

requirements of the DFARS 252.239–7010 clause of the contract.

d. The clause at DFARS 252.239–7010, Cloud Computing Services, requires reporting of cyber incidents that occur when DoD is purchasing cloud computing services.

These DFARS provisions and clauses facilitate mandatory cyber incident reporting requirements in accordance with statutory regulations. When reports are submitted, DoD will analyze the reported information for cyber threats and vulnerabilities in order to develop response measures as well as improve U.S. Government understanding of advanced cyber threat activity. In addition, the security requirements in NIST SP 800–171 are specifically tailored for use in protecting sensitive information residing in contractor information systems and generally reduce the burden placed on contractors by eliminating Federal-centric processes and requirements. The information provided will inform DoD in assessing the overall risk to DoD covered defense information on unclassified contractor systems and networks.

Comments and recommendations on the proposed information collection should be sent to Ms. Susan Minson, DoD Desk Officer, at *Oira_submission@omb.eop.gov*. Please identify the proposed information collection by DoD Desk Officer and the Docket ID number and title of the information collection.
