

or assess the applicant's qualifications, and to contact the applicant to arrange an interview. The FR 28a can be completed either online in two parts (the Initial Application portion and, if selected for an interview, the Interview Selection portion) or in its entirety as a PDF. The FR 28s (Applicant's Voluntary Self-Identification) is used for equal employment opportunity recordkeeping, reporting, and self-evaluation of hiring practices. The FR 28i (Research Assistant Application) is a supplement to the FR 28a and is used to collect contact information for an application for employment as a Research Assistant (RA), including to help match an RA candidate's interests with the different research areas at the Board and determine the applicants' data analysis and programming experience. The FR 28c (Pre-Hire Conflict of Interest Screening Form) is used to ensure advance knowledge of a prospective employee's potential conflicts of interest.

Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

Collection title: Intermittent Survey of Businesses.

Collection identifier: FR 1374.

OMB control number: 7100-0302.

General description of collection: The FR 1374 survey data are used to gather information to enable the Federal Reserve System to carry out its policy and operational responsibilities. Under the guidance of the Board, Reserve Banks survey business contacts as economic developments warrant. Usually, these voluntary surveys are conducted using an online survey tool, such as Qualtrics, to collect responses by purchasing managers, economists, or other knowledgeable individuals at selected, relevant businesses and occasionally state and local governments. Occasionally, the survey will be conducted via telephone or email as needed. The frequency and content of the questions, as well as the entities contacted, vary depending on

developments in the economy. These surveys are conducted to provide Board members and Reserve Bank presidents real-time insights into economic conditions. The Board tailors these survey questions to match current concerns and interests, but they are not meant to supplant the more rigorous, existing economic reporting. The Board collects aggregate responses from the Reserve Banks and then distributes the information to Board members and Reserve Bank presidents.

Frequency: Annual, but it may be conducted up to three times a year depending on developments in the economy.

Respondents: Businesses, and as warranted by economic conditions, state and local governments.

Total estimated number of respondents: 1,500.

Total estimated annual burden hours: 1,125.

Current actions: On July 16, 2025, the Board published a notice in the **Federal Register** (90 FR 32008) requesting public comment for 60 days on the extension, without revision, of the FR 1374. The comment period for this notice expired on September 15, 2025. The Board did not receive any comments.
