SUPPLEMENTARY INFORMATION:

Title: Contract Pilot and Aircraft Acceptance.

OMB Control Number: 0579–0298.

Type of Request: Revision to and Extension of approval of an information collection.

Abstract: The Plant Protection Act (7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture, either independently or in cooperation with States, to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests and noxious weeds that are new to or not widely distributed within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS).

As part of this mission, APHIS' Plant Protection and Quarantine (PPQ) program responds to introductions of plant pests with eradication, suppression, or containment through various programs in cooperation with State departments of agriculture and other government agencies. These programs may include the aerial application of treatments to control plant pests.

APHIS contracts for these services, and prior to any aerial applications, requests certain information from the contractors and/or contract pilots to ensure that the work will be done according to specifications. Among other things, APHIS asks to see the aircraft registration, the aircraft's airworthiness certificate, the pilot's license, the pilot's medical certification, the pilot's proof of flight review, the pilot's pesticide applicator's license, and the aircraft logbook. Information

from these documents and aircraft inspection results are consolidated by APHIS for signature by the APHIS official and the contractor or contract pilot, indicating acceptance of the pilot and aircraft for the job.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years. APHIS has amended this information collection by decreasing the number of Respondents reporting; however, the number of Responses and Total Burden Hours reported for the collection has increased.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.259 hours per response.

Respondents: Contractors and/or contract pilots of aircraft.

Estimated annual number of respondents: 8.

Estimated annual number of responses per respondent: 4.

Estimated annual number of responses: 32.

Estimated total annual burden on respondents: 8 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 5th day of January 2026.

Michael Watson,

Administrator, Animal and Plant Health Inspection Service.

SUPPLEMENTARY INFORMATION:

Title: Animal Welfare.

OMB Control Number: 0579-0036.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Welfare Act (AWA, 7 U.S.C. 2131 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to ensure the humane treatment of animals covered by the Animal Welfare Act, provide national leadership on the safety and well-being of pets and other animals during disasters, and to promulgate standards and other requirements governing the humane handling, care, treatment, and transportation of certain animals by dealers, exhibitors, operators of auction sales, research facilities, carriers and intermediate handlers. The Secretary has delegated responsibility for administering the AWA to the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS), Animal Care.

Definitions, regulations, and standards established under the AWA are contained in 9 CFR parts 1, 2, and 3 (referred to below as the regulations). Part 1 contains definitions for terms used in parts 2 and 3. Part 2 provides administrative requirements and sets forth institutional responsibilities for regulated parties, including licensing requirements for dealers, exhibitors, and operators of auction sales. Part 3 provides standards for humane handling, care, treatment, and transportation of covered animals, and consists of subparts which contain specific standards for animals covered under the AWA.

Administering the AWA requires the use of several information collection activities such as license applications, registration applications and updates; annual reports; acknowledgement of regulations and standards; inspections; requests; notifications; plans; written program of veterinary care and health records; itineraries; applications and permits; records of acquisition, disposition, or transport of animals; official identification; variances;

protocols; health certificates; complaints; marking requirements; and recordkeeping.

These information collection activity requirements include activities merged in from information collection 0579-0486; Animal Care; Standards for Birds Not Bred for Use in Research Under the Animal Welfare Act.

The information collection requirements above represent Office of Management and Budget (OMB) Control Number 0579-0036, Animal Welfare, and OMB Control Number 0579-0486, Animal Care; Standards for Birds Not Bred for Use in Research Under the Animal Welfare Act. Once OMB approves this combined information collection package (0579-0036), APHIS will retire OMB Control Number 0579-0486.

We are asking the OMB to approve our use of these information collection activities for an additional 3 years. APHIS has amended this collection in the following ways:

- APHIS included the activities under 9 CFR 2.31, 2.33, 2.35, 2.36 and 2.40 with merging the activities from information collection and OMB Control Number 0579-0486, Animal Care; Standards for Birds Not Bred for Use in Research Under the Animal Welfare Act.

- With the merging of information collection 0579-0486 the number of respondents and responses have increased.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.232 hours per response.

Respondents: Individuals or households; businesses or other for-profit entities; not-for-profit institutions;
