**States’ Decisions on Participating in Accounting and Auditing Relief for Federal Oil and Gas Marginal Properties**

**AGENCY:** Office of Natural Resources Revenue, Interior.

**ACTION:** Notice.

**SUMMARY:** The Office of Natural Resources Revenue’s (ONRR) regulations provide two types of accounting and auditing relief for Federal oil and gas production from marginal properties: the cumulative royalty reports and payments relief option, which allows a lessee or designee to submit one royalty report and payment for the calendar year’s production; and other requested relief, which allows a lessee or designee to request any type of accounting and auditing relief that is appropriate for production from the marginal property and meets certain requirements. By October 1 of each calendar year, ONRR provides a list of qualifying marginal Federal oil and gas properties to the States receiving a portion of Federal royalties from those properties. Each State then decides whether to participate in neither, one, or both relief options. This notice provides the public each State’s decision on whether to participate in marginal property relief.

**DATES:** January 1, 2026.

**FOR FURTHER INFORMATION CONTACT:** Mr. Robert Sudar, Market & Spatial Analytics, ONRR, at (303) 231–3511; or by email to [Robert.Sudar@onrr.gov](mailto:Robert.Sudar@onrr.gov).

**SUPPLEMENTARY INFORMATION:** Pursuant to the Federal Oil and Gas Royalty Management Act, at 30 U.S.C. 1726, and 30 CFR part 1204, subpart C, ONRR and States can relieve the lessee of a marginal Federal oil and gas property from certain reporting, accounting, and auditing requirements. ONRR’s rules under 30 CFR 1204.202 and 1204.203 authorize two relief options: (1) cumulative royalty reports and payments relief option, which allows a lessee or designee to submit one royalty report and payment during a calendar year; and (2) other requested relief, which allows a lessee or designee to request any type of appropriate marginal

property accounting and auditing relief that meets the requirements under § 1204.5 and is not prohibited under § 1204.204.

To qualify for the first relief option, the cumulative royalty reports and payments relief option, properties must produce less than 1,000 barrels-of-oil-equivalent (BOE) per year for the base period (July 1, 2024, through June 30, 2025). Annual reporting relief will begin January 1, 2026, with the annual report and payment due February 28, 2027. If a lessee has an estimated payment on file, the payment due date is March 31, 2027. To qualify for the second relief option, the other requested relief option, the combined equivalent production of the marginal properties during the base period must equal an average daily well production of less than 15 BOE per well per day, as calculated under 30 CFR 1204.4(c).

Each State makes an annual determination as to whether it will participate in neither, one, or both relief options. This notice fulfills the requirement in 30 CFR 1204.208(f) to publish a notice of the State’s “intent to allow or not allow certain relief options . . . in the **Federal Register** no later than 30 days before the beginning of the applicable calendar year.”

The following table shows the States with qualifying marginal properties and those States’ decisions on whether to participate in neither, one, or both relief options for calendar year 2026. An “N/A” means that no properties within the State met that condition for that type of relief:

State	Cumulative royalty report and payment relief (less than 1,000 BOE per year)	Other accounting and auditing relief (less than 15 BOE per well per day)
Alabama .....	No	No
Arkansas .....	N/A	No
California .....	No	No
Colorado .....	No	No

Utah .....	No	No

State	Cumulative royalty report and payment relief (less than 1,000 BOE per year)	Other accounting and auditing relief (less than 15 BOE per well per day)

Pursuant to 30 U.S.C. 1726(c), a Federal oil and gas property located in a State where ONRR does not share a portion of Federal royalties with that State (that is, for 2026, a State not listed in the table above) is eligible for relief if it qualifies as a marginal property. For more information on how to obtain relief, please refer to 30 CFR 1204.205.
