**Abstract:** Reclamation collects bureau-wide recreation and concession information to fulfill congressional reporting requirements pursuant to current public laws, including the Federal Water Project Recreation Act (16 U.S.C. 460I), and the Federal Lands Recreation Enhancement Act (16 U.S.C. 87). In addition, collected information will permit relevant program assessments of resources managed by Reclamation, its recreation managing partners, and/or concessionaires for the purpose of contributing to the implementation of Reclamation's mission.

Specifically, the collected information enables Reclamation to (1) evaluate the effectiveness of program management based on existing recreation and concessionaire resources and facilities, and (2) validate the efficiency of resources for public use within partner managed recreation resources, located on Reclamation project lands in the 17 Western States. In addition to using an on-line data collection platform, we have streamlined the form used in this ICR by removing two sections that can be collected and maintained by

Reclamation employees which lessens the public burden.

**Title of Collection:** Recreation Use Data Report.

**OMB Control Number:** 1006-0002.  
**Form Number:** Web-based Form 7-2534—Recreation Use Data Report.

**Total Estimated Number of Annual Responses:** 212.

**Estimated Completion Time per Response:** 25 minutes.

**Total Estimated Number of Annual Burden Hours:** 88 hours.

**Respondent's Obligation:** Mandatory.

**Frequency of Collection:** Annually.  
**Total Estimated Annual Nonhour Burden Cost:** 0.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq).
