, visit: <https://www.epa.gov/ocir/local-government-advisory-committee-lgac>.

**DATES:** To be considered for 2026 appointments, nominations should be submitted by January 15, 2026.

*How to Apply:* Applications for consideration for the SCAS must be submitted electronically to [LGAC@epa.gov](mailto:LGAC@epa.gov) with a subject heading of SCAS 2026 NOMINATION.

**FOR FURTHER INFORMATION CONTACT:** Edlynzia Barnes, the SCAS Designated Federal Officer at [LGAC@epa.gov](mailto:LGAC@epa.gov).

#### SUPPLEMENTARY INFORMATION:

*Qualifications:* Appointed members to the SCAS will advise on the Administrator's Powering the Great American Comeback Initiative, contributing recommendations to EPA programs to align with the Initiative's Five Pillars:

- *Pillar 1:* Clean Air, Land, and Water for Every American,
- *Pillar 2:* Restore American Energy Dominance,
- *Pillar 3:* Permitting Reform, Cooperative Federalism, and Cross-Agency Partnership,
- *Pillar 4:* Make the United States the Artificial Intelligence Capital of the World, and
- *Pillar 5:* Protecting and Bringing Back American Auto Jobs

Viable candidates must be current elected officials representing local, state, tribal, or territorial governments. Officials working full-time for a local, state, tribal, or territorial government who have been appointed directly by an elected official will also be considered. Preference will be given to qualified candidates who demonstrate experience developing and implementing environmental programs consistent with the five Pillars listed above. Additional criteria to be considered may include experience with multi-sector partnerships; coalition-building; and involvement and leadership in national, state or regional intergovernmental associations.

*Time Commitment:* New members are appointed for a minimum 1-year term and are eligible for reappointment to

serve for a total of up to 6 years. In 2026, the SCAS plans to hold three to four public meetings, to be held either virtually or in-person with online participation options.

In addition to public meetings, workgroups will be created to address the five Pillars noted above, as well as any emerging issues. Members will be encouraged to serve on one or more workgroups, where they will be asked to share their experiences working on an issue, recommend experts on an issue for the Subcommittee to consult with, debate the nuances of policy implementation, and review written recommendations before they are shared with the full Subcommittee. In total, applicants should plan to spend an average of three two hours per month on Subcommittee work. While EPA is unable to provide compensation for services, official Committee travel and related expenses (lodging, etc.) will be fully reimbursed.

*Nominations:* Nominations must be submitted in electronic format. To be considered, all nominations should submit the following materials via email to [LGAC@epa.gov](mailto:LGAC@epa.gov).

- Current contact information for the applicant/nominee, including name, organization (and position within that organization), current work address, email address, and daytime telephone number,
- Brief statement describing the nominee's interest in serving on the SCAS,
- Resume and/or short biography (no more than 2 pages) describing professional, educational, and other pertinent qualifications of the nominee, including a list of relevant activities as well as any current or previous service on advisory committees; and,
- Any letter(s) of recommendation from a third party (or parties) supporting the nomination. Letter(s) should describe how the nominee's experience and knowledge will bring value to the work of the SCAS.

December 29, 2025.
